

GOSSIP.

Mr. S. Macklin, breeder of Holstein-Friesian cattle, Streetsville, Ontario, writes: "I have just finished a seven days' official test of two heifers, conducted by Harold Horoux, which is worthy of note. Mol De Kol 8377, four years and four months old, gave 555 lbs. of milk in seven days, making 20 lbs. of butter. Highest day's milking, 84 lbs., making 3 1/2 lbs. butter. Owing to the fact that she came in heat next to last day of test she would have done a great deal better, as she held up her milk, causing a big drop in butter-fat as well. This young cow was not forced through the whole test; she always cleaned up everything and looked for more. Willem 3rd's Great-Granddaughter Queen (4028), under three years, milked 455 lbs., making 14 lbs. butter in seven days. This is the kind of youngsters coming on at Maple Park Farm. I expect to have some more testing done in a couple of weeks."

MERCER OF MARKDALE.

Markdale is a thriving town on the Owen Sound branch of the C. P. R., in Grey County, Ontario. Among the most enterprising stockmen of that district must be classed Mr. Thos. Mercer, whose P. O. address is Markdale, and who is breeding Clydesdales and Shorthorns. He has built up a respectable trade with the farmers and stockmen of the Province of British Columbia, where he will probably be ere this reaches readers of the "Farmer's Advocate." His consignment this time being largely imported Clydesdales, among them being Kate's Fashion (imp.), a two-year-old, by Fashion's Plate (10746), who won a 500-guinea prize in Scotland as a three-year-old, also the Campbellton premium for three years in succession. He is a son of the sire of champions, Baron's Pride. Cleopatra, Vol. 27, a two-year-old brown filly, was bred by Jas. Kirkland, and sired by that noted horse, Woodend Gartley (10663). She is a direct descendant of Merryton Prince of Wales, a noted prizewinner. Candace, Vol. 27, is rising two years old, a full sister to Cleopatra mentioned above. Juliet, Vol. 27, is another yearling, by Stairfield King (11548), dam Dainty of Auldbrick (11541), sire by the Highland Society's Champion, King of the Roses. Tommie's Princess, Vol. 25, by Prince Tom (11149), has two champion winners in her pedigree, viz., Prince Thomas, that sold for \$4,500, and his dam Lady Lockhart. Pyeston Baroness, Vol. 26, rising two years, by Lathrisk Baron (11892), dam Rose 2nd of Pyeston (12946), by Prince of Albion 6178. Lady Richardson, Vol. 26, rising four years, is by Ratepayer (10422), dam Richardson Jess, by Lord Lothian (5998), has been shown a few times with success, won 2nd at the spring show, 1904, third at the Toronto fall show, and first at Ottawa in the same company. She is a clean-cut, stylish mare, with good underpinning, and may be heard from again some day. Lady Grace (imp.) [5805] is working mate to Lady Richardson, and a good match for her. She is by Coroner (10532), dam Lady Grizzel (13790). The blood of Prince of Albion and McGregor is also included in her pedigree. This bunch should be keenly sought after along the Pacific coast, as they are just the kind to breed stallions for the improvement of the draft horses of B. C. They are a growthy bunch with good limbs, but not highly fitted, just in the right shape for a purchaser to see what he is getting and to improve it afterward. Last, but not least, is the young stallion, Carlist (imp.) 4791, by Sir Everest (10917), by Sir Everard, the sire of Baron's Pride, dam Topsy, by Prince of Charlesfield (9979). This is a stylish horse of choice quality with plenty of substance, and should be a boon to the farmers of Grey County.

Mr. Mercer has only a few Shorthorns on hand at present, among them being Annie Stamford =46089=, by Aberdeen grandam by Imp. Royal Sailor, great-grandam by Young Abbotsburn =6236=. She is nursing a B. C. that will make it interesting for others at the exhibitions next fall. He is by Broadhooks Golden Fame (imp.), the bull that sold for \$330 at Mr. Mercer's sale last winter. There are a few others on hand of similar breeding and quality, but space will not permit of further mention.

On every bottle of Liquozone we offer \$1,000 for a disease germ that it cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Liquozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

Acts Like Oxygen.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables;

and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

Liquozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Liquozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

|--------------------|------------------|
| Dyspepsia | Throat Troubles |
| Eczema—Erysipelas | Tuberculosis |
| Fevers—Gall Stones | Tumors—Ulcers |
| Goitre—Gout | Varicocele |
| Gonorrhœa—Gleet | Women's Diseases |

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and \$1.

CUT OUT THIS COUPON, for this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, 458-464 Wabash Ave., Chicago.

My disease is.....
I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

.....
306 Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.
