STONE SOUP.

The Dish That Was Concected by a Traveler In Peru,

The natives of Peru are not always ospitable to the white traveler who finds Lis way into their villages, and he scon becouses familiar with the words, "Ma-non canchi," which mean in Quichua lan-

nan canchi," which mean in Quicina inn-guage, "There is none."

A certain explorer pressed by hunger and having some expendence in the cons-try stopped at the first hotel he came upon and asked its owner to sell him a

"There is none," was the sulky rejoin

shape of food the traveler received only a grunted "Manan canchi." "Very well," he said finally. "I shall have to make a stone soup. You can at least procure for me the right kind of tone. I want a smooth, round one, and it must be washed very clean." Curiosity and a desire to learn how to make this economical stone soup prompt-

To all his requests for anything in the

ed the Indian to activity.
"Now," continued his visitor, "kindly put a pot of clean water on the fire and place this stone in it. I will then teach you how to make this most appetizing

The host complied, and as soon as the water became hot he asked, "Is that "Nearly," replied the wily guest, "but

it will be much improved if you throw in a little salt and red pepper, and if you happen to have an onion, why, it will do Here at least was a beginning, for the desired articles were at once produced without a murmur of dissent, and the water continued bubbling. Presently the

stranger remarked in a tone of indiffer-ence: "Sometimes I add a small quantity of lard and a handful of rice. You don't happen to have any?"
"Why, yes, I have," responded the interested Indian, and without delay these things also were added to the soup pot. Just then the hungry visitor caught

sight of some vegetables in a corner, and, without appearing to have seen these, he observed: "When you take this soup with me, you will like it, I know, although it is a pity we could not have a vegetable or two thrown in. They improve the flavor of stone soup.' In went the vegetables.

There is only one thing lacking," finally commented the guest. "And what is it?" asked the other. "Well, if we had a little meat I would chop it up very fine and put it in with the Then in about five minutes the whole thing would be just right, ready for

us to enjoy. Sure enough, even the meat came t light, and in compliance with the travel-er's promise he and his host made a good supper on the stone soup. — Alice Le Plongeon

Looked Worse Than She Felt.

She was richly but inconspicuously iressed and would have attracted no particular attention as she stood on the ner of Tremont and Winter streets had not her face, under a white veil, been writhing in a series of remarkable con-tortions. Several persons paused to watch her "make faces," and then came feminine acquaintance.
"Why," exclaimed the newcome

what upon earth is the matter?" The facial contortions ceased and were replaced by a smile. "With me? Nothing."

"But you looked as if you were suffering terribly."
"Never felt better."

"But your face—you were twisting it not all sorts of shapes."
The lady standing at the corner laughand held out her hands, in each of which was a parcel.
"I was only trying," she said, "to work the edge of my veil down under my

When to Use "Shall" and "Will." "At what time shall you be at liberty?" s the correct form when you "desire inormation, not consent or a promise "At what time will you be at liberty?" is equivalent to "At what time are you will ing to be at liberty?" In implies that being at liberty is dependent on the will, of the person spoken to. "At what time shall you be at liberty?" is equivalent to "At what time are you going to be at lib-erty?" Being at liberty is regarded as simply a matter of the future, not de-pendent on the will of anybody. "Will you?" expects the answer "I will;" it denotes willingness, consent or determina-tion. "Shall you?" expects the answer "I shall;" it denotes futurity and nothin more.—Elizabeth A. Withey in Ladies

Home Journal.

Pishes That Sing. The scievia, a little six inch chub variety of the lagoons of Italy, sticks its head above the water and sings a dainty song equal to that of some species of warbling birds; Trigla hirundo (the sea swallow) is known to every fisherman of the Danube and the Rhine by the peculiar grunting noise it makes. Trigia ho-litans make a whining noise like a young puppy, while scivense gather in bands to old regular concerts, no doubt originat-

ing the fable of the sirens. It was his first voyage, and he was leaning over the rail in an attitude of reckless abandonment.
"What are you doing?" some one jeer-

ingly asked him.
"I am rendering to the sea, sir, th things that are the sea's, sir!" he gasped as soon as he could speak.

Oldest Secret Trades. The two oldest secret trade processes now in existence are considered to be the manufacture of Chinese red, or vern and that method of inlaying the hardest steel with gold and silver which seems to have been practiced at Damascus ages ago and is known only to the Syrian smiths and their pupils even to this day.

Sid (who has been trying to open the larder door)—It's no good, Tom. Not one of the keys will fit.

Tommy—Well, then, all we can do now is to wait until mamma comes home and ask her for something for being good

The entire collection of coins and medals in the British museum consists of nearly 250,000 specimens.

A Big Quarter's Worth

Is always found in a bottle of Polson's Nerviline, the best household liniment known. It cures rheumatism, neural-gia, toothache, headache, sick stomach, in fact it is good for everything a liniment ought to be good for. Mothers find it the safest thing to rub on their children for sore throat, cold on the chest, sprains and bruises. Never be without Polson's Nerviline. will cure the pains and aches of the entire family and relieve a amount of suffering every year.

