For the information of persons belonging to Newfoundland who propose to go to the United States of America, notice is hereby given that the Immigration Laws of the United States, which came into effect on the first May last, provide:

1.—That all aliens entering the United States shall pay a tax of \$8, but children under sixteen years of age, accompanying their father or their mother, shall not be subject to such tax. In the case of persons not remaining sixty days in the United States, the said tax will be returned upon their leaving the country.

2.—All aliens over sixteen years of age, who cannot read the English language, or some other language, will not be permitted to enter.

3.—Amongst other classes of aliens not admitted into the United States are the following:—Idiots, insane, epileptic, paupers, those physically defective and children under sixteen who are unaccompanied.

Cases have been brought to the notice of the Government where Newfoundlanders for one or other of the above reasons have been refused admission to the United States, and much disappointment and inconvenience, as well as expense, has been the result.

## Parcel Post Notice

Until the opening of navigation, Parcel delivery on many of the present routes must be partially, and for some places entirely, suspended; weather conditions making it impossible for couriers to carry heavy weights over the almost impassable roads. During the month of April only small parcels can be accepted, and if larger ones are taken the Department cannot guarantee delivery.

## "Imperial" Engine

The first cost of a motor engine is important. The life of the engine is also important. Some engines wear only a short time; others go on doing duty for years. The cooling or water circulation has a lot to do with it. This an "Imperial" has. You can run the "Imperial" at the highest speed and yet keep it as cool as you wish.

## With the Sages

Indifference never wrote great words, nor thought out striking inventions, nor reared the solemn architecture that awes the soul, nor breathed sublime music, nor painted glorious pictures, nor undertook heroic philanthropies. All these grandeur are born of enthusiasm, and are done heartily.—Anon.

Life is a journey not a home; a road, not a city of habitation; and the enjoyments and blessings we have are but little hints on the roadside of life, where we may be refreshed for a moment that we may with new strength press on to the end.

What is taken from the fortune, also may happily be so much lifted from the soul. The greatness of a loss, as the proverb suggests, is determinable, not so much by what we have lost, as by what we have left.—Bovee.

Labor to show more wit in discourse, then words, and not to pour out a flood of the one, when you can hardly wring out of your brains a drop of the other.—Spencer.

A misery is not to be measured from the nature of the evil, but from the temper of the sufferer.—Addison.

It is a beautiful necessity of our nature to love something.—Jerrold.

Each one sees what he carries in his heart.—Goethe.

## For Smoking Lamps

If new lamp wicks are soaked for an hour or two in vinegar, then dried before being put in the burner, not only will a far better light be obtained, but there will also be no cause for smoking.

The S. S. Bloodhound, with a cargo of coal for St. John's, went ashore at Point La Have, St. Mary's Bay, on Sunday. An effort is being made to get her off.

**Dodd's Kidney Pills Cured Mrs. Mercardi**

**She Had Been Ill Two Years and Could Find No Cure. That's Why Her Husband is Enthusiastic Over Dodd's Kidney Pills.**

Fort Smith, Alberta July 24th (Special).—Among all the thousands of Canadians who praise Dodd's Kidney Pills for the good they have done, there is no more fervent admirer of the great kidney remedy than Isidore Mercardi, of this place.

"Yes, it always gives me pleasure to say a good word for Dodd's Kidney Pills," Mr. Mercardi says. "My wife was sick for two years. We could not find anything to restore her to health. Then we found a pamphlet telling of several persons who had been cured by Dodd's Kidney Pills.

"My wife used just two boxes of them and she is perfectly well, to the great surprise of all our neighbors. They can tell you the same thing. I cannot recommend Dodd's Kidney Pills enough."

Dodd's Kidney Pills are the greatest of all remedies for weak, suffering women. They cure the kidneys. The kidneys are the root of nine-tenths of women's ills. Moreover, cured kidneys mean pure clear blood all over the body. That means good health everywhere.

