

Hayes camp, Alberni, is now a shipping mine. Some three or four cargoes have been sent to the Tacoma smelter for treatment. An American steamer, not the Manauense, is carrying ore from Hayes camp, Alberni, and as soon as the price of copper advances it is expected more frequent shipments will be The steamer Queen City, which brought this news, also reports that the placer mine at Wreck Bay is still closed down, the spring work having not yet com-menced. The steamer brough, as passengers from the coast G. H. Hall, J. H. Lovering, Mrs. Russell, Mrs. Pyle, C. H. Pyle, R. F. Hemlay, J. Robinson, C. Grayson and A. Thorn. -Intelligence received by Manager Dier, of the Copper Canyon properties on Mount Sicker, announce the discovery of a very rich body of ore there 'A tunnel has been driven in from the canyon about 900 feet below the upper level of the Lenora property, which the they have penetrated five feet without canines in Victoria kennels. countering the walls. The ore proves be richer than that in the Lenora ------At a recent meeting of the directors and Type above, thus establishing the fact that the ore in the mountain increases in value with depth. The strike further establishes the high seputation with the recent purchases made by him Nanning on the West river early last the name of Grand Forks.
