

WHAT SIZE OF ADJUSTABLE FORM SHALL I ORDER?

If a form is ordered, which when closed, is much smaller than your own measurement, the spaces between the sections of the form when it is extended to your size will be greater than if you had ordered a larger size form.

Therefore, if your bust measurement is smaller than 35 in., size 1 Adjustable Form would be correct. If your bust measurement is larger than 35 in., and you had no occasion to use the form for any other member of your family who has a smaller bust measure than 35 in., you should order size 2 form.

The special size, 3 Queen, is intended for women whose bust measurement is 40 in. or over, and should always be ordered when this is the case.

TERMS

Please order by catalogue number and state clearly how the form is to be shipped, whether by freight or express. Your remittance must accompany the order. Please send either Post Office Order, Express Order or Bank Draft in payment.
