

ECZEMA AND WHAT IS DONE TO CURE IT

Desperate Efforts, Disheartening Failures and Final Success.

Ecze-ma is a skin affliction to which men and women alike are subject, from the first to the last day of their existence. It may occur as a single tiny spot, appearing and disappearing with change in general health or present only at certain seasons at the other extreme, the whole body may be involved in a torturing eruption. The latter condition may gradually arise thru the neglect or improper treatment of lesser troubles or an apparently healthy skin may, in a single day, become a mass of eczema. But whatever the form of the affection, the distressing itching, burning, scaling and crusting, the serious disfigurement and the constant dread that the eczema will become chronic, make a speedy cure the aim of every sufferer. Unfortunately, such a cure is not always readily obtained. The most skilled physician is often at a loss and even hospitals are forced to discharge the patient as incurable. Then a wide variety of remedies are resorted to, many perfectly harmless and equally effective, others so often give to every sense that it is not for the relief they are supposed to afford, no person of refinement would tolerate them for an instant.

To such sufferers, discouraged by repeated failures of even these heroic methods, the instant relief afforded by the first bath with Cuticura Soap and gentle application of Cuticura Ointment is almost incredible. They stop the itching almost at once, make sleep possible and, in most cases, point to a speedy cure. So pure and sweet are Cuticura Soap and Ointment and so free from every substance of a disagreeable or harmful nature that they can be used without hesitation on the youngest infant or tenderest skin. Besides, they are most economical, a single set being often sufficient for the treatment of even the severest cases.

In proof of the efficacy of the Cuticura Remedies it will be enough to quote here a single letter, from Mrs. Edward Nennings, 11 Leaning Block, Watertown, N.Y.: "Four years ago I suffered with a terrible eczema, being a mass of sores from head to feet and for six months confined to my bed. During that time I suffered continual torture from itching and burning. After being given up by my doctor, I was advised to try Cuticura. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treatment was continued for three weeks. At the end of that time I was entirely cured and have felt no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies, as I know what they did for me." Cuticura Soap, Ointment, Resolvent and Pills are sold by druggists everywhere. Potter Drug & Chem. Corp., sole props., Boston, Mass. Mailed free, on request, latest 32-page Cuticura Book, a guide to the speedy and economical treatment of skin and scalp affections, from infancy to age.

BERNHARDT IS MODEST

Would Not Walk from the Train to Her Auto.

The private car "Bernhardt," conveying the world's greatest actress, arrived in the city at 8 o'clock yesterday morning. The depot officials say that never before in their experience have they had to deal with so modest a celebrity. The "divine Sarah" who, during her half century of public life, has been gazed upon by millions, refused to walk from where her car stopped to the station exit, a distance of 200 yards, that she might evade publicity. Instead she insisted upon having her car run down to the station. The King Edward Hotel, where the actress was to meet at the end of the line, was reached accordingly it pulled up to the steps of the private car, and practically unseen, "La Mademoiselle Modeste" stepped out.

The special train comprises three stateroom coaches and as many baggage cars. She has with her 65 trunks and including scenic equipment the whole makes up 365 pieces of baggage. As the celebrated actress sat down to her breakfast at 2 o'clock yesterday afternoon she was handed a note, supposedly written by "Peter Pan," her pet pooch, saying that he had arrived safely at Buffalo and his behavior was the best. On account of the quarantine in Ontario, caused by rabies, the unfortunate canine was not permitted to travel thru the province.

FOUND QUICK CURE AFTER EIGHT YEARS

Dodd's Kidney Pills Triumph Where Belts and Plasters Fail.

Moses Sherwood, a Long Sufferer From Backache, Found Permanent Relief in One Box of the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

POODIAC, King's Co., N. B., Nov. 25.—(Special).—After suffering for eight years, while all the time the remedy was right at hand, Mr. Moses Sherwood, a well known farmer living near here, tried Dodd's Kidney Pills and is now as well as ever he was in his life. That of thousands of other natives of New Brunswick. "About eight years ago I hurt my back from lifting heavy stones. I used liniments and plasters and wore a wide belt, but in two years my trouble had developed into kidney disease. My back was so sore I could not lift any weight, when reading a Dodd's Almanac led me to try Dodd's Kidney Pills. Before the first box was finished my backache was gone and I have never been troubled with it since."

Belts and plasters may give temporary relief in cases of Backache or Rheumatism, but the only way to cure them is to go to the seat of the trouble. Cure the Kidneys and the Backache or Rheumatism will disappear. Dodd's Kidney Pills never fail to cure the Kidneys.

M.H.O. FOR CIVIC GRANT TO FIGHT WHITE PLAGUE

He Would, However, Impose Conditions on \$200,000 Bylaw—Protests From Alliance.

