LIVELY DISCUSSION AT SCHOOL BOARD MEETING

Did Trustee Day Allow Politics to Influence Him in His Treatment of a School Janitor who Stood at Polls on Election Day? — Several Matters Occupied Board's Attention Last Night.

Part of the time of the School Board was taken up last night discussing the question of the right of the janitors to be absent from the school buildings under their charge. Mr. Day was very emphatic in the matter. He said that if anything happened the public would not look to the janitors but to the members of the board.

Dr. Bridges intimated that in cases where the janitor was obliged for any reason to absent himself he was to report to the Principal, but they did not always do this. The matter was allowed to drop, no definite action being taken.

The report of the recent school enumeration was presented by Trust Officer McMann and showed that the enumerators actually counted 506 fewer names than were on the school registers.

Those present besides the chairman, R. B. Emerson, were: Mrs. Devor, Mrs. Skinner, Messrs. Lockhart, Agar, Day, Bullock, and Nave. Dr. Bridges and Trust Officer McMann.

Anna A. Henderson sent in an application for a position on the staff of St. Peter's school which was referred to the teachers' committee.

Miss Ida Thorne, of the High School staff, wrote asking for an increase in salary. As there were several of these letters she was referred to the teachers' committee.

Mrs. J. Kelly sent in a request for extra money which she claimed she had expended for cleaning, but as none of those present were able to throw any light on the matter, it was referred to the chairman of the buildings committee.

Isaac Thompson wrote thanking the board for his appointment as janitor in the Victoria annex but at the same time refusing to retain the position on account of the salary. The reading of this letter precipitated a long discussion over the matter. Mr. Thompson's appointment, as well as the necessity of having a janitor in the King Edward building. Finally the visitors to the school were appointed a special committee to investigate the matter.

The next communication was from A. M. Belding, in which he enclosed a copy of the resolution passed at the public meeting recently held to consider the playground project, and asking that the board appoint a committee of two to meet with and co-operate with the other body in the matter.

There was a lengthy discussion in which most of those present expressed an opinion on the subject. All were sympathetic and agreed that the establishment of playgrounds on the lines indicated was a step in the right direction. Doubts were expressed, however, as to the propriety of either increasing the financial or other responsibility of the board and Messrs. Agar and Day were appointed a committee to get all available information on the subject and report to the next meeting.

Mr. Belding's communication will be acknowledged and the board's action explained.

The Secretary then read the report of the sub-committee of the buildings committee appointed for the purpose, to the effect that the contract for the curbing and grading to be done at the King Edward school had been let to B. Mooney & Son for \$3,325.50. This price does not include the cost of laying asphalt which will not be done this year.

The chairman next said that the committee appointed for the purpose had ordered the office furniture which would soon be in place.

Mr. Day reported for the committee which had in charge the grading of the grounds around the Alexandra school. He also asked that the secretary notify all the janitors that it was necessary for them to be in the buildings.

Mr. Lockhart said that he was glad Mr. Day had brought the matter up. The janitors were free citizens and threats that unless they used their franchise in the way they saw fit, they would be in jeopardy.

Mr. Day in reply said there was just enough of truth in that statement to hang the shreds of falsehood on it. A private citizen had drawn his attention to the fact that the janitors of the Victoria and Victoria annex had been absent at noon. He had gone down and made inquiries and the principal of the Victoria school had told him that the janitor had said that he had liberty to come and go when he liked. The janitor of the annex had not been there all day.

At a meeting in the Royal Hotel last night the schedule of the inter-collegiate football games was drawn up.

Following were the dates agreed upon:

N. B. vs. Mount Allison, Oct. 27, at Fredericton.

U. N. B. vs. Acadia, Nov. 2, at Wolfville.

Acadia vs. Mount Allison, Nov. 10, at Sackville.

THE INTERCOLLEGIATE FOOTBALL SCHEDULE.

At a meeting in the Royal Hotel last night the schedule of the inter-collegiate football games was drawn up.

Following were the dates agreed upon:

N. B. vs. Mount Allison, Oct. 27, at Fredericton.

U. N. B. vs. Acadia, Nov. 2, at Wolfville.

Acadia vs. Mount Allison, Nov. 10, at Sackville.

BICYCLE RACE ON THANKSGIVING DAY.

