

Many women with disfigured complexions never seem to think that they need an occasional cleansing inside as well as outside. Yet neglect of this internal bathing shows itself in spotty, and sallow complexions—as well as in dreadful headaches and biliousness. It's because the liver becomes sluggish, and waste matter accumulates which Nature cannot remove without assistance. The best

ACTION OF SINGLE SPOONFUL SURPRISES MANY

Watford people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, are surprised at the INSTANT effect of a SINGLE SPOONFUL. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-ika acts on BOTH upper and lower bowel and ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the grasses rumble and pass out. Might have been New Brunswick

At one of the annual fairs held at a small town in Russia, a gentleman observed a gipsy and a few haggling over the sale of a horse. Full of curiosity when the two separated, and anxious to know how such shrewd characters had bargained, the gentleman called the gipsy to him and inquired how much he had got for his animal.

The gipsy opened his hand and showed a ten-rouble note.
"But isn't that very cheap?"
"No," said the gipsy, "he is dead lame."

The gentleman then sought out the Jew and said, "So you have given ten roubles for a lame horse?"

The Israelite laid his finger on his nose and said, "Lame! He's as sound as you are; I saw he was badly shod, and only limped in consequence."

The inquirer returned to the gipsy and reported what the Jew said. The former gave a tremendous and most significant wink, and whispered: "He's as lame as a two-legged stool. I had him badly shod on purpose to make them believe that that was the cause of his limping."

When this was communicated to the Jew he seemed for the moment taken aback, and hung his head; then with a little sigh and a shrug of his shoulders, he said, quietly:
"Ah, well; it's all right—it was a bad ten-rouble note."

CASTORIA

For Infants and Children
In Use For Over 30 Years

Always bears the Signature of *Dr. J. C. Watson*

Experience often provides a lot of raw material for unnecessary conversation.

Extensive work has been begun to prove definitely whether or not petroleum can be found in South Australia.

An Indian inventor has brought out a practical paper soon that can be packed flat for carrying or storage.

Japanese breweries produce about 210,000,000 gallons of sake, the national alcoholic drink, from rice annually.

A California inventor has succeeded in pumping water to a height of more than 40 feet with a wave power motor.

A watering can pivoted at the end of a long handle has been invented for conveying water to plants on high shelves.

Sleep is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Powders will destroy worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a worm-worm infant.

PRACTICAL OVERCOAT.

A Garment Which Will Be Found Indispensable in Cold Weather.

IDEAL FOR MOTORING.

This practical overcoat is indispensable during the coming cold weather. Aside from that, it is an ideal motor or rain coat. Featured in mohair mixture, with velvet collar and cuffs, it is smart and sensible. Fullness develops from the inserted pleat in the center back, falling in deep folds at the bottom. The raglan sleeves and semi-belt effect are notable features. A taupe velvet hat and cloth topped button boots are correctly worn.

SPORTS SHOES.

For the First Time in History Women's Feet Are Emancipated.

Sports clothes are good looking, they are comfortable, they give freedom to body and to lungs. Sports shoes, for the first time in woman's history, allow her feet to be set on the ground in that healthful and satisfactory way which men have known for years.

This very matter of foot furnishing is in itself a boon, since it not only makes the foot itself symmetrical, but the body is held right, hips and shoulders are well poised, the woman for once may walk as a human being and not as a mincing feminine creature. This correct poise of the foot and body is something that conserves the strength, whether one walks or stands, for walking is made easier and more pleasurable, the heart has less work to do, there is no wrong pressure upon nerves or the bony structure.

Osteopathy of late years has proved that this last named mistake sometimes affects the general health or health of the various organs of the body, and certainly that which affects or harms the general health will not add to the beauty, to the good looks of the complexion, the contour of the face nor the brightness and pleasing expression of the eye.

To hark back to the matter of the correct and mannish last used for sports shoes for women, it has doubtless surprised many to find out how becoming these shoes are to the feminine foot. Indeed, any correctly shaped foot needs neither pointed toe nor French high heel to appear to advantage, for these indeed are supposed to hide or disguise defects, as well as to heighten good points.

But the human foot, the natural human foot, is possessed of its own beauty and looks well in any shoe which has a good last as its foundation, and women as well as men view with surprise that trim, dainty member in a sports shoe, with low heel, broad toe, well laced ankle, so truly good looking in it and with a coquetry all of its own, as distinguished from the deformed, pinched and cramped pedal extremity, tottering about on its ridiculous heel, which was once considered the only way for a woman's foot to be seen in public.

For Burns and Scalds.—Dr. Thomas' Electric Oil will take the fire out of a burn or scald more rapidly than any other preparation. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

A heart of gold is far better than a check of brass.
