

Other subelements proposed by some delegations:

(a) provision for the possibility of re-utilization in peaceful industry of certain types and categories of equipment, according to specification to be set forth in the Annex.

(b) obligation to utilize methods of destruction that permit adequate verification.

II - ANNEX - Agreed subelements to be included:

(a) elaboration of procedures and operations to be accomplished during the over-all period of destruction:

(i) initial stage (from the time the Convention enters into force for each State Party to the time of start of the actual destruction):

- immediate cessation of production and closing down of facility(ies);
- submission of detailed plans for destruction of facilities; such plans should include:
 - + location of facility(ies);
 - + description of method(s) to be employed for destruction, which should ensure that those elements which have a decisive role in the final process of production are destroyed as soon as possible;
 - + indication of facility to be temporarily converted for destruction of stocks;
 - + plans for the destruction of such converted facility.

(ii) destruction stage (from the start of actual destruction to the end of the over-all period):

- to be seen in connection with the declarations required from Parties regarding the destruction of facilities.

Other subelements proposed by some delegations:

(a) specification of the types and categories of equipment that could be re-used in peaceful industry;
