

We supply
both
Serum and
Globulins

THOUSANDS of physicians
use no other diphtheria anti-
toxin than the old "stand-by"—

**Parke, Davis & Co.'s
Antidiphtheric Serum.**

Other thousands are using the
newer product—

**Parke, Davis & Co.'s
Antidiphtheric Globulins**

(the globulins of antidiphtheric
serum; more concentrated
than the regular serum; smaller
package per given number of
units).

Both **Serum and Globulins**
are prepared with scrupulous
care. Both are rigidly tested, bacteriologically and physiologi-
cally. Both are of assured purity, potency and uniformity.

PISTON-SYRINGE CONTAINERS.

500, 1000, 2000, 3000, 4000 and 5000 units.

NOTE.—We also supply *Antidiphtheric Globulins, Dry*—the globulins of
antidiphtheric serum precipitated, purified and dried—a highly concentrated
antitoxin that remains permanent indefinitely. Bulbs of 3000 units.

Write for Illustrated Brochure on "Serums and Vaccines."
