forcement-Wets Want Local Option. Canadian Press Despatch. Toronto, Oct. 23.-Premier G.

Howard Ferguson said that he would await final returns before

making any announcement as to the government's policy. The vote in its various aspects would have to be the subject of discussion and consideration by the government, he said. He declined to say whether the government might make any discrimination between the country and the city in the handling of the liquor problem. Otherwise, it was pointed out, the country people would be in the position of forcing on city dwellers a system they did not want.

I. F. Hellmuth, president of the Moderation league, expressed the opinion that in the light of the result it seemed as if it were going to be
