WORKING OVERTIME.

Very satisfactory orders continue to be placed with Stauntons Limited, wall paper manufacturers, Toronto, each month's sales showing a gratifying increase over former years, and the best output on record is looked for. For the past month the factory has been running overtime until ten o'clock each night, and this will probably have to be kept up until the end of the season. As, even with the overtime, it will be difficult to keep up with the orders, a new eight-color printing machine has been put up, which will enable the company to take care of all orders placed with them and to make delivery in ample time for the Spring trade.

The red papers shown by Stauntons Limited this season have evidently taken the popular taste. The orders for them are very heavy. The company will be glad to have their travellers call on any wall paper dealers desiring to place orders, or will send samples on application.

Several very nice orders have been received from Australia and New Zealand, where the Staunton goods are gaining a footing in direct competition with goods made in Great Britain and the United States. Our cousins in the antipodes are evidently quite as ready as the Canadian dealer to show their appreciation of a good line of samples.

John Burns, who takes the Ottawa, Montreal and Valley District for The Copp, Clark Co. is suffering from rheumatism and his ground is being covered for the present by G. W. Begg
