

Appendix A

Tradition informs us that among the types of horses were:

sabino	..	tortoise-shell
tordillo	..	gray
palomino	..	buff, white tail

The Padre has a more complete list. Whether these are purely local names, I am unable to say.

Appendix B

"Vancouver gave Father Lasuén, of the San Juan Capistrano Mission, a barrel organ for his church." ... Smythe, Hist. of San Diego, p. 84. I can find no other mention of this instrument.