The Every Day Club will hold the 20-mile bicycle race for the Dunlop trophy on the morning of Thanksgiving Day this year. Owing to the fact that the race was held at Sackville on the same day the idea to hold a long distance running race in connection with the bicycle event was abandoned but the bicycle race will take place as stated.

Following were the dates agreed upon:

BIG CONVENTION HERE NEXT MONTH

For three Days in November the Subject of Missions will Be Discussed by Representative Gathering.

The decision of the meeting of representatives of the different communions of the church held last evening in regard to having this city participate in the Canada-wide religious campaign in the interest of the missionary movement, will be the scene of a three days' convention during the month of November.

The meeting which was held in Stone church was the largest and most enthusiastic of any yet held to cope with the matter, and was a most representative one, including prominent laymen as well as members of the clergy of the several denominations. Rev. G. A. Kuhring, rector of Stone church, acted as chairman and Geo. A. Henderson fulfilled the duties of secretary.

Though there had been more or less discussion regarding the possibility of a financial point of view, and the advantages to be derived from the holding of the campaign in this province, very little action was taken in previous meetings, so that last evening's meeting proved an important one inasmuch as the decision of the meeting depended on the question of including St. John in the movement.

While the meeting was almost a unit in regard to the benefits that will accrue to the convention, the financial responsibility that must attach to it formed one of the chief objections, while the lack of enthusiasm shown in previous efforts in regard to the matter was urged as another.

To have the convention a guarantee of \$250 is required to be made to the central committee of the movement to defray the expenses of the convention. After considerable discussion, however, a motion by Rev. R. A. Armstrong, to the effect that the meeting decide to agree to the guarantee, was put and carried, there being but a few dissenting voices. This fund will be raised by subscription.

Another motion was adopted fixing the period of the convention as three days. The convention will open on the evening of November 21st, and will continue on the 22nd, and 23rd. A nominating committee was appointed by the chairman to select the details of the convention: Church of England, Rev. G. A. Kuhring, W. E. Anderson, J. N. Rogers, W. H. Harrison; Presbyterian, Rev. G. Dickie, Judge Forbes, W. J. Parks, T. H. Somerville; Congregational, Rev. J. Tucker, C. E. Maclellan; John R. Hamilton, W. Flewelling.

The convention promises to be a large one. Among the speakers who will be included in the list of speakers are: Andrew Fraser, late governor of Bengal, and Robert D. Speers, other prominent speakers.

Nasal Discharge Proves Catarrh is Active.

THE PURE BALSAMIC ESSENCES OF CATARRHOZONE AFFORD SUREST AND QUICKEST CURE.

Catarrh is certain to cure because its healing power is carried with the breath direct to the seat of the trouble, nose or throat trouble. Being composed of the purest balsamic and pine essences, it immediately dissolves mucus, soothes and stimulates the lungs and bronchial tubes. The marvel of the age in curing catarrh. Catarrh is not a disease, it is a condition of the nose and throat. There is nothing so sure to cure, and to those in fear of changeable weather, those who easily catch cold, those who work among lung-chilling surroundings, or where dust, impure air, fog, or damp can affect them—let them use Catarrhzone and use it several times daily—it will cure every time.

BAD CASE CURED IN TWO DAYS.

It was understood enough to catch a bad cold from sitting in a draught in my bare head," writes Miss Nora E. Jernison, well known Miss Gage of the city. "I was suffering from a severe catarrh of my nostrils, and for three days my eyes and nose ran most copiously. The usual remedies failed to give me any relief. I read in the Mirror newspaper about Catarrhzone, and sent to Smith Bros' drug store for a dollar's worth. I used it several times daily, and in two days I was cured of my catarrh. Catarrhzone is sufficient for two months' use, guaranteed, price \$1.00; smaller sizes 25c. and 50c. Beware of imitations, and substitutes, and insist on getting 'Catarrhzone' only. By mail from the Catarrhzone Company, Buffalo, N. Y., and Kingston, Ont.

TURKEY WANTS TO CALL IT OFF

Continued from page one.

The external signs of power and that Italy will interpose no stout resistance to peace negotiations.

The searchlights from the battle-ships exposed the horsemens, while the artillery fire in their direction caused them to make a hasty retreat. The Turkish suddenly appeared as though they came from out of the earth and exhibited remarkable agility.

Prisoners of War.

Malta, Oct. 9.—The Italian torpedo boat destroyer Borea arrived here today escorting a steamer with prisoners of war from Tripoli. The British officials decided to refuse the Italian vessel a supply of provisions. The prisoners included the Turkish officials and crew of a torpedo boat destroyer which surrendered at Tripoli.

