

ALLIES MAY GIVE HUNS SIX MONTHS

Spa, July 8.—(By the Associated Press).—A compromise with Germany on the time to be allowed her for disarmament, fixing the period at six months, looked to be the probable outcome today. The Germans had asked for fifteen months in which to disarm. The Allied representatives this morning for two hours and a half discussed the German plan presented. It resulted in an agreement being reached upon the attitude that should be taken.

The full conference was postponed until 3.30 o'clock, when it was stated, the Allies would make known to the Germans the final decision.

Nothing was given out officially as to this decision, but it was understood it had been agreed to allow the Germans six months in which to disarm.

Perth Amboy, N. J., July 8.—The will of Joseph Kramer of Perth Amboy, which scathingly denounces his wife and daughter, and forbids them to attend his funeral, will be contested by two members of his family. There are also bequests to the Perth Amboy City Hospital and the Jewish Memorial Building Fund.

News of the contest was disclosed when a caveat was filed, preventing the will from being admitted to probate. After directing the division of the estate the will reads:

"Expecting my will to be read by my executors before my funeral, it is my earnest wish that my wife Minnie and daughter Jennie do not attend my funeral."

"I do give, devise and bequeath in my will Minnie only the dower interest which I was of the state of New Jersey provides. I shall give her and she shall not share in any other part or division of my estate. If it were possible for me to deprive her of what the law of the state of New Jersey compels me to give her, on account of her treatment of me, I would do it."

"I do hereby give, devise and bequeath to my daughter, Jennie, the sum of \$12,000 to be paid to her upon her death, as long as she shall live. My purpose in devising this monthly sum is as follows:

"Five dollars a month to remind her of the time in 1916 when she and I were married and I gave her a ring."

BOTH ST. JOHN M.P.'S MENTIONED FOR THE CABINET

(Continued from page 1.)
Fredericton, N. B., July 8.—The public service has been pronounced broadly and in whatever place the Hon. Arthur Meighen occupied in the Borden government. His work and his ability brought the solicitor generalship to the position of full cabinet rank, and later, under his administration, the department of interior soon became the biggest department of the government.

The men, Mr. Meighen and Mr. St. John, are mentioned in connection with the cabinet, splendidly equipped at all times and in all places of public work. Mr. Meighen is generally viewed in the country. Whatever his responsibilities in department service, he returned to the policy of government in big things, and whatever personal view and personal preference, it generally was in the interest of the public service.

He was a big gun in whom faith could be placed. Upon proof of his record could be had with confidence in the outcome. "In the meantime the country has lost a great asset in the loss of a strong government."
