CREAM SEPARATOR USERS

Finally Buy
SHARPLES Dairy Tubulars

Others have tried disk-filled, complicated or cheap cream separators—and have discarded them for Tubulars. A steady stream of such machines reaches us daily.

There is the best reason in the world for this: Dairy Tubulars contain no disks—have twice the skimming force of others—skim faster and twice as clean—wear a lifetime—are guaranteed forever by the oldest separator concern on this continent.

Mr. J. R. Hammond, Monkton, Ont., says: "Have used Tubular five years in dairy of 12 to 15 cows. Have had to replace nothing. Is as perfect as when started."

Other separators are still built on a principle we abandoned over 10 years ago. They cannot be compared to Tubulars. You will finally have a Tubular—why not get it first?

Don't waste time on any cheap or complicated separator. It is not worth while. Our local representative will gladly show you the quality separator—The World's Best—the Tubular. If you do not know him, ask us his name.
