

The World's Home Magazine for Women

Edited by LAURA E. McCULLY, B.A.

Fads and Notions.

Metal belts, so long neglected by the fashion, are now to be seen at all jewelry stores, and are very popular. Owing to the vogue velvets are having this fall, these belts come exactly apropos. The prettiest are in medallion style, each metal being set with a stone, semi-precious in the more expensive ones, and frankly imitation in the cheap. Quite unique, too, is the neck ornament which goes with this belt. It is designed in exactly the same style, and of a size to lie nicely on a three-quarter-inch band of velvet. It is an admirable collar for evening, or may be fastened round a fancy stock for use with an afternoon costume.

"London smoke," the latest thing in colors, is a very remarkable and artistic triumph of the dye's art. The older ladies have been shamefully neglected by designers of fashions lately, and this new color will also be a boon to them. It is both distinctive and quiet. It is impossible to describe except to say one may say it is just what is named, London smoke. In velvet, especially, it is simply delightful, and combines to perfection with the richest and palest tints, forming an effective background for either. London smoke will undoubtedly stand high in favor with the fashionable milliner, and we may expect to hear more of it as the season advances.

Some women do not know that it is no longer necessary to risk the loss of losing beautiful and costly jewelry, in the form of brooches. Formerly these ornaments formed a source of revenue to the "find" and the pickpocket, but now there is a remedy. A simple attachment fastened to the catch prevents its opening without an effort sufficient to break the clasp. Back in college days some girls remember when the class pins were first supplied with catches. One girl got hers too soon, and lost it, and is wiser about pins ever since.

NORTHERN W. C. T. U.

The regular meeting of the Northern W. C. T. U. will be held in the Westminster Church, parlors, Bloor street, at 3 p.m. to-morrow, when delegates will be appointed to the Toronto district convention in Bloor street Baptist Church, and we may expect cordial invitation is extended to all interested in temperance work to attend.

Personal.

The popular "Argo" dances are being continued later than usual and are quite a feature of the season. Among those present were Miss Muriel White, Miss Muriel Danis, Miss Ada Murphy, Miss Muriel Boehm, Miss McKay, Miss Lola Ostrom, Miss Ruby Clark, Miss Muriel Monahan, Miss Helen Browne, Miss Simpson, Miss Glover, Bowmanville; Miss Freda Thompson, Miss Florence Hoywood, Miss Muriel Danis, Miss Gussie Gillis, Miss Yoda Browne, Miss Phillips, Miss Phillips, Miss Beatrice Gibson, Miss Joy Stanbury, Miss M. W. Parkinson, Miss Muriel O'Leary, Miss Helen Deane, Miss O'Leary, Mrs. Stanbury, Mrs. W. H. Morrison; Mr. Moody, Charles Turner, Madoc MacDonald, Frank Fulton, Mr. Sullivan, Wallace McIntyre, Harold Shanley, Charles K. Dadds, Frank McLaughlin, C. J. Toms, N. B. Jackson, Frank McKay, Fred A. Jones, Mr. Sullivan, Julius Thomson, Thomas Dudley, W. Atkin, L. C. Hoskins, J. G. Merrick, Mr. Gibson, Mr. Locke, George Burton, Bert Quigley, Mr. Sullivan, Jack Flanagan, Jack Bigley, W. H. Morrison, Lou Dixon, Mr. Munro, Alex Douglas.

Mrs. Courtland Fairchild has issued invitations for the marriage of her sister, Miss Pauline Willmott Jenkins to Oscar Bertram Henry, manager of the Sterling Bank, Sparta, and son of Dr. Henry of Orangeville, on Saturday, Sept. 28, at 4 o'clock, in Grace Church, Bradford, and afterwards to 74 Brant-avenue, Brantford.

At the home of Mr. J. E. Winters, 55 Blecker street, an interesting event took place when Miss Margaret McClelland became the wife of Mr. John Waddell of Charleston, West Virginia. The bride was given away by Dr. Edwin Forster, and was attended by her sister, Miss Jessie McClelland, Mr. Fred R. Clarke supported the groom. The ceremony was performed by the Rev. Dr. Milligan of Old St. Andrew's. Later in the day Mr. Waddell and his bride left for their future home, Charleston, Va.

