Herberg of Kent, Washington. In the senior two-year class of the thirty-day division who displaces Alhanchuk Kornakovsky Ross, and the record for thirty days is 2,287 lbs. milk, containing 15.33 per cent. basis, the equivalent butter claim for Von Helm Mary Hartog amounts to 120.21 lbs.—Madison H. Gardner, Superintendent A. R.

GANADIAN HOLSTEIN BLOOD APPRECIATED

It will interest the readers of Farm and Dairy to know that the big American breeders are beginning to both appreciate and recognize the standing of many of our best Canadian. An instance of this has been when OLSEN ALAN QUIREN DIBCOLE, the 42-point two-year-old, recently sold at Worcester Sale for \$18,000, was shipped to a city in the U. S. to be bred to his Canadian herd at Champlain Echo Sylvia Pontiac. This is paying the regular service fee, even though he had been previously offered for a half a dozen of the great bulls in America. Mr. W. Shaw of Newmarket, has also just recently sent down his 20-point Mr. W. Shaw of this same sire. In the Junior two-year-old to down his 20-point sire, the fact that this bull is already producing the choicest of stock, he shows an excellent opportunity to make a world record for himself through his splendid animals to which he is being bred.

RATES TO CENTRAL CANADA EXHIBITION.

DIFFICULTY that has confronted the Central Canadian Exhibition Association in securing special railway fares for the exhibition has been overcome. The association has now arranged with the Eastern Canada Passenger Association for a special rate of one cent and a half, eastern and central Ontario and points in Vermont.

From St. Len and other stations in Quebec, and from Kingston, Prescott, Brockville, and Ottawa, there will be single fare on all roads on September 11 and 13, good for return within three days. There will be a rate of a fare and a half from September 12 to 14, good for return on all roads from all stations in Ontario and Quebec east of and including the C. E. R. and N. T. and St. Lawrence lines, and taking in Quebec city and stations in Vermont.

U. S. JERSEYS FOR CANADA.

THE recent annual auction sales of Jersey cows in the United States, some of the best animals have been purchased by Canadian breeders.

The first of a series of auction sales of imported Jerseys was held by Edmond Butler of New Jersey State. Messrs. H. Bull & Son, of Brampton, Ontario, were head for the purchase, securing 11 in the number are four daughters of their celebrated sire, Bright Prince. Perhaps the gem of their importation was "Rover's Charm", a very promising three-year-old that was imported from Jersey Island last year and won first field last fall. They also secured Golden Canada's Trial, an imported daughter of Golden's Caesar.

Another sale of Jersey cows was held by W. R. Spann, of Kentucky, secured one of the best two-year-old heifers in the sale. This sale Messrs. H. Bull & Son secured each. All of the cows average cost of 1400 and are of the highest quality as judged by Canadians at this sale are due to freshen before the Fall.

Two days after the Spann sale, the annual sale of Jersey cows in the Canadian present were Mr. John Ring and Mr. Arthur C. King of Brampton, Ontario. Dr. Wesley, of Newmarket; R. J. Fleming, of Brampton; and D. O. Bull, of Brampton, were present. Among the cows that were sold to be a very high producer, and will, doubtless, give a good account of themselves. Dr. Wesley secured two animals, one of which was Golden Fern's Noble, which was in the first place in the fall and that had been purchased by his present owner. The other cow was a daughter of Oxford York's II. Mr. Cooper has sold six of this bull's daughters within the past year at an average of over \$1,000 each. At this sale Messrs. H. Bull & Son secured Golden's Noble, daughter of Cowslip's Golden Noble. Many good judges say that this cow will be the best in the country.

Avondale Sales to the United States

THE FIRST SON OF CHAMPION ECHO SYLVIA PONTIAC is sold went last week to the well-known A. A. HARTSHORN HERD, at Hamilton, N.Y. AT WORCESTER SALE, we sold sires to Messrs. Ralph Stevens and Quentin McAdams, two of the leading breeders in the United States.

We have only five of his sons left and they won't stay long as three went last week. They are all from splendid dams, and we want some of them to stay in Canada.

We offer SIX beautiful sons of WOODCREST SIR CLYDE—all grand individuals and from the best of dams, having records from two year class to mature cows with over 30 lbs. His first daughter's freshen has just finished a 22 lb. record. We can suit almost any purse and offer them at bargains.

CHAMPION is still open for service to a few approved cows. He has just been bred to the \$10,000 champion 2-year-old 42 lb. heifer, sold to Worcester; also the champion Junior 2-year-old Roycroft Farm.

Avondale Farm H. LYNN SUPT. Brockville, Ont.

