ENLISTING AID OF ROTARY CLUB MEN FOR "Y'S" CANVASS MRS. PERCY BRENNAN

Speaker at Noon Luncheon Appeals for Assistance.

At the Rotary Club luncheon at noon, W. R. Yendall asked for the co-operation of the club in the campaign to raise \$20,000 for the Y.M.C.A., and \$10,000 for the Y.W.C.A. He pointed out that the money was urgently needed. This was something that the citizens were doing for themselves, and it should be supported.

The Y.W.C.A. had taken over the Fraser House, and refitted it, said Mr. Yendall. The money was not to be used for that, as it would be self-sustaining. The Y.W.C.A. had done much and would do more in looking after the women and money who work in the service, are brothers.

The consensus of opinion among the farmers of the locality is that the bird shot marks on the animals were caused by some stray shot from careless sports—had women their work daily, require a passport or permit, as the immigration officials term it. The Y.W.C.A. had done much and would do more in looking after the women and girls of the city. The travelers aid had been greatly beneficial. Social centres had been organized, and other entertainment provided.

The Y.M.C.A. was doing much for the soldiers, much more than was appreciated. The bathing facilities had been trebled. The "Y" had practically taken over the reception of returned soldiers. Every man who came back was presented with a membership ticket.

"This is a great work, and I am sure that the Rotary Club will assist, as it is in line with the policies of the organization," said Mr. Yendall.

It was decided to have three teams, the captains and personnel to be named by the executive.

HOSPITAL LIKELY TO **END YEAR WITHOUT** ANY OVERDRAFT

Trustees Regret Death of Dr. Frederick P. Drake.

At the regular meeting of Victoria Hospital Trust last evening, a resolution of condolence to the widow of Dr. F. P. Drake was passed. Dr. Drake had almost continuously been a member of the staff during his professional career. The members of the trust were unani-mous that the medical profession and London in general had suffered a great loss in his death. It was decided to appoint W. D. Mills as bookkeeper in place of C. E. Brine, who resigned re-cently.

Figures submitted by the superintendent showed that 197 patients had been admitted to the hospital during the month, and 284 had been discharged; 19 births and 18 deaths were recorded. The number of patients treated in the free dispensary was 133. Cash receipts amounted to \$4,527.73 and the accounts amounted to \$11,237.61.

Superintendent Heard submitted a report of the expenditure of the hospital for the first nine months of the year, which showed that there had been no overdraft. The report showed that there was every prospect that no overdraft would be shown at the end of the year.

19 NEW PASSPORTS

Nineteen passports for permission to go to the United States, issued to men in Class 1, under the military service act, have been sanctioned by Deputy Registrar W. C. Wismer.

The deputy registrar requires in each case that the applicant for a passport show his receipt from the postmaster indicating that he has filed a claim for exemption or reported for service. The Dominion immigration authorities then gront the passport.

No bonds are being asked by either the military authorities or the Dominion immigration department. The intention was to require bonds of at least \$1,000 from each man who applied for a passport. Upon reconsideration the Government decided that any man who broke faith and went to the States and failed to return within the prescribed time would be dealt with under the act and subjected to its penalties.

Every man getting a passport is accordingly warned, so that should his intention be to evade military service, the penalty for such, when brought to his notice, might cause him to change his mind.

The nineteen applicants for passports were residents of various places in the district, but five applying from London.