Invitations have been issued by the chancellor, board of governors and senate by Toronto University for the inauguration of President Falconer, and other events, on Thursday and Friday, Sept. 26 and 27.

On Wednesday, Sept. 18, at St. John's Church, Toronto Junction, the marriage of Miss May Owen Tier, daughter of Mr. and Mrs. Thomas Tier, Lambton Mills, to Mr. Percy Barrett, champion golfer of Canada, was celebrated quietly. The Rev. Bernard Bryson officiating. The bride, who was given away by her father, wore her traveling suit of blue broadcloth. Mr. and Mrs. Barrett left for Buffalo and other American cities, and on their return will reside at Lambton Mills.

Justice and Mrs. Teetzel have returned from Grackley Beach, P.E.I., where they were summering.

Mrs. Fred R. Clarke (nee Watts of Winnipeg) will receive for her wedding anniversary her marriage, on Thursday after-

WHO FOUND THE WATCH?

Lady's Timepiece Lost Between Crescent-Road and the Market.

Somebody has found a watch in Toronto. The question is: Will that somebody give it up or keep it? A wager has been made that the watch will be given up.

It was lost yesterday somewhere between 112 Crescent-road and the St. Lawrence Market, by way of the Esplanade and Yonge-street.

It is a gold watch, ladies' size. It has a blue enamel face and a monogram on the back. The inscription: "M. N. McConnell, Evanston."

Attached to the watch is a silk fob, with a very old-fashioned locket and buckle.

Will it be given up?

A liberal reward will be given if it is returned to 712 Traders' Bank Building.

C.P.P. OCEAN RATES CUT.

Minimum First Cabin on Empresses Down to \$55.

MONTREAL, Sept. 23.—The first indication of the Canadian lines taking a hand in the Atlantic rate war is the announcement this morning by the Canadian Pacific Atlantic Steamship Line of the following minimum rates, effective at once and until further notice, from Montreal to Liverpool:

On Empress of Britain and Empress of Ireland, first cabin, \$55; second cabin, \$42.50.

On SS. Lake Manitoba—First cabin, \$45; second cabin, \$35.

On Lake Champlain and Lake Erie (one class cabin ships), \$40.

The rates westbound from Liverpool are not yet affected, but it is expected that, commencing Nov. 1, the rates northbound to Liverpool will become effective from Liverpool.

DREADNOUGHT GUNS.

New Battleships Will Have Eight 13.5 Guns 50 Feet Long.

LONDON, Sept. 23.—At the admiralty, it is said that all the vessels of the Dreadnought class now building shall be armed with eight new type 13.5 guns, so disposed that they all can be fired on either broadside.

The new weapon will be over 50 feet long, and a shell from it, it is calculated, will pierce 30-inch Krupp steel armor at a range of 3000 yards.

HAS RECOVERED MANY HERE.

Prepare it at Home by Shaking Well.

What will appear very interesting to many people here is the article taken from a prominent health journal, giving a simple prescription, as formulated by a noted authority who claims that he has found a positive remedy to cure almost any case of backache, kidney trouble, rheumatism, etc., and the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Karkon, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known local druggist, when asked regarding the prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy.

He further stated that the prescription is an often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the entire urinary structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter, which cause sickness and suffering, and who who can make no mistake in giving it a trial.

PRICE OF POWER.

Editor World: Referring to the letter of J. J. Wright, general manager of the Toronto Electric Light Company, the other day, regarding the cost of electric power, I would call your attention to the fact that for the seven years we used power at the meter rate and only once did our bill exceed \$1 a month. Three years ago the company cancelled the contract, and gave us a minimum rate of \$5.50 per month.

Barge Mills on Fire.

PORT HOPE, Sept. 23.—The barge Mills had a narrow escape while on the lake recovering the wrecks and dipper of the dredge Sir Wilfrid. Fire started around the boiler, and spread rapidly. The tug Diver was near at hand, and the fire was extinguished.

Booming Heart for President.

CHICAGO, Sept. 23.—Members of the Chicago branch of the Independence League will make a pilgrimage to New York this week to attend a conference on Friday, which, they hope, will make William Randolph Hearst the Democratic candidate for president of the United States in 1908.