## A REMARKABLE STATEMENT

**Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.**

Englewood, Ill.—"While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, but with this case somnolent and could no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

## German Casualties

London, July 20.—The German casualties reported in the German official lists during June, but not as having occurred in June, are given out by the War Office here as follows: Killed and died of wounds, 288,819; died of sickness, 3,215; prisoners and missing, 38,000; wounded, 95,906. The totals of the German official lists since the war began are as follows: Killed or died of wounds, 1,034,800; died of sickness, 72,960; prisoners and missing, 591,966; wounded, 2,825,581. The naval and colonial casualties are not included.

## Increasing The Amount Of Frosting

Beat the whites of three eggs to a stiff froth, add three tablespoonsful of sugar and drop the mixture into a basin of boiling water. It will rise to the top in an instant, where it can easily be lifted off and poured onto the pudding. This method increases the frosting by one-half the quantity without necessitating an increase in the amount of materials used.

## Three Men Drowned

(Twillingate Sun)  
From men here from New Bay we learn some further particulars of the sad drowning of the Rolfe couple of weeks ago. They were coming from Leading Tickle on Thursday and when off the mouth of Northwest Arm a top broke over their boat filling her. One son of Robert Rolfe managed to get on the bottom of the overturned boat, but the other three men lost their hold and were drowned. The young man on the capsized boat drifted ashore on the rocks and made a landing. Here he was found the next day by men who went over from St. E. Arm to look for herding.

## Liquor Control

We are glad that the New Government has dealt with the problems of the Liquor Control. The Board is to consist of three persons appointed by the Governor in Council. The Board will superintend the carrying out of the Prohibition Act, and advise the Government thereon from time to time. The Board is also given wide powers, subject however to the Governor in Council, to make rules and regulations respecting the conduct of the Controller's Department, including the power to limit the quantity of liquor which may be supplied to any person.

Where it has been shown that many difficulties lie in the way of carrying out the Prohibition Act, this amendment is a step in the right direction, and we trust that men, who will tackle the job thoroughly in earnest, will be selected as a Board. We have many times spoken of the desirability of limiting the quantity supplied to any person, and the Board will have the support of all in arriving at an amount which will prevent such abuses of the Act as we have witnessed during the last six months.

The Board will also have the power to overlook the records of the Controller, and assist him in the responsible stand that it is necessary that he should take sometimes. The Board can in many ways take some of the burdens that now lie upon the shoulders of the Doctors.

It can assist those that honestly try to carry out the law, and it can admonish those who take their responsibilities in the matter lightly. We trust the appointments will be made speedily, and that the personnel of the Board will meet as near as possible the approbation of all.—Morning Advocate.

## Miner Killed

(Twillingate Sun)  
A sad accident occurred at Tilt Cove on Thursday 5th July, when Isaac Winsor lost his life. He with another man had just set off a blast, and as often happens, the ground overhead was rendered unsafe by the explosion with bars. Finding his bar too short, Winsor procured a longer one, when all at once the ground above their heads gave way, and falling nearer them than was expected both men were knocked down and Winsor, being the nearer, received the full force of the blow, (his partner being unhurt), as although not much ground fell on him, he received such severe injuries from the iron bar which he had been using—his arm and leg being broken in two places besides internal injuries, that he died a few hours later. The doctor was at once in attendance and everything done that could be done to alleviate his suffering, but it was of no avail for shortly after being taken home he passed quietly away barely regaining consciousness after the accident. He was buried on Saturday in the Methodist cemetery.

Cape Race, July 22.—Two strayed fishermen from the schooner Electric Flash, of Grand Bank, reached here this morning. McDonald this morning. They left again this afternoon for Bonaville to connect with train for St. John's.

## Huns Occupy Tarnopol

London, July 23.—The occupation by the Germans of the city of Tarnopol in Eastern Galicia, is reported. The capture of Tarnopol, if confirmed, presents a serious menace to the whole Russian lines between Pinsk and the Carpathians. Tarnopol is about 25 miles behind the positions occupied by the Russians when the German counterattacks began last week. Unless the Russian forces to the north and south can carry out a rapid retreat, they will be threatened from their flank by the advancing Germans.

A new bell was recently installed in the Roman Catholic Church here.

Harbor Grace District is now without a representative either in the Executive or as head of a department in the National Government.