In a report to the board of control yesterday, Dr. Hastings, medical health officer, approved the submitting of a bylaw to provide \$200,000 for a grant to the Toronto Free Hospital for Consumptives and the King Edward Sanatorium at Weston, on condition that an arrangement be made with the trustees of the board to take in incipient cases, provide facilities for scientific treatment and also provide a farm colony.

The medical health officer says that while the National Sanatorium Association has been doing good work, certain changes should be made in the present system. The Muskoka Cottage Sanatorium and King Edward Sanatorium are both "pay" institutions, and he thinks they should be under separate management, with the free institutions. He also suggests that Toronto Consumptive Hospital should be enlarged and should include a department for incipient cases from Toronto. He favored establishing a dispensary within at least half a mile of the city hall so that the hospitals could teach students the principles of the treatment of the disease.

WANTS TO BE REINSTATED

Physician Claims College Can't Strike Him From Rolls.

E. Guss Porter, K.C., of Belleville, yesterday appeared before Justice Riddell for an order prohibiting the College of Physicians and Surgeons from proceeding with measures to remove from the rolls, Dr. Albert W. Stinson of Cobourg, who had been charged before a magistrate with performing an illegal operation. There was no evidence to corroborate that of an alleged accomplice, and the doctor was acquitted.

"Your objection," said Justice Riddell, "is that the college has no jurisdiction to discipline a doctor who offends against the law of the country? A very neat point. If that is so it ought to do away with a great deal of the attacks on the college, because it doesn't remove men guilty of abortions and that sort of thing." The Law Society had removed a solicitor from the rolls for forgery. "The same thing," said Justice Riddell, "may take place in a club. A man might be removed from the membership of a club for a criminal offence, tho the club could not try him. Your position is that if a jury is weak-backed enough to let him off, the college can't try him."

J. W. Curry, for the College of Physicians and Surgeons, argued that the college had the right to remove any member of the profession found guilty of "infamous and disgraceful conduct." Justice Riddell: "What is the meaning of guilty?"

Mr. Curry: "No man is guilty until found so, he is presumed innocent under British institutions." Justice Riddell: "No man is hanged because he is guilty, but because the jury say he is guilty. Anyone who has had much criminal practice knows that many guilty persons are acquitted for failure of evidence, or for some other reason." Judgment was reserved.

C. P. R. Firms Not Ready. Mayor Geary has received a letter from Sir Thomas Shaughnessy, president of the C.P.R., saying that the company is not yet ready to disclose its plans as far as Toronto is concerned, but may soon be prepared to do so. When Sir Thomas is ready a conference will be held between the city and company.

The board of control will confer with the associated charities next Wednesday morning with regard to improving the organization so as to do away with overlapping of charities.

The city has made a deal for the purchase of a strip of land necessary for the extension of Temperance-street to Sheppard-street, and the work will proceed.

Object to Sunday Work. "May I say that I understand the time for moving this bridge was selected solely with a view to preserving the convenience of the public?" This is an extract from a letter which Mayor Geary has sent to W. G. Hanna, secretary of the Lord's Day Alliance, in reply to a communication from Mr. Hanna, stating that the alliance has received a number of inquiries as to whether the shifting of the Don bridge on Sunday was a necessity. The secretary said that the fact that the bridge was not completed until Tuesday and that the shifting of the bridge was accordingly "would seem to indicate that the plea of necessity is scarcely valid."

The mayor's letter pointed out that the work was not done by the city but by a contractor, and that as the bylaw respecting Sunday work is quite clear, the police department could have interfered had it seen fit. Although the interruption to traffic was reduced to a minimum some inconvenience to business was caused and the city has been asked to pay damages.

No further move towards renewing the contract with the city and negotiations between the city and Electric Light Company for the purchase of the latter's plant is under way, and apparently the company has nearly abandoned hope of a satisfactory settlement.

E. F. B. Johnston, K.C., who on several occasions represented the company in its dealings with the city, said yesterday that he thought the company's plant would continue to compete with the city's.

Was Hydrant Blocked? A. B. Coleman was summoned to afternoon court yesterday for interfering with a hydrant on Spadina-avenue that was being used by the city for a fire. The men had not left three feet around it clear and that when the police found him about it he had the men leave 5 feet 6 inches clear, and he thought that was enough. J. Cohen, J.P., decided to remand the case till Monday.

Arranging Canada's Exhibition. Thomas Bagnall of Cape Town, South Africa, is trying to organize an exhibition of Canadian manufacturers and natural products, to be held in South Africa and to commence in January next.