Feel overture? A glass of BYRRH WINE

SPECIAL COUNCIL MEETING

TO DECIDE ON VIADUCT

Engineer's Hands Tied at To-Day's Conference—Exemption Given Its Quietus.

A special meeting of the city council will be held on Thursday evening to decide the Esplanade question. This agreement was reached at yesterday's session, after Ald. Geary had succeeded in making the understanding clear that City Engineer Rust, in his conference to-day with engineers representing the railways, is not authorized to do anything for the city in any arrangement that may be made.

Ald. Geary, who spoke at some length in support of the plan of elevated tracks, said the body decided whether the scheme should include the raising of all the tracks or merely those used for thru traffic. If the railway commission had decided to build a viaduct, it could apply to the federal government for more assurance of success than could the city.

The good work that has been done by the board of trade in obtaining expression of public opinion on the viaduct was evidenced in the submitting of a large number of petitions in favor of elevated tracks.

Exemption Sidelined.

The proposal to apply for legislation for the \$700 exemption was overwhelmed by the contention that they would still be entitled to wear the Harbor insignia and use the Harbor-street playgrounds and libraries.

BAIL REFUSED DENENBERG.

Defence Claims He Was Only an Employee.

OTTAWA, Sept. 23.—(Special.)—Today, in the police court, D. Denenberg, who was arrested in Montreal on an Ottawa charge of stealing jewelry, was stealing jewelry to the value of \$2000 from Gustave Graub of Toronto.

M. J. Gorman, who represented Denenberg, claimed that his client was merely an employee of a man named Jack Kaplan, who conducted a store in this city, but who unexpectedly left town after having had the worth of goods shipped him by Graub.

The goods also disappeared, and Denenberg, who is the grandfather of Kaplan's wife, is now accused of having obtained the jewelry at his Montreal address.

TROLLEY TO G.T.P.

Will Run From Kenora Along the Winnipeg River.

KENORA, Sept. 23.—(Special.)—A company has been formed for the promotion of an electrical railway to run from Kenora to Keewatin and thence along the Winnipeg River, where it will connect up with the G.T.P.

The government has been applied to for land necessary for the purpose, and the town's power will be utilized for that object.

LOCAL FRUIT MARKET.

Business was slack at the wholesale market yesterday, and the express company employees and commission men generally had an easy day. Just a few peaches are high and there is no prospect that the citizens will find a more opportune time for buying than the present. Really choice stock would probably bring \$2 a basket, but the bulk of the offerings on Saturday went from \$1.25 to \$1.50, with some lower prices quoted. The price paid by the cannery companies and the crop is so small, output, is responsible for the scarcity.

Grapes are coming more freely, and it is thought that the crop will be as large as in recent years.

Pears and plums are plentiful, but the season is getting on for these fruits, and a few days will see the last of them. Tomatoes, while not a drug by any means, are about the cheapest thing on the market, selling at from 20c to 25c a basket.

Small baskets, Moore's early, \$0.25 to \$0.30; large, \$0.50 to \$0.60.

Grapes, Champion, small, \$0.20 to \$0.30; large, \$0.40 to \$0.50.

Potatoes, new, per bag, \$0.50 to \$0.60.

Watermelons, each, \$0.25 to \$0.30.

Lemons, Verdillas, new, \$0.40 to \$0.50.

Limes, per case, \$1.00 to \$1.25.

Jumbo bananas, bunch, \$0.20 to \$0.25.

Plums, small basket, \$0.20 to \$0.30.

Plums, large basket, \$0.40 to \$0.50.

Green grapes, \$0.45 to \$0.50.

Tomatoes, per basket, \$0.25 to \$0.30.

Peaches, white, \$0.20 to \$0.30.

Peaches, Long-covered, \$0.20 to \$0.30.

Peaches, flat top, \$0.10 to \$0.15.

Apples, per basket, \$0.20 to \$0.30.

Egg plant, per basket, \$0.20 to \$0.30.

Onions, dried, per basket, \$0.20 to \$0.30.

Cauliflowers, per basket, \$0.20 to \$0.30.

Vegetable marrow, doz., \$0.50 to \$0.60.

Crabapples, per basket, \$0.25 to \$0.30.

Pears, per basket, \$0.20 to \$0.30.

Apples, basket, \$0.25 to \$0.30.

Melons, per basket, \$0.20 to \$0.30.

