

FARMERS, BUILD YOUR SILOES FROM Concrete Blocks or Solid Concrete

TAKE YOUR CHOICE

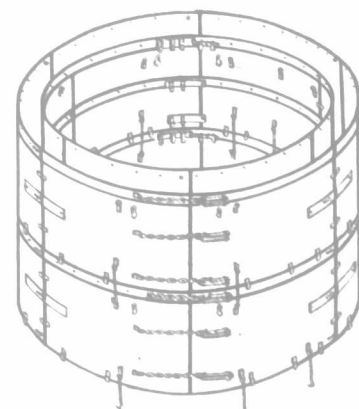

The London Adjustable Silo Block Machine

We control the patent rights and manufacture the only adjustable silo curbs. They build any size of silo, with any thickness of wall.

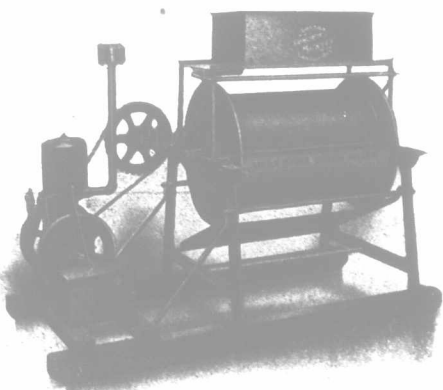

These curbs need no recommend from us. They are now known from the Atlantic to the Pacific.

THE LONDON ADJUSTABLE SILO BLOCK MACHINE builds the celebrated air-tight and sealed Concrete Block Silo, described on Page 1896 of this issue. We specialize on silo work.

We furnish plans and specifications for any kind of silo free of charge.

The Patent Adjustable Silo Curbs

The Little Giant Hand or Power Mixer

Don't forget THE LITTLE GIANT CONCRETE MIXER. Most used of any mixer for small contract work. The only practical hand mixer on the market. Can be equipped for any kind of power.

The Little Giant Inside does the business. Ask for pamphlet No. 14.

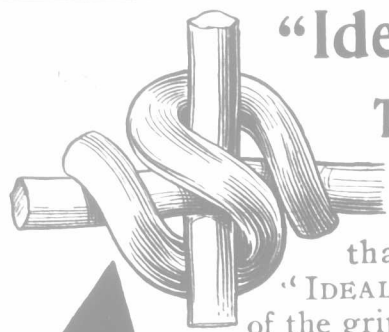

We manufacture a full line of Concrete Machinery and Cement-working Tools, and can supply every requirement. Write us for full information on your special subject. (Mention The Farmer's Advocate when writing.)

19 Marmora Street, LONDON, CANADA.

Largest Concrete Machinery Company in Canada.

"Ideal" Fence has features that shrewd buyers appreciate

That's why our Agents are so successful

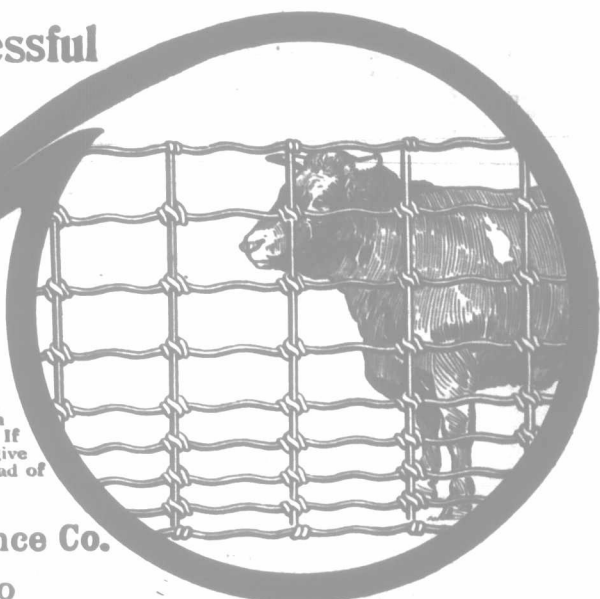

"IDEAL" WOVEN WIRE FENCE

It is undoubtedly the strongest fence lock in existence. The farmers buy "IDEAL" for the same reasons as do the railways. "IDEAL" fence is easiest to sell. That is why our agents are so successful.

Taking orders for "IDEAL" fence is far easier than you may think. The "IDEAL" has features that shrewd buyers appreciate. The railways buy "IDEAL" because of its weight and quality, because of the gripping tenacity of the lock on the

Don't you think it would be wise to write us for complete particulars in regard to becoming the "IDEAL" fence agent in your locality? Do so to-day. If you wait until to-morrow you give your neighbor a chance to get in ahead of you.

BUY OUR No. 10

if you want an especially good general-purpose plow of medium weight.

IF YOU are looking for a medium-weight plow, suitable for all kinds of land, and specially for sod—that will clean in any soil—that is very light of draft—that is, like all Paris Plows, far above the average quality—then we say **Get Our No. 10.** All Paris Plow Moldboards are tempered by "refrigerating" process. Moldboards thus tempered never have any "soft" spots, the common fault of those tempered by the "old" process. Ours are always of uniform hardness and scour extra well. Ask our agent in your locality for further particulars.
