**BURGESS & LEISHMAN,**

Corner of King and Church Streets, adjoining the Court House.

Toronto, April 2, 1851.

We understand that large quantities of Corn and Oats have been destroyed by bears this season, whole fields of the latter being completely devasted, and rendered unfit for cutting. We have heard of the capture of one or two very large animals of this species, one of which was killed in the act of carrying off a pig. Wolves have been far less destructive than they were a few years ago. We remember some six years ago, that not only sheep but young horses and cattle were destroyed and eaten by those cunning, and fierce despredators.—*Orange Lily.*

FRUIT OUT OF SEASON.—Who will explain it? There is in the garden which I occupy, a Cherry tree, which blossomed last Spring, but brought forth no fruit. This month (September) it blossomed again, and is bearing fruit. The cherries are about the size of pears, and if the frost does not kill them, may come to perfection. This is a mystery for agriculturists to explain. If any doubt the truth of the above statement, they may call and see for themselves.

JOHN DOWER.
