TWO PLANTS FOR CHLORINATION

Board of Health Recommends That Separate Stations Be Installed for High and Low Systems.

The board of health yesterday concurred in Dr. Hastings' recommendation that a sufficient amount of money be granted to instal and operate two plants to chlorinate the sewage. One of these is to be placed on the high level system and another on the low. The cost of the necessary plants, he claimed, would be small, but maintenance cost would be in the neighborhood of $40 a day. This step, he said, was a wise one, and it was absolutely necessary in view of the recent health enactment of the legislature. The committee, however, instructed Dr. Hastings to report upon the details regarding the cost.

Oppose New Bylaw.

Letters were read from the East York Poultry Association and the Flour and Feed Dealers' Association, protesting against the proposed new poultry bylaw. The latter association claimed that $100,000 a year was spent in Toronto on poultry feed, and if the new regulations were put into force it would mean a considerable decrease in such expenditure. Some members of the board questioned whether the city could enforce such a bylaw, and tho Dr. Hastings claimed it was perfectly legal, the city solicitor was instructed to report upon the matter.

The board also passed a resolution asking that funds be provided to replace or remodel all the old drinking fountains and instal sanitary fountains. A runabout for the medical health department was also recommended.

VIADUCT PLANS

Figures of Cost Will be Ready Early Next Week.

The figures regarding the cost of the different viaduct plans, together with the other information required, will be ready early next week to submit to the special committee appointed to deal with this matter, according to the announcement of Acting City Engineer Powell yesterday.

There are four plans under consideration—Architect Bird's plan, estimated at $2,400,000; the city's straight plan at $2,300,000, the city's curved plan at $1,500,000 and the Guild of Civic Art's plan at $1,500,000.

MAJOR STEPHENSON DEAD.

Major James Stephenson, formerly general superintendent of the Grand Trunk Railway, passed away at his residence at Cleveden, England, yesterday morning. Mr. Stephenson retired with a superannuation from the Grand Trunk twelve years ago, retiring after a length of service longer than that of any other official of the road. He is survived by his widow, who was Agnes Arnold, a sister of the wife of William Wainwright, one of the present vice-presidents of the Grand Trunk. Mrs. Joseph P. O'Higgins of Toronto is Major Stephenson's sister.

BUSY SEASON FOR CHARITIES

In Six Months Past 150 More Families Were Assisted Than During All of 1911.

The treasurer of the Toronto Free Hospital for Consumptives yesterday received from the Canadian Northern Railway thru D. B. Hanna the sum of $98.48, being the amount of commission kindly allowed by that company upon the tickets of their liner, the Royal Edward, purchased thru the efforts of Miss Merritt in the neighborhood of Toronto during the coronation week.

The secretary's report showed a large increase of poverty during the past winter. There were 150 more families aided during the last six months than during the whole year of 1911.

A resolution was passed by the board approving of the work done by the medical health officer in closing unsanitary buildings.

The committee appointed to look into the matter of the detention of lunatics in the jail reported that they now see daylight after long unavailing efforts. Northern City League.

The baseball fans of the city who are desirous of seeing two very fast games should avail themselves of the opportunity of visiting Varsity Stadium on Saturday afternoon. A nominal charge admits the public to the grand stand, which is completely shaded from the hot sun, and the games can be watched with every comfort. Ladies are always admitted free and the league executive wish to extend to the fair sex an invitation to be present every Saturday. Eatons' team, managed by Eddie Tolley, now tops the list with four wins and one loss. The other three teams, Bohemians, Capitals and St. Francis are tied, each having won two games and lost three. St. Francis will have a team on the field Saturday, which will more than hold their own with Eatons in the 2 o'clock fixture. The Bohemians and Capitals, who are rivals of former years and who are, at the present time, putting up a fast article of ball, meet in the 4 o'clock attraction.

DAY'S DOINGS OUT AND AROUND CITY LINE

N. Toronto Council Meets To-night —West Toronto Happenings.

NORTH TORONTO, June 5.—(Special.)—Saturday, July 6, has been finally decided upon by the sub-committee of the council as the date when the citizens will have an opportunity to express by a plebiscite their opinion of the double-tracking deal projected by the Metropolitan, and a majority of the council. That they wil lendorse it is inconceivable.