"No, sir, my daughter can never be yours."
"I don't want her to be my daugh-

ter," broke in the young ardent. want her to be my wife."

'Quick lunch" is one of the commonest of city signs. The sign doesn't say "a healthy lunch of good food"—the character of the food apparently is not considered. It's just a quick lunch,— eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and innutritious food, very often, and the stomach has to do the best it can.

Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all. It is a medicine designed for the stomach, and to cure through the stoaach remote diseases which their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

Blobbs-I hear you have a political job. Is it hard work? Slobbs-Not after you get it.

She's as White as a Ghost

As pale as a lily. A matter of pride? Certainly not. Strength! Color! Endurance! That's what every woman wants. Good digestion, perfect controlled. fect assimilation. Pouyancy and vim is the right of every woman. She need not lack these if she will only use Ferrozone. It makes blood, gives use Ferrozone. It makes blood, gives appetite, gives strength to the nerves, color to the cheeks, and brightness to the eyes. A box of Ferrozone tablets is at once transmittable into health, beauty and strength. There is power in Ferrozone. Try it and see if it is not so. Sold only by McCall & Co.

Said an Irish lawyer, in addressing the court, "If this argument is not clear, Your Honor, I have another that is equally conclusive."

Drugging Will Not Cure Catarrh

This loathsome disease is caused by germs that invade the air passages of the head, throat and lungs, and can be cured only by inhalation of medicated air. Stomach medicines, atomizers, spuffs are ineffectual, because they fail to reach the cause of the trouble. Catazzhozone is successful because it is inhaled to every part of because it is inhaled to every part of the breathing organs, and has power to kill the germ, heals the inflamed tissues and prevents droppings in the throat. Catarrhozone treats more than one thousand square feet of the mucous surface with every breath tak-en through the inhaler, and affords instant relief. It perfectly oures Ca-tarrh, Asthma and Bronchitis. Sold by Draggiets. Two months' treatby Druggists. Two months' treat-ment. Price \$1. Small size 25c., or by mail from Polson & Co., Kingston.

MERRY OLD ENGLAND.

Record of Occurrences Among John Bull

Lord Cadogan recently presented the municipality of Cheisea with a chain of office to be worn by the The banking power of the United Kingdom has increased from 132 mil-

lions in 1840 to over 1,000 millions at present.
The smallest objects that the most powerful instruments can reveal on the moon must be as large as St.

Panl's Cathedral.

The Duchess of Buccleuch, who is now Mistress of the Robes for the fourth time, was the close personal friend of Queen Victoria.

Charles Noble, cashier to a London firm of solicitors for thirty years, has been sentenced to five years' pen-al servitude for embezzling £10,553. A statue of Lord Salisbury as a Christian warrior appears in one of the niches of the interesting and beautiful reredos in the chapel of All Souls' College, Oxford. The chapel in West street, Seven Dials, London, whose pulpit was fill-

ed by John Wesley on the comencement of his ministry there in 1743, is on the eve of demolition Some of the great main roads out of London are famous for their beauty, and are lined with some of the most charming villas and country mansions in England or the world. The congregation of St. Andrew's Presbyterian Church of England at Birkenhead has decided to present a call to Rev. James Cameron, pro-

bationer, Govan, Glasgow. The tramways, omnibuses and underground railways in and around London, within a radius of five miles, carry each year, it is calcu-lated, about 453 millions of passen-

The New Zealand Government are urging upon Mr. Chamberlain the establishment of a National Technical University for London, as a memorial to the late Queen Victoria. Mr. Robert Buchanan's literary remains include several complete plays which are probably superior to his earlier dramatic efforts. Mr. Buchanan has left a vast mass of writ-

Sir Wilfrid Lawson on September 4th celebrated his birthday. He is 72 years of age. Peculiarly enough, the birthday fell at the beginning of the month that the first total abstinence pledge was taken in Eng-

Gipsies in England are, it is stated, desirous of special representa-tion at the coronation. They claim that the modern van-dweller, behaviour and honesty, has good lived down the evil reputation of

former days.

Besides Kirkstall Abbey Roundhay, Leeds has a park of recreation attached to practically every township in the city, There are a score of such places altogether, ranging from ten to seventy-eight acres in extent. King Edward is a bibliophile in

the true sense of being a lover books, and His Majesty is devoting attention to the royal libraries. The library at Windsor was begun by Henry VIII., and now contains about 100,000 volumes. The late Lord Morris, in defining to a jury the meaning of "prima adie evidence," said: "If you saw

a man coming out of a public house wiping his mouth, that would be prima facie evidence that he had been having a drink." The terms "dowager" and "chaperon" seem likely in the near fu-

ture to fall into desuctude. Nowadays women not only refuse to grow old, but they dislike titles which seem significant of a too mature acquaintance with Anno Domini. By comparing the statistics of England and Scotch universities in

a given year, it was found that Scotland, with a population of 3,-725,000, had 6,500 university students, while England had only 6,000 students out of a population about six times as great. Commissioner Kerr, the head of the City of London Court, who is retiring after a long and honorable
