GERMANS SUFFER AT BRITISH HANDS

United Operations Force Twenty-Two Foe Divisions to Withdraw.

London, Aug. 24.—The Times' military correspondent reviewing the allied offensive, says: "The united operations of General Gough and General Antoine in Flanders have compelled the Germans to withdraw 22 divisions for repairs. "As a German division is rarely withdrawn until it has suffered 4000

asualties, and as the divisions as yet not withdrawn also have lost severely we say with confidence that the German losses have been extremely heavy much heavier than ours. Our losses since the end of April have been much less than were estimated beforehand."

The correspondent says there are signs that affairs in the eastern theatras may become interesting before long.
"The Russian Caucasus army has not

given signs of life this summer, con-sequently our campaigns in Syria and Mesopotamia have been injuriously affected. The Turks are concentrating at certain places from which they may advance upon General Allenhy or Maude. They will be warmly received while our Arab allies, who are extending their operations to Maan, will be useful auxiliaries.

"Little operations by General Maude on the Diala (Mesopotamia) remind us that the campaigning season in these regions is at hand. Rumors of German divisions being on their way to Asia Minor haven't been confirmed," he says.