Council until nearly midnight on Tuesday wrestled with the problem. C. L. Wilson, traffic manager, representing the company, and the only terms agreed to or conceded by Mr. Wilson were as stated a rental charge of $500 a mile, would guarantee a five-minute service under a penalty of $50 a day; limit the running of freight trains between the hours of 10 p.m. and 6 a.m., and a guarantee that the reduced fare would come into effect immediately on its ratification by council and the government.

As usual on this question, Councillor Ball stood alone in his opposition to the private company, but enquiry among the townspeople to-day makes it abundantly clear that council do not represent the views of a majority of their constituents. Everywhere there is a disposition to hold off this thing indefinitely until the full intention of Mayor Geary and the city council can be learned. His worship stated to-day that he did not think the town would go ahead and deal with the question of annexation of Leaside until they had first conferred with the city council on the matters at issue, and on which the city council had recently favorably declared themselves. Similarly Mayor Geary and the city representatives cannot believe that the town will dicker with the Metropolitan Railway over this double-tracking question. That they should do so in the face of the olive branch held out by the larger municipality is, to say the least, ominous. Mayor Brown will be home on Thursday night, when the council meets, and this may develop something of importance, tho his worship has hitherto rather favored the project.

Ottawa Trims Kolts Now Head League

Hamilton Are Beaten 8 to 3—Berlin Opens at Home—Canadian League Scores.

HAMILTON, June 5.—(Special.)—The Senators broke the Kolts' winning streak to-day by knocking Rose out in the fifth. The Kolts put up the worst exhibition they have given this season on the home grounds. Hopie exemplified the Ottawa sporting spirit in interfering with Fisher's throw to second in the eighth innings. He got away with it, too, as Phyle did not see the action. Schuler succeeded Rose in the fifth and held the Senators to three hits in the remainder of the game. The score:

		R.	H.	E.
Ottawa	0 1 0 1 4 0 0 1 1—8	8	5	
Hamilton	1 0 1 0 0 0 0 1 0—3	7	11	

Batteries—Herbert and Hopie; Rose, Schuler and Fisher. Umpire—Phyle.

GUELPH, June 5.—The Peterboro team made their first appearance in Guelph this afternoon and got away with a victory over the Maple Leafs which was well earned. The Petes shaped up well, both at the bat and in the field. Tracey was in the box and pitched gilt-edged ball, allowing four safe hits. The Leafs hit the ball handily, but always at some fielder. Behan started to pitch for the Leafs and got along fine until the fifth innings, when four hits and a base on balls tied the score, Guelph having secured a run in the third and two in the fourth. Schuman was substituted, and a long fly brought in another run, putting the visitors in the lead, and the Leafs could never catch up. They added another in the seventh on a two-bagger by Nasher and a single by Beard. The game was fast and clean and there was a good attendance. Score:

		R.	H.	E.
Peterboro	0 0 0 0 4 0 1 0 0—5	7	2	
Guelph	0 0 1 2 0 0 0 0 0—3	4	2	

ST. THOMAS, June 5.—The St. Thomas team trimmed London to-day, and by so doing put Ottawa at the top of the heap. Harry Howick, who shut the same club out on Saturday, was on the mound for Stewart's men, and, with the exception of the second innings, when he allowed four hits, he was master of the situation. The visitors tied the score in the eighth, when a walk and three errors resulted in two runs. The locals, however, worked the winning run around in their part of the ninth, when Howick singled and went to second on an outfield boot, and to third on a sacrifice. Kiefel dropped a bunt in front of the plate, and he scored. Fursedonn, the London crack twirler, was hit for an even dozen safeties. The teams hook up in a double-header to-morrow. Pitcher Jache, who has been with the club since the opening of the season, was released to-day. Score:

		R.	H.	E.
London	0 2 0 0 0 1 0 2 0—5	7	3	
St. Thomas	0 2 0 1 0 0 2 0 1—6	12	5	

Batteries—Fursedonn and Speer; Howick and Powers. Umpire—Johnson.

BERLIN, June 5.—At last the baseball season has opened in Berlin with a victory for the home team. The players were escorted to the park by the 29th Regimental Band and about twenty autos. Mayor Schmitz pitched the first ball, while other prominent men held other positions for the preliminaries. The game was of a very lively character, and both teams showed good form and were a credit to their managers. Umpire Pearson officiated.