THE SELLERS-GOUGH FUR CO., Limited

"The Largest Exclusive Fur House in the British Empire"

The Wear and Look of Fur and the Price

Your fur purchase is only to be judged by the wear and the look of the fur and the price you have paid for them. There is no use taking anything else into consideration. Will the fur wear well? Is it a guaranteed Sellers-Gough quality fur? Will it look well? Has it the exclusive Sellers-Gough style, that careful, chic dressers are so anxious to secure? Is the price reasonable? Are you getting full value for your money? All of these questions are answered in this store to your satisfaction. We don't hesitate to make the claim that they can be answered here better than any place that we know of. Let us have the pleasure of showing you why we make and substantiate this claim.

- A few values that ought to bring you to our store to investigate:
- 8 only Ladies' Fur-Lined Coats, lined with fine muskrat lining, trimmed with sable collars and revers, best broadcloth shell, in the newest style. All sizes. Very special value at 50.00

NEW SHERIFF OF BRUCE.

D. M. Jermyn, who contested North Bruce twice in the Conservative interest, was yesterday appointed sheriff of Bruce in succession to the late Sheriff Parkes.

Farmers and the Tariff.

OTTAWA, Nov. 25.—The biggest dispute that ever visited the capital will be here on Dec. 15 and 16, when the members of the National Council of Agriculturists will arrive in a body to petition the government regarding the tariff. A big convention will be held in the Grand Opera House here on Dec. 15.

Another C.N.R. Venture.

KINGSTON, Nov. 25.—The rumor is afoot here that the Canadian Northern Railway Co. may buy out the Rideau Lake Navigation Co.'s boats and operate them in connection with its railway service.

MUSIC NOTES

A most interesting and unique program will be given by Madame Kathryn Innes-Taylor this evening at the Conservatory Music Hall. A group of old French songs from the 15th to 17th century will be followed by a group of old English and Irish songs. She will also sing selections from the modern French school, including songs by Pauline, Pierre and Debussy. Included in these will be "Le Moulin," which created quite a furore when she first sang it on this side of the water. A group of three modern English songs will complete her part of the program. Miss Grace Smith, the English pianist, will be the assisting artist, and will give a group of old French airs of the 16th and 17th century, and in the latter part of the program Chopin's Ballad in A flat. Madame Innes-Taylor has met with tremendous success since her last concert here two years ago.

Chief Must Wear Uniform.

CHATHAM, Nov. 25.—(Special).—The police commissioners to-day insisted that Chief Holmes wear his uniform while on duty, and that the other officers on the staff salute him when they pass him on the street. Formerly Chief Holmes only wore his uniform when he went to church.

Robbed House of Arrested Man.

BUFFALO, Nov. 25.—Ernest Slater, 46 years old, of Toronto, was one of the three insane patients who escaped from the Buffalo State Hospital yesterday. Slater, who was committed to the institution by a relative ten years ago, is still at liberty.

There Was No Fighting.

EL PASO, Tex., Nov. 25.—C. M. Newman of El Paso was another passenger

GRIT AND GINGER WIN SUCCESS!

Every man who is failing and "going back" knows that there ought to be something that will restore that old "steam" to his physical body. He has tried the usual drug method and found that a fizzle, and yet he knows that there must be something. I know it, too, and I've got it. It's Electricity. You can't name anything more likely to have that force which a weak man lacks. It's a natural power. I can pump it into a weak man while he sleeps, and make him feel like a Sandow in no time. It's the fire of life. If you have been paying money to doctors and taking nasty drugs for years, and after getting no benefit from it all, you find a new lease of life after using my Belt for a month, you will be enthusiastic. You will want to go out on the highways and shout, and you won't care who knows that you were once a weakling, because now you are cured and a man again. My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no sting or burn, as in old style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

Most of the pains, most of the weakness of stomach, heart, brain and nerves from which men suffer are due to an early loss of Nature's reserve power through mistakes of youth. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.

This loss of your power causes Kidney Trouble, Rheumatism and Stomach Ailments. You know it's a loss of vital power and affects every organ of the body. Most of the ailments from which men suffer can be traced to it.

I have cured thousands of men who have squandered their savings of years in useless doctoring.

KIDNEY AND STOMACH TROUBLE CURED.

76 Steven Street, Hamilton, Ont., Sept. 20, 1910.

Dear Sir—I purchased a Belt from you four years or so ago, and I hardly know what I would do without it. To say it has done that which you said it would do for me is a very tame way of putting it. My friends say I would be a good agent for it, for I have so much confidence in it. It has stood a good test. I only use it now when I feel I need it, and stomach. Yours indelibly.

If you have no confidence in electricity let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security and I will take your case, and you can
