as the members of that house were more closely in touch with the people.

Senator Costigan was sorry to hear the arguments which had been used against the bill in the senate. He would like to see it enacted without the delay involved in consideration by a general committee.

Senator William Ross, of Halifax, said that in the postal and custom services of Canada men worked but six hours a day. On ships the working time was divided into four-hour watches, and the best results were obtained from the concentrated efforts applied to work done in a short day. He thought the bill should pass.

Senator Wilson did not agree that men Senator Wilson did not agree that men could not work for more than eight hours a day without injury. The pioneers who had created Canada had worked hard for many more hours each day and they and their sons were vigorous men. He could not see why the bill should be restricted struck by a friend of Connelly, Mike Murphy and a scuffle ensued during which Beal drew a revolver and threatened Murphy if he did not remain quiet. He their sons were vigorous men. He could not see why the bill should be restricted struck him again and Beal fired three not see why the bill should be restricted to one class of government work. If it was good for one class it was good for all. Bills of this sort were promoted by people who, under the guise of sympathy, sought to do things which were not for the general advantage of the country. He believed that the restriction involved in this measure, if generally applied, would be bad for workmen and bad for the country reperally.

To destroy the pest of flies in the sum- tim. mer aitchen, simmer together one pint of when the police arrived Beal gave himmilk, a pound of raw or brown sugar and self up and went to the police station two ounces of pepper. Place saucers containing the mixture around the house. It means almost instant death to the flies No. 550, U. M. W. an Englishman, aged