Gherkins, per basket, \$0.20 to \$0.30.

Executed Without Trial.

LODZ, Russian Poland, Sept. 23.—Seven workmen and one girl were executed by shooting here this morning without trial, for participating in the murder of Marquis Elberstein, owner of a large cotton mill, who was killed by his employees Sept. 13, because he refused to pay them for the time they were out on strike.

Cook's Cotton Root Compound.

The Great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. It is a blood purifier of strength—No. 1, \$1; No. 2, \$2; for special cases, \$3 per box. Sold by all druggists, or sent free on receipt of price. Free pamphlet, Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly H. Lindner)

MAUND BUILDERS' RELICS

FOR TORONTO UNIVERSITY

Prof. Montgomery Secures Many Valuable Specimens in Souris, Man., District.

Professor Montgomery of the University of Toronto has been prosecuting researches in the Souris district of Manitoba for relics of the ancient mound builders. No mounds have ever been found near Souris, but on the banks of the Souris River, where the north and south Antler Creeks join the main stream, there are some twenty mounds.

Professor Montgomery has opened seven of these mounds, and secured 10 complete human skeletons and besides numerous pieces of broken pottery, two whole urns. The mounds were found to be typical of those found in Dakota and further south with one exception. In this he found the complete skeletons of six buffaloes, which had evidently been buried with a sacrificial purpose.

Eight large boxes and five crates of specimens were shipped to the Toronto University. Prof. Montgomery believes that these mounds were built at least 700 years ago.

The vicinity of Souris the professor found an Indian grave, which a squaw was buried, perhaps a century ago. Burial ornaments were the only relics secured. There is evidence of an Indian village on the banks of Plum Creek, where numerous arrow heads and broken pieces of pottery have been found, turned up by the plow. The style of pottery indicates that it is probably 500 years since the village was there.

Recently W. S. Wilson discovered an Indian sweat bath, constructed of willows and young birch trees. It was a curious expression of the Indian's method of treating disease. This was created by Professor Montgomery and sent to Toronto University.

PUPILS TRANSFERRED.

150 Leave Harbor for Annex in Public School.

Senior Principal Embree and Principal Hagarty of the Harbor Collegiate buried the hatchet yesterday, and 150 pupils of the collegiate paraded to the five rooms in King Edward School set apart as an annex to the institute. The teachers who accompanied them were Messrs. L. A. Kennedy, teacher of literature; Fletcher, teacher of mathematics; and Miss Ketcheson.

Amid cheers, Principal Hagarty informed the contingent that they would still be entitled to wear the Harbor insignia and use the Harbor-street playgrounds and libraries.

Risky to Drink City Water Boiling Won't Better It.

Every day 40,000 gallons of sewage pour into the lake from the Dufferin Street sewer. It is thought that much of this sewage gets into the intake which brings Toronto's water supply into YOUR house. Dr. Amyot, Government Bacteriologist, avers that the water has been infected. The Medical Health Officer of Toronto recommended citizens to boil their drinking water at the time the infection first appeared.

In any drop of that polluted water which flows from your taps enough dreadful disease may lurk to kill everyone in your household.

City water is dangerous drinking—the physicians of the city will tell you so.

Boiling it kills the disease germs—but doesn't remove the filth that pollutes the water.

Until they build a filtration plant—and that will take a long time—city water will at times be unfit to drink. Your own experts have told you why repeatedly.

Quit drinking city water—quit NOW—you run too much risk. Drink PURE water—water that is zestful and refreshing, as only crystal clear, pure water can be.

YORK SPRINGS WATER

WHOLESALE LIMPID REFRESHING

The highest authorities in Canada declare, officially, that York Springs Water is "of extraordinary purity."

It is a natural water, without any excess of mineral salts, which flows from a great depth underground, and is bottled right at the Springs under the most rigid scientific supervision.

York Springs Water is pure beyond the shadow of a doubt—and it is certain to get to you in that same state of purity.

York Springs Water is fit to drink—you will not want to go back to city water once you have learned how good a really pure water is. And you won't need to, for York Springs Water is as economical as it is wholesome. It is delivered anywhere in the city at these prices:

A five-gallon flask, 50c

A two-gallon flask, 25c

Smaller quantities at a slight advance on these prices.