Constantinople, Oct. 9.—It is reported on good authority today that the government has addressed a note to the powers stating that it will expel all Italians from the country within a specified time unless Italy desists from her aggression in Tripoli.

The government has received messages from the interior towns saying that the people will take the law into their own hands and drive out the Italians unless the government acts promptly. The committee of union and progress is said to have warned the government of the possibility of a massacre of Italians if they remain in Turkey.

The German ambassador, Baron Marschall von Bieberstein, had an interview with the grand vizier today when he protested against the threatened expulsion of Italians and the action of the government in treating the Italians as contraband of war. Many ships loaded with corn from southern Russia are unable to pass through the straits as the captains are afraid that their vessels will be seized, although they are neutral and destined to neutral ports. The Russian embassy has urgently requested that the free passage of these ships be permitted.

Expulsion Order Suspended.

Rome, Oct. 9.—It is semi-officially announced that following the intervention of the German Ambassador the Ottoman government suspended the order for the expulsion of Italians from Turkey. It is expected that the

CRAWFORD GIRL DOES NOT FEAR OUTCOME OF HER TRIAL.

ANNE CRAWFORD
PHOTO BY COOGLIE

The trial of Miss Annie Crawford, who is alleged to have murdered her father, her mother and two sisters, in New Orleans, has been postponed for at least two weeks. "I am not fearful of the result of my trial," she said. "I place my trust in God."

WORKINGMEN'S HOUSES ON LANCASTER LANDS

Proposition by W. Frank Hatheway, M. P., Will Be Laid Before City Council to Utilize City Lands to Enable Working Men to Acquire Homes on Favorable Terms.

As the result of a conference between W. Frank Hatheway, M. P., and about 15 workingmen, representing a number of unions in the building trades and the millmen of Fairville, the city council will be asked to set aside a portion of the city lands in Fairville for the purpose of encouraging the workers to establish homes under conditions somewhat similar to those under which new settlers are able to acquire homesteads in the Canadian west.

The matter will be brought before the attention of the safety board at a special meeting which will probably be held on Thursday evening when Mr. Hatheway and a delegation of workingmen will be present, and lay out the scheme which they believe will be of great advantage to the workers, especially those of Fairville. The plan is to have the city rescind the pasture leases of a group of lots of both sides of the Fredericton road about half a mile beyond Fairville, and offer them for sale in lots of 300 by 50 feet under conditions that will enable the workers to purchase them and build homes.

In an interview with The Standard Mr. Hatheway said that the portion of the city lands which they wanted for this purpose would be situated on the east side of the Fredericton road, and it is said many of the employees of this factory would be glad of the opportunity of acquiring homes in the vicinity. At present they have to walk to Fairville as there is no housing accommodation near the place of their work.

Many of the men working in the mills at Fairville are also said to be eager to take advantage of the opportunity that would be presented of acquiring homes under easy conditions. Mr. Clark, manager of the Partington Pulp Mills, is taking an interest in the scheme and has intimated his intention of being present at the meeting of the safety board and trying the adoption of the plan proposed by Mr. Hatheway and the labor men. His interest in the scheme is due to his conviction that men attached to homes make better and more reliable workmen.

A well known doctor has also given his approval to the scheme on the ground that working men with homes of their own, pay more attention to the sanitation and cleanliness of their own property than they do in the

government will now abandon the measure altogether.

Would Offend Our Countries.

Constantinople, Oct. 9.—The German Ambassador is urging the Porte to publish a definite statement as to what articles will be treated as contraband, and advising the exclusion of cereals from the list on the ground that to make cereals contraband would offend Russia and Great Britain, but not seriously affect Italy.

Monarchists Retreating.

Opporto, Oct. 9.—Latest official advices say that the Monarchists are retreating, having abandoned Cazares today and taken refuge a mile from the frontier to the north-west of Vila Real. The government column in pursuit is closing in on the Monarchists. Opporto is quiet.

A BRAKEMAN HAD HIS LEGS CUT OFF

Special to The Standard.

Dalhousie, Oct. 9.—A terrible accident befell James Bartie, a young man of this place today at New Mills. While braking on the gravel train he fell under the wheels and had one of his legs cut off. He was taken to the hospital in Campbellton where the injuries were dressed.
