Champion Regular Plugs are Studebaker Equipment

The smooth-running and dependability of Studebaker Cars are made possible through the exacting care with which each part is selected and put together.

Dependable Spark Plugs

play an important part in producing that dependability and smoothness.

This Champion plug was developed for the Studebaker as were other Champion Plugs for Fords, Overlands, and every other type of motor—in many instances replacing other makes of plugs.

Such is the tribute to Champion dependability.

We make only spark plugs and each type has been tested under super-service conditions to increase the efficiency and economy of operating the particular motor for which it was designed.

The outstanding feature of each Champion is its patented asbestos-lined copper gaskets which cushion the porcelain by absorbing the rapid and incessant blows of cylinder explosions.

Dealers everywhere sell Champions.

Look for the name "CHAMPION" on each porcelain. It guarantees "Absolute satisfaction to the user or free repair or replacement will be made."
