FOR THE 26 KIDNEYS, LIVER & URINARY ORGANS THE BEST BLOOD PURIFIER.

There is only one way by which any disease can be cured, and that is by removing the cause - whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver, and by placing them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary troubles; for the distressing disorders of women; for Malaria, and physical troubles generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good. For Diabetes ask for WARNER'S SAFE DIABETES CURE. For sale by all dealers.

If your children are troubled with worms, give them Mother Graves' Worm Exterminator, safe, sure, and effectual. ILL-FITTING boots and shoes cause corns. Holloway's Corn Cure is the article to use. Dr. W. ARMSTRONG, Toronto, writes: "I have been using Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda for Chronic Bronchitis with the best results. I believe it is the best Emulsion in the market. Having tested the different kinds, I unhesitatingly give it the preference when prescribing for my consumptive patients, or for Throat or Lung affection. Mr. G. W. M. CULLY, Paying Merchant, B.C., writes: "Dr. Thomas' Electric Oil is the best medicine I ever used for Rheumatism. Nearly every winter I am laid up with Rheumatism, and have tried nearly every kind of medicine without getting any benefit, until I used Dr. Thomas' Electric Oil. It has worked wonders for me, and I want another supply for my friends, etc."

JOSEPH RUSAN, Percy, writes: "I was induced to try Dr. Thomas' Electric Oil for a law ences which troubled me for three or four years, and I found it the best a cure I ever used. It has been a great blessing to me." Frauds may imitate Dr. Thomas' Electric Oil in appearance and name, but in everything else they are dead failures. THE ROCK ON WHICH MANY A CONSTITUTION GOES TO PIECES IS DYSPEPSIA. The loss of vigour which this disease involves, the maladies which accompany it, or which are aggravated by it, the mental despondency which it entails, are terribly exhaustive of vital stamina. Its true specific is Northrop and Lyman's Vegetable Discovery and Dyspeptic Cure, which likewise overcomes bilious maladise, female ailments, and those coupled with impurity of the blood. Mr. T. C. WALLIS, Chemist and Druggist, Port Colborne, Ont., writes: "Northrop and Lyman's Vegetable Discovery and Dyspeptic Cure sells well, and gives the best of satisfaction for all diseases of the Liver." It never fails to root out all diseases from the system, cures Dyspepsia, Liver Complaint, etc., purifies the blood, and will make you look the picture of health and happiness.

Sparkles.

DEAD men tell no tales. It is not necessary. The obituary writers do that service for them.

NOT all kings have palaces to live in. The King of Coomassie, for example, lives in Ashantee.

As long as some fellow doesn't ask if the dog-star of the star-trout is a Ker, the case will not be so Sirius.

DONE IN THE DARKNESS. We parted in silence, we parted by night, On the bank of a beautiful river; No sound but a gurgle, as out of my sight Swift she sank with scarcely a shiver. The nightingales warbled, the stars sweetly shone, And, though she will rise again never, No sorrow was shown for the life that had flown - For that cat is silent forever.

EVERYTHING seems to move in a circle. While, for instance, the lawyers are looking up the authorities, the authorities are looking up the criminal, and the criminal, in his turn, has to look up the lawyers.

SAID a student of one college to a friend who was attending a rival institution: "Your college never turns out gentlemen." "No," was the reply, "our college allows gentlemen to go right on and graduate."

THEY were boasting about ancestry. "My forefathers," said John, "came over from England on the 'Mayflower.'" "And my ancestry," said Pat, "kim over from Quinnes-town on the 'Sunflower.' It's aesthetic I am."

A BOOK just published is entitled "How to make \$500 Yearly Profit with Twelve Hens." We have not read the book, but we suppose the author's recipe is to sell the corn they would annually eat, and then bill the hens.

"Pat, wud yuz luk at 'em now?" Mike was gazing intently at a procession honouring St. Patrick's day in the march. "See, now, the fellows phat drinks the whiskey all on fut, and the fellows phat sell it all a' roidin'." Mike grasped a pregnant fact.

"WELL, Andrew," a gentleman remarked to a Scotchman, who, with his brother, was the only remnant of a narrow sect, "I suppose you and Sandy are the only bodies who will get to heaven now?" "Deed, sir," replied Andrew, shaking his head, "an' I'm no' sure about Sandy."

It is told of an American millionaire who bought him a castle on the Rhine that one cold day his daughter found him warming his hands at a fire which he had kindled in a suit of plate armor. "Oh, papa, what have you been doing," she cried. "The feller that patented that stove," replied the lord of the castle, "must have been crazy; but I've made the old thing heat up at last."

We read in the "Church Union" that a gentleman had his boots blacked by one of two boys, and gave the shiner a \$2 bill to get changed. After waiting some time, he said to the other boy, "Where's your partner?" "Oh," said the youth, with a grin, "he's bust up, and I'm his assignee."

"Why so gloomy this morning, Jacob?" "Ah, my poor little Benjamin Levi - he is dead!" "Dead! You surprise me. How did it happen?" "Vell, you see, my little Benjamin he was at ter synagogue to say his brayers, and a boy put in his hat at the door, and gries 'Job Lot!' and 'leettle Benjamin - he was gilt in der grush."

JANET was not comely, but an excellent servant, and especially devout. One Sunday afternoon, on returning from the kirk, she mentioned to the ladies of the family how much she had enjoyed the services. Shortly afterward they heard her scolding at a great rate, and one of the ladies remonstrated with her. "Why, Janet, I'm afraid the service did you very little good, after all, as you seem to have lost your temper." "Ah, weel," said Janet, "I left Willum to look after things, and every thing's so upset it's enough to tak the taste o' prayer out o' ones' mouth."

CELEBRATED BELLS.

Those made at the McShane Bell Foundry, Baltimore, M.D., U.S.A., appear to be in large demand, especially in the Dominion, 115,000 lbs. of copper and tin having been cast into bells since Jan. 1st. Nearly every steamship coming from Baltimore to Halifax has several on board destined for some church in Canada. Each one pleases the purchaser, and all delight the ears, while some have said they could not praise them enough, as they are so peculiarly excellent in their purity and sweetness of tone.
