WEeping ECZEMA

SOON RELIEVED

A Perfect Treatment For This Distressing Complaint

Wasting, Ont. "I had an attack of Weeping Eczema so bad that my clothes would be wet through at times. For four months, I suffered terribly. I could get no relief until I tried Fruit-Eczema. Altogether, I have used three boxes of 'Fruit-Eczema' and two of 'Fruit-Eczema', and am entirely well."

Q. W. HALL. Both these sterling remedies are sold by dealers at 50c a box, 6 for \$2.50, or sent on receipt of price by Fruit-Eczema Limited, Ottawa.

"Fruit-Eczema" is also put up in a trial size which sells for 50c.

A 15 per cent advance is provided for in new prices issued on Saturday, October 5, 1918. This is in line with tendencies outlined in Hardware and Metal during the past couple of weeks, being brought about by continued scarcity of materials and high production cost.

Manufacturers of corrugated sheets are urging the trade to conserve in the use of this commodity and indicating that perfecting will be given to supply essential industries with their requirements. Nominal quotations only may be said to prevail, and no business on firm basis until manufacturers have confirmed prices at which material will be available.

An advance of 81 per cent in galvanized sheet has been made in the past week, and the feeling generally is towards a higher level. The situation in regard to supplies of sheets seems likely to improve. Jobbers indicate that shipments now rolling will help out materially in both black and galvanized.

An increase of 10 to 15 per cent is provided for in new prices issued on one piece of sheet-plate hardware. Wire-rope is another item to advance, present prices being up one cent per pound. Small twines are up from two to six cents per pound, and other items joining the upward trend this week are but and socket rivets, chisel bits, and other tools.

The witness said that he had not accepted, but he could not remember why not. He admitted it was a general offer.

Q—Did you have any offers to do potato potatoes free of expense?

A—May have been one, but I can't recall any.

A letter from Thomas A. Clark, dated September 24, was produced. The witness then said that he recalled that the premier had suggested chartering another ship to carry free gifts.

The letter from Mr. Clark announced that the Moncton and Fox Creek Agricultural Society wanted to donate some potatoes and asked where they could be sent.

Mr. Daggett's reply was to the effect that the government had not asked for potatoes, but that they might accept them if they had room. In addition to the potatoes they had sent a lot of apples, corn, and other foodstuffs.

Information secured on prunes last week is confirmed in latest reports, and the outlook is that Canada will have to be content with goods which may now be on hand or rolling. There seems little prospect of new crop prices reaching this country.

Sales of raisins have been heavy, and wholesalers are still buying freely. There is a good crop of these, and indications are that orders will be permitted to come through.

Some offerings of Canadian figs are being made, subject to securing export license and import license to Canada.

Prices are about 150 per cent higher than opening quotations last year. It is indicated that the cheapest grade in mats couldn't very well retail under 30c per pound.

Montreal—Important changes have been made this week, and advances of 25c to 50c are being made in raisins, currants and some dried fruits. Increased prices are also asked for butter, self-raising flour, cottage cheese, washboards, shredded wheat, salt, gelatin, coconut, buckwheat flour, malt extract and canned apples, etc.

Declines are made in the price of Crisco, barley feed, and some substitute oils. Cornmeal is a trifle easier also, and barley products are reflecting an easier tendency for the grain.

In one situation is quite unchanged, although a slight improvement was expressed by one retailer in the matter of delivery. Jobbers are sending customers one bag of granulated and one of brown only, at a time. New flour is finding its way to market.

Canned tomatoes and corn will not be as abundant as it was thought they would be a few weeks ago, due to unfavorable weather. Estimates are still undergoing revision. The bean outlook is not so favorable, but it is expected there will be plenty for all needs. Honey is active and trade generally is very desirable.

Toronto—A general advance of about two cents in walnuts and almonds, and six cents in filberts in the shell is provided for in quotations issued this week. The outlook is a heavy volume of orders is now going forward.

Higher levels are noted in new prices issued on lobsters. Sardines are also very firm at recent changes, and salmon rules will be very firm undertone. No further advice in regard to government commandeering of salmon pack has been received. Latest figures as to amount United States Food Administration will require shows a very slight modification, hardly appreciable factor.

A general stiffening of jam prices is in evidence. Last week it was straw-berries, this week it is black currant cheap jams are becoming an unknown quantity on the market today.

A sharp decline in cornmeal has become effective following easing away of corn markets in the States. This amounts to forty cents for one grade and seventy-five cents for another, packed in 98s. Oatmeal has also dropped twenty cents for 98s. Shredded wheat biscuit 86s, regular, is up twenty-five cents.

Sides of spics show a substantial improvement during the past few days. It stated that peppers are not so strong, but all other lines rule with a very firm undertone.

Coffee is in good demand, and the market strong. Supplies, though not heavy, will, it is thought, carry the trade along for some little time yet. A little more interest in tea is apparent, and greens particularly show considerable activity. Cocoa is becoming more active and the question of output is causing some more or less worry.

An advance in macaroni has been made, and other lines to go higher include salt soda, shoe polish, stove polish and toilet paper. Celico has declined fifty cents a case.

MR. DAGGETT ON STAND AGAIN (Continued from page 1)

This letter offered 100,000 bushels of the best potatoes for the cans, at \$1.10 a barrel.

On September 17, Mr. Daggett replied that all the potatoes were not ready, and that they were getting them without trouble and at the right price.

The company replied on September 19, offering to supply the remaining ten cars at cost paid to farmers, donating their services for handling and shipping.

The witness said the offer was not accepted, but he could not remember why not. He admitted it was a general offer.

Q—Did you have any offers to do potato potatoes free of expense?

A—May have been one, but I can't recall any.

A letter from Thomas A. Clark, dated September 24, was produced. The witness then said that he recalled that the premier had suggested chartering another ship to carry free gifts.
