Will Not Remove to Winnipeg

Archbishop Langevin Puts End to Proposal to Remove See From St. Boniface

St. Boniface, Man., June 9.—His Grace Archbishop Langevin, addressing the congregation of the cathedral parish on a pastoral visit yesterday put an end to the proposal to remove the archiepiscopal see from St. Boniface to Winnipeg.

It had been urged on him that by removing the see he would be located in a larger city, one that would grow in time to such importance that it might become the actual capital of the dominion and thus enhance the prestige of the archdiocese of St. Boniface.

His Grace declared: "I have replied definitely that, as St. Boniface had been the first mission, the first apostolic vicariate, the first bishopric, the first archbishopric of the west, the clergy, the sisters, and the laity had toiled and suffered there, as in its church were the bones of the earliest missionaries, of Bishop Provencher and of Archbishop Tache and in its cemetery were the remains of the great pioneers of the northwest and of St. Boniface is the center from which the word of God has gone forth to the extremities of the land and is the cradle of the religious, civic and political life of the west, I will remain here in the first home of the Catholic church here, the home of my ancestors in the faith."

ST. JOHN MAY GET THE NEXT MEETING

Kingston, Ont., is Rival For Presbyterian General Assembly of 1914—Sessions in Toronto to Be Ended on Thursday

(Canadian Press)

Toronto, June 9.—The Presbyterian General Assembly will this afternoon again take up the debate on church union, and it is expected that some disposition will be made at that session. Church union has already occupied a good deal of the time of the assembly, and as it is planned to conclude on Thursday, it is necessary to find some way out soon.

This morning was chiefly devoted to winding up unfinished business and included further consideration of the report of the various denominational colleges. The first business of the afternoon was the presentation of the report of the board of finance. It is probable that the assembly will meet next year in either Kingston, Ontario, or St. John, N. B. An invitation has been received from Ottawa, but as the assembly met there only two years ago it was felt that an opportunity should be given for invitations to be extended from other cities.

The remaining sessions are to be held in Massey Hall, the assembly having overruled the previous decision to meet this week in Knox church. Rev. Dr. Murdoch Mackenzie was during a special service for Chinese on behalf of the Toronto Chinese mission. Two hundred Chinese were in attendance and heard Moderator Mackenzie give an interesting review of his work in China as a missionary.

Toronto, Ont., June 9.—In connection with the meeting of the Presbyterian General Assembly a Gaelic service was held yesterday afternoon in Bonar Church and was attended by many. Rev. Mr. Matheson, of Peterborough, had charge of the service.

SENSATIONAL SERMON IN TORONTO CHURCH IS FOLLOWED BY APPLAUSE

Baptist Minister Had Sharply Criticized Judge and Others in Matter of Theatrical Performance

Toronto, June 9.—"The Devil and Deeds" was the theme of a highly sensational sermon by Rev. T. T. Shields in Jarvis street Baptist church last night, when he severely castigated Judge Morson, Hartley Dewar, K. C. William Banks, secretary of the theatrical union, the author and players who appeared in the recent performance of "Deborah" in the Princess Theatre, and players generally.

Judge Morson was bitterly attacked for having reversed the decision of Col. Denison, who convicted the players of the play as immoral. He was accused of having violated his oath of office by protecting a witness, who defied to prove the play immoral, from the accusation and vilification of the council.

Mr. Shields' remarks evidently pleased the large congregation immensely, as at the close they were heartily applauded.

MOVIES FILMS AND THE TARIFF

Washington, June 9.—Free listing of photographic films used in moving pictures probably will be recommended to the finance committee by the sub-committee in charge of the sundries schedule. The argument is that 85 per cent of the films used in this country are manufactured by one American concern.

G. Genest of New York has filed a brief asking that all photographic films be free listed on the ground that Eastman Kodak Co. has a monopoly of the business.

"That corporation has been conducting its business in violation of the Sherman anti-trust law," said Genest.

The Eastman Company has filed a brief protesting against free listing films on the ground that raw materials are obtainable.

Suffragettes so Appear at Trial in London

EMINENT MEN OF THE LAW

More Applications of The Torch in Several Places and Property is Destroyed by The Arson Squad of The Militant Women

(Canadian Press)

London, June 9.—The trial of the suffragette leaders charged with conspiracy under the malicious damage to property case, began today at the Central Criminal Court, Old Bailey. The accused comprised Miss Harriet Kerr, Mrs. Agnes Lake, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kenney, Miss Laura Lennox and Yvonne Clayton, and the chemist alleged to have acted and the chemist alleged to have acted as advisor to the suffragettes in their campaign.

"General" Mrs. Flora Drummond, who was originally charged, together with the other prisoners, did not appear as the case against her has been postponed until July, owing to her illness.

Little interest appeared to be shown by the general public in the trial, and there were only a few women in court. Like the prisoners, she wore a black band on her left arm as a sign of mourning for Miss Emily Wilding Davison, a militant suffragette, who died yesterday at Epsom from the effects of injuries received while trying to interfere with the king's horse when he was running at full gallop in the race for the derby on last Wednesday.

There was a big array of counsel, when the case opened. Sir John A. Simons, the solicitor general, was the leading barrister on behalf of the government, while Richard David Muir, one of the best known barristers, was the leader for the defence.

London, June 9.—The "arson squad" of the militant suffragettes have once more become very active. Beside the fire at the Hurst Park race course, started last night, when the damage is estimated at \$70,000, they destroyed a boat-house on the river Lea at Walthamstow, in the northeast of London this morning, and also the grandstands of the North Middlesex cricket grounds.

The fire at Hurst Park was started in the royal box, the furniture of which had been saturated with oil. The flames were not extinguished until eight o'clock this morning.

Audemars won the 25 mile race, of which there were twenty-five laps, in 27 minutes, 24 1/2 seconds.

In the altitude contest Audemars ascended 4,800 feet in six and one half minutes. Garros got to a height of 4,200 feet. In the third contest Audemars landed twenty-two yards from the centre and Garros fifty-one yards.
