Let's be reasonable.

The sick stomach is in every case the result of over-eating, hurried mashication and improper choice of foods. The mucous liming all the way down the food tract loses its sensitiveness, and when food is forced down the muscles fall to respond. They do not churn the food as they should. The slands no longer give out gastric juice to dissolve the food and render it canabable of assimilation. The man has become a dyspeptic.

There is one sure way and only one There is one sure way and only one to bring positive relief. Put into that stomach of yours the very elements that it lacks to get that food into liquid form. It takes pepsin, diastase, rolden seal and other ferments to accomplish this. The healthy stomach tonialize these elements. The despents contains these elements. The dyspeptic city office, northwest corner King and Yonge-streets. Remember the Grand Trunk, the most convenient line, has a frequent service to Guelph.

Stuart's Dyspepsia Tablets are not a Medicine, not a drug, not a cathartic, They do not cure anybody of anything but Dyspepsia and Indigestion and such aliments as arise from poorly disested food.

the writes: "For the past fourteen months (was nervous all the time, and became so run down I was unable to walk across the house without getting dizzy. My friends told me I looked like a living ghost and of the Grand Trunk, in which responsibility for the delay was fixed upon the C.P.R., which would not assent to the plans prepared, but held out for a station to be built on the lines of the existing structure, one that had proved very unsatisfactory, so Mr. Hays said.

The mayor's views were tinged with gloomy pessimism, on reading the above and he opined that there would have to be "concessions all round." He referred to Mr. McNicoll of the C.P.R. as having said that the proposed site of the station from Yorkstreet to Bay-street wasn't large enough. Controller Hubbard thought the city could enforce the penalties for breach of agreement. An opinion will be had from the city solicitor.

They are the greatest pills I ever used and I can recommend them to all sufferers."

Milburn's Heart and Nerve Pills act directly on the disordered heart and nerves, and restore them to healthy action. They have no equal for reviving and strengthening the heart beat, invigorating the nervous system, and acting as a food for the blood, improving its quality, making it rich and red.

Ewart Farquhar has written a letter of protest to the mayor, regarding the way in which the roadway of Wilton-crescent has been paved. Mr. Farquhar says that the ratepayers were considering getting up a petition for a paving to improve the wornout macadam, when the works department "proceeded to cover the western block with old asphalt material from Jarvis-street." He says further: "It should not require an expert engineer to know that a composition made 18 years ago, and exposed to the elements for that time and already condemned as unfit to longer remain upon its natural bed of concrete, would, if used as a road metal, rapidly recede to its original state of loose sand, and consequently be mud in wet weather, yet, this material was so placed with the consent of the roadway engineer." ICANCURE YOU

No Matter What Else Has Failed.

That is a bold statement, but I mean every word of it, and can prove it if you will give me the opportniuty of sending you indisputable proof from your own neighborhood. I speak particularly to men who have spent their earnings for years on dope (the drug that makes them feel like a young colt one day and like an old broken-down hack the day after), to those men who have tried so many things that they are tired of fooling and want a cure. These are the men to whom I want to prove my claims before they agree to try

my method of cure. I claim I can cure weak men; that I can pump new life into worn-out bodies; that I can cure your pains and aches, limber up your joints and make you feel as frisky and vigorous as you ever were in your life. That's claiming a great deal, but I've got a good remedy, and there are thousands who say and write that I've made good every claim, that they are now big, husky and frisky specimens of vigorous manhood, and that they haven't an ache or pain in their bodies since using my
