The "Torrington" Roller Hand Vacuum Cleaner

This little machine will make it unnecessary for you to take up carpets in order to clean them, and it will be possible for us to prove this to your satisfaction by a five minutes' demonstration.
The "Torrington" is the most talked about Vacuum Cleaner in America. It really does the work. It lays no store on "trick demonstrations"—or "cunning" of any sort. It gets the fine, trodden-in dirt that a broom cannot touch.
By simply pushing this easy-moving little machine back and forth across the floor—it works either way—your rugs or carpets are cleaned even better than could be done by the old-fashioned take-up-and-put-down semi-annual process. For the daily "brushing up" or the regular weekly cleaning, it is equally invaluable. It sweeps, airs, dusts, all at one operation. Roller bearings make it easily operated.

Its light weight—only 8 pounds—relieves you of all arm strain. Its small size—only 5-1-2 inches high—admits running under beds and tables without moving the furniture.
The "Torrington" is a vacuum cleaner in which sturdiness, wonderful suction power and ease in operation have been happily combined. Price \$8.00
Provided with Sweeper Attachment. At \$8.50

\$5,000,000 FOR DRY PRESIDENT

Anti-Saloon League Headless of Party Allegiance

MUST BE FOR PROHIBITION

Say That Republican Floor Leader Mann Worked Against Temperance, So Will Work Against Him

Atlantic City, July 9.—The Anti-Saloon League of America in annual national convention here has not yet decided for what presidential candidate it will spend the \$5,000,000 now fund to be raised, but it will not be for Congressman James R. Mann, of Chicago the republican floor leader of the House of Representatives. Hundreds of delegates who say they represent one half of the voting population of the United States were pledged to work against the presi-

dential aspirations of the republican whip, who they say, did everything in his power to block the measure to submit prohibition to a national vote, which passed the house in the last Congress in a single committee.

The campaign against Mann was inaugurated when there was read the following circular letter seeking to boom him for the republican nomination in 1916.

There is being organized the James R. Mann for President Committee with a view to formally requesting Mr. Mann to become the candidate from Illinois for the republican nomination for president in 1916. Will you serve on that committee?

Very truly yours, E. W. Sims.
Mr. Sims is former United States District Attorney for the Chicago District.

It does not make any difference to the Anti-Saloon forces whether they back a Democrat or a Republican so long as he is for prohibition or the submission of the prohibition constitutional amendment to a popular vote. Because of the mistakes which bedevils the selection of the Republicans, there are now two names in consideration. One of course, is William Jennings Bryan. The league would like to have prohibition the main plank in the platform of the democratic party next year. The members expect Mr. Bryan to make Woman Suffrage and prohibition his two issues for national favor, and they are naturally leaning toward the former secretary of state.

There are those who form a strong wing of the league who do not think so highly of the Nebraska man's running chances, and believe that in view of the house's action on the prohibition measure last year and of other recent developments, President Wilson should be

their choice. Delegates are much encouraged by the recent Wilson note to Texas in the prohibition fight there. Delegates believe he will make the submission of the prohibition question one of the planks of his platform.

At a luncheon there was a movement started for the collection of a war fund of \$5,000,000, to be used in the next presidential election to favor the interests of the candidate who will pledge to work for the league's purpose. Twenty-five millionaires, including some of the country's biggest employers of labor were present. Among them were Filmore Condit, of New York; E. S. Collins of Oil City, Pa.; George D. Shelby, of Boston; Jonathan K. Taylor and William F. Cochran, of Baltimore.

Calling Congressman Mann the "Dr. Jekeyl and Mr. Hyde of the United States Congress," General Superintendent H. J. Baker, of Westerville, Ohio, in his annual report said: "The author of the law against white slave traffic is the sponsor of the liquor traffic is an unaccountable transformation."

Bishop Luther R. Wilson, of New York was unanimously elected president of the league at the annual meeting of the board of directors.

A gold watch and chain and a set of military brushes were presented to Major Randolph Crocker, commander of the 28th Battery, on behalf of his fellow townsmen, as the battery passed through Newcastle yesterday.

At his home in Prince's street yesterday, Rev. W. Camp united in marriage May I. Steeves of Hillsboro, N. B., and Aaron W. Corp, of Waterville, Albert Co., N. B.
