

you say in your letter that
you do not feel justified in
giving a commission for another
portrait. I will be glad to make
save the commission and you could
pay for it at intervals.

I am inclosing a photograph
of a relief just finished from
photographs only.

We are just now leaving for
our country home at Ogunquit
Maine would that be a favorable
place to bring I am all the time?

Hoping to see you when I am
in N.Y. again and with
very kind greetings in which
Mrs. Brenner joins me.

I am yours very sincerely