"ENTIRE HERD TUBERCULIN TESTED"

The young bulls that I am offering are from strictly healthy sires and dams, whose records are high and their breeding, well, they are backed on both sides by World's records. Write at once as these bulls are priced to sell. Correspondence solicited. "The Home of the Grand Champ. Bull at C. N. E. and London, 1916."

Oak Park Stock Farm. W. G. Bailey, R.R. No. 4, Paris, Ont., Can.

Registered Holsteins

Bulls from one month to 11 months old for sale. All from our grand herd sire, Echo Segis Faysa, whose sire is half-brother to Segis Faysa Johanna, the world's wonder cow, that has just made a record of 50 lbs. in 7 days. If you need a well backed bull with just at once.

JOHN M. MONTLE, Sunnyside Stock Farm STANSTEAD, QUE.

HOLSTEINS

We have the only two sons in Canada, of the 46-lb. bull Ormsby Jane King—only mature son of the world's most famous cow. One of them for sale, also a 30-lb. calf, whose dam and two great-grand-dams average 35-4 all ages.

R. M. HOLTBY, R. R. No. 4, PORT PETER, ONT.

VILLA VIEW OFFERS FOR SALE

Villa View, the home of King Segis Alacra, Calamity and Dutchland Pontiac. Can't have the world's records than the herd sire of any other herd in Canada. We have a few Alacra bulls for sale at reasonable prices.

ARBGGAST BROTHERS, Springville, Ont.

LAKEVIEW HOLSTEINS

Are still in the lead. The latest Holstein year book shows that they held possible the both Toronto and London Exhibitions, 1915 and 1916. Now we are offering several richly bred young fellows that are looking forward to the fall fair, and we have decided to give \$25.00 in gold to the man that buys the 1917 winner.

Don't miss this opportunity. Act quick, and plan to spend a day at Lakeview Farm each or time.

Major E. F. OSLER, Fronts, Ont. T. A. DAWSON, Mgr.

Special Offer

of pedigreed TAMWORTH stock. Young sows in pig, also males and females about to be weaned.

VICTORIA COUNTY, NEW BRUNSWICK.

Tobique River, July 13.—The prospect for a good crop is fine. We are having splendid growing weather. There is grain of all kinds looking right. Along going to be above an average crop, if we only get good weather to take care of it. Pasture is extra good. Oats selling at 50c a bushel—D. I.

NORFOLK COUNTY, ONTARIO.

Port Burwell, July 17.—Weather conditions at time of writing are fine and warm. Potatoes are growing fine, as are also other vegetables. Farmers are busy taking care of hay, which is a fairly good crop. Hogs selling at \$15.00, eggs, 30c per butter. 3c. Hye promises well.—P. B. F.

WATERLOO CO., ONT.

WATERLOO, July 17.—Rain almost every day is delaying farm operations considerably. It is hard to keep up with the hoeing and weeding, and some root crops are too wet to work. Roots and bugs are behind time. Cereal grains look well. Hay is just commencing and is two weeks behind time. The total failure will be fall. Apples are almost a total loss. The first picnic of the Waterloo County Board of Agriculture was held in Waterloo Park on June 10th, and was a great success, about 400 being in attendance.—C. H. S.

GREY CO., ONTARIO.

THORNHURST, July 15.—We have had very wet weather for about a week. The hay that was cut is pretty near spoilt. Some say that their root crop is spoilt, while others say not. This on the low lands seems to have suffered the most. The pasture land has been good and the cows have not had a bad time. They want the weather to garner their hay crop.—C. P.

NEW CANADIAN RECORD.

Queen Inka DeKol, who for four years held the Canadian record for butter in the first month's division, has again established a new record, by producing 47 lbs. milk and 14 lbs. butter, average of 4.7 per cent. This record was set in the last 4 months after calving. This makes Queen the highest producing cow in Canada of any age in the eight months after calving division, and is only equalled by two other cows in the Lakeview Herd. At present, in the world at large, there are 13 daughters and grand-daughters of Queen.

SENIOR TWO-YEAR-OLD RECORD BROKEN.

Editor, Farm and Dairy.—I am advised through preliminary reports and by wire that the Holstein-Friesian heifer, Von Helm Mary Hartog, 2846 lbs, has broken the record for fat production for the senior two-year class of the thirty-day division by producing in thirty consecutive days 3,056.3 lbs. milk containing 14.4 lbs. fat, with the test still in progress. She produced the milk of a yearling, 6 months, 16 days. Her sire is Colanthe Hartog, 5640; her dam is Jacoba Hartog, Ontario No. 3366; the sire was had and is now owned by Mr. J. von
