Campbellton, N. B., Nov. 6, 1913.

LEGISLATION.

The session of the Provincial Leg-
islature will soon be upon us, and as
we are usually like the "cow's tail" a
little behind, it would not be amiss for
the council to get busy and have their
plans made, for any legislation which
they may require. There are certainly
many things required, and among
them two perhaps stand out very prom-
inently, these being: preparation for
the Town Hall, and the reconstruction
of the assessment of this town. Re-
garding the latter question the
Graphic some months ago spoke of the
changes required on this, and we
feel glad to know that at the recent
convention of N. B. Municipalities this
very subject was dealt with in a very
able paper, and was put before the
convention in the same manner as we
did before our readers. No one can
deny that our system of assessment is
very out of date, and will never be im-
proved until the Town appoints a resi-
dent assessor, who could overhaul the
system, and put it on a proper busi-
ness footing.

The present system is all right for
a small community of 500 persons, but
not for a town of our size, housing as
it does so many moneyed industries,
and bright with so many possibilities
of advancement. Now is the time to
think the matter over and get pre-
pared, not when the session is nearly
over, and have our requests handed in
the last day of the session.

REPRESENTATION

The Interprovincial Conference hav-
ing passed a resolution declining to
interfere in matters of Federal repre-
sentation it is now certain that when
re-distribution takes place New Brun-
swick will lose two members. Accord-
ing to an editorial published last week
in the St. John Globe, St. John stands
to lose one member and Victoria
would be effaced and one part of it
added to Carleton Co., and the Mad-
awaska end joined to Restigouche Co.
While the latter change has been pub-
lic rumor for some time, it is by no
means a settled conclusion. When the
government comes to consider the
large area of territory occupied by
Restigouche Co., with prospect of
great growth of population in the fu-
ture, other changes might be suggest-
ed. In fact, if the future be consid-
ered, none of the northern counties should
be disturbed. They are all growing
fast in population, while the southern

counties are losing or remaining at a
stand still in population. Restigouche
has doubled its population in twenty
years. If one can judge by the grow-
th of the towns of Campbellton and
Dalhousie, with the opening of the
country along the International, the
population of the county will double
before 1931. If so, we would then
have a population of about 35,000.
This is about the number required now
according to terms laid down at con-
ederation by which Quebec is to re-
main with 65 members for all time.
If you add to the expected population
of Restigouche Co. in 1931, the num-
ber that Madawaska will probably
have then, adding 10,000 of increase
during that time for Madawaska, a
member representing the joint coun-
ties would speak for a population of
at least 60,000.

It is clear to an impartial eye that
this would prove to be unfair. It is
true that the government is con-
fronted with a difficult task in this matter,
and their only course is to decide
what is in the best interests of all con-
cerned, looking into the future, judg-
ing from changes during recent years.

THE POLITICS OF IT.

The St. John Globe in an editorial
on the proposed C. P. R. - I. C. R.
agreement with regard to the mail
steamers says:

"The issue before the people in con-
nection with the mail service is a
political one in the largest sense of
the word. The interests of St. John,
threatened by a railway traffic agree-
ment that is regarded as highly dis-
criminationary, are not the only interests
involved. These might be considered
as purely local. There is the Inter-
colonial Railway, for which the gov-
ernment of the country stands sponsor,
and which is believed to face the
burden not only of a bad bargain but
of a bargain directly levelled against
one Canadian city and in the interests
of another. There is the question of
the good faith of politicians them-
selves, for it is difficult, if not impos-
sible, to reconcile what is being per-
mitted with their promise of no inter-
ference in the selection by the mail
steamers of their terminal port.
There is, further, the general interest
of all Canada in the mail service. The
port that could give the quickest des-
patch is not to be the port because
steamships have been influenced to
abandon it for another port. The po-
litics that is wanted in the considera-
tion of the issues involved in the dis-
pute is of that larger kind that knows
no interest but the general interest.
That is why Conservatives and Liber-
als are standing shoulder to shoulder
in St. John, and why personalities are
as unnecessary as they are undesir-
able."

CLOSED
Oak Hall store will be closed till
Saturday at 6 p.m.

CALL TO CHURCH.
On Monday evening Rev. T. P.
Drumm, B. D., moderated in an unani-
mous call from Tide Head congrega-
tions to the Rev. W. G. Firth, B. A.
It is understood Mr. Firth will accept
the call.

A LARGE STOCK OF BETTER CLOTHES AT OAK HALL'S Leading Clothing Store.

When we tell you we have the
largest stock of Men's and Boys'
Suits and Overcoats in this vicin-
ity, we are not laying our stress on
the number of Men's and Boys'
Suits and Overcoats we carry, its
the largest stock in point of Nov-
elty, Distinction, Value, Style and
Prices too.

No one will show you
quite as many new patterns.
No one will show you so
many new shades. No one
will give you better fit or
better quality. No one
will quote you better
prices.

The Store With a Conscience.

High
Class
Furnishings.

EVERY MAN WHOSE NAME IS ON THE VOTERS' LIST Should Become Familiar With the How's and Why's of Local Economics.

Where is the money being spent? Why has the purchasing pow-
er of a Five Dollar Bill decreased so greatly in the last few years?

ONLY THE SHREWD BUYER CAN ANSWER.

For the past few weeks we have been offering very excep-
tional values to the buyers of Mens and Boys' Suits and Over-
coats. Suits and Overcoats a little above the average. Colorings
that are good. Fabrics only that have proven their wearing qual-
ities. Lots of Style and Dash.

The hundred of people that have taken advantage of this
rare opportunity of securing satisfactory Clothing at the prices
proves that THE OBJECT OF EVERY SHREWD BUY-
ER IS TO SAVE MONEY.

THIS PROFIT SHARING SALE WILL CONTINUE TILL DECEMBER 1ST.
Money you can save. For \$17.85 you can buy a
high class Bench Tailored Suit.
For \$12.15 you buy the best \$15.00 Overcoat we
ever sold.

There is hundreds of dollars to be saved in Boys' Suits and
Reefers alone. It's what you get at the price that pleases.

We have more than 150 Overcoats to show you
made only in the latest styles. Dressy, light Coats
in the fine Meltons. Great heavy Ulster Styles,
made only in rough imported cloths that are warm.
The very appearance suggests comfort. Single
and double breasted styles in fine Tweeds. Colorings
that have proven to be the most popular shown this
season. They won't last long at these prices, \$9.00,
10.85, 12.15, 15.85 to 22.50.

Not one Suit, but 50 Suits your size. Selected
because of the rich toned colorings and the heavy
service giving materials. Fancy browns in stripes
and checks, plain greys and solid colors, blues and
blacks. The kind of Suits you expect to pay \$4.00
or 5.00 more than we are now selling them at. The
moving prices are \$10.00, 11.50, 14.85, 16.85 to 21.15.
With most people money talks.

The Boy Problem is chiefly a matter of Clothes.
School Suits must be heavy and warm, at the same
time "wear like iron." The Reefer Coats start at
\$2.93. There's still some 3.50 Garments from which
to select your pet color. They will all go in about
10 days of this cold weather. The price helps.
Boys' Suits and Overcoats \$2.93, 3.50, 4.15, 6.25 to
12.15.

Is there a man who can afford to pass up these honest values? Is's
a matter of money and buying now will lengthen the life of the dollar
bill. CLOTHES SATISFACTION WE GUARANTEE.
