

What Ontario Farmers say about the Massey-Harris Binder.

Brantford, Ont., July 30, 1901. MASSEY-HARRIS Co., Limited, Toronto: DEAR SIR:—After giving the New No. 4, 6-ft. Binder I purchased from you this season a thorough trial, I can truthfully say it fully meets my anticipation in every respect, the draft being light and management easy; and the extra number of roller bearings, the iron-capped rollers and the improved steel cutter-bar are very valuable improvements. My brother, who has travelled extensively through the Western States, has had an opportunity of seeing many different American binders work. He is now paying me a visit, and after seeing mine work is delighted with it, and especially remarks its lightness of draft.

Yours truly, Wm. Roddick. St. Thomas, Ont., July 27, 1901. MASSEY-HARRIS Co., Limited, Toronto: GENTLEMEN,—I have tested your New No. 4, 6-ft. Binder in long rye, fall wheat and short oats. It is a first-class machine in every respect. Two horses handled it easily. The knoter and new butter are great improvements on anything I have ever used before. It never misses a sheaf. As long as you continue to manufacture such machines, I cannot understand why any Canadian would buy a machine manufactured in the United States or any foreign country. Myself and brothers use four of your binders and they are all giving entire satisfaction.

Yours truly, Thomas Parish. Norwood, Ont., July 30, 1901. MASSEY-HARRIS Co., Limited, Toronto: GENTLEMEN,—The No. 4, 6-ft. Massey-Harris Binder and Sheaf Carrier I purchased from P. W. Stevenson is all that it was represented to be. The draft is exceptionally light and the work is first-class. All levers are convenient and easy to handle. I cut a heavy field of peas and oats; the former, being down, were so wet that I could wring the water out of them, but the No. 4 was fully capable of handling them in a first-class manner.

Yours truly, John Elliott. Mr. N. P. Clark, the well-known American breeder, is importing from the Old Country about a dozen head of Shorthorns of various ages, headed by Baron Ensign 7679, from the herd of Mr. R. Taylor, Pittville Farm. The famous Merino ram, Vice-President, that sold three years ago at Sydney for \$5,000, was knocked down this year for 125 guineas to Adam Gibson, son of the breeder of Vice-President. This grand ram is now eight years old.

Messrs. Dalgety Bros. have purchased several horses lately from Mr. Peter Crawford, Dargavel, for exportation to Canada. Amongst these are gets of the well-known horse, Prince of Brunstane (9577), the well-bred premium horse, Sir Thomas (9681), the sire of the H. & A. S. Show champion horse, Prince Thomas; and the late Mr. Lockhart's well-known prize horse, Mains of Airdrie (10379). These are thus well bred horses, calculated to be popular in Canada.

Messrs. Lavin & Richardson, Harriston, Ont., have shipped a couple of three-year-olds, purchased from Mr. Alex. M. Simpson, Whitecross, East Killbuck. These horses, Moonlight and Sign of Riches by name, are big and well bred. The latter is sired by the champion Hiawatha, dam a McVicar mare, out of an Old Times mother. His grandam was by Sir Gordon, a son of Darnley and a Prince of Wales mare, and he is a horse of high individual merit.

A number of very good Ayrshire cattle were shipped from Glasgow for the Canadian Experimental Farms. They were all purchased through the Hon. Sidney Fisher, Dominion Minister of Agriculture, amongst them being four fashionably bred two-year old heifers from the herd of Mr. Wallace, Auchinbrain, Manachline. Five big, wealthy, milky-like cows were also purchased from Mr. Woodburn, Galston, in the same district, while two came from Mr. Stroyan, Culcairie, Kirkcubright. One, the latter, was the prize cow at a three-year-old at Castle-Douglas in 1898, the other being Maggie of Culcairie, which stood second at Castle-Douglas this year.

The animals were all selected for their milking-like qualities, the Auchinbrain heifers being descended from some of the best milking strains on the farm. Mr. Fisher also took out a very good two-year-old bull, bought from Mr. Clement, but bred by Mr. Wallace, Auchinbrain, and by the same sire as the heifers.

Applications will be received by the Government of South Australia, Adelaide, or by the State Agent, 1 Crosby Square, London, E. C., England, for the position of Government Professor of Agriculture. The duties of the office are: (1) To superintend the Agricultural College and Experimental Farm and teach classes thereat. (2) To advise the Government on all points relating to agriculture. (3) To lecture to agriculturists when required.

The applicant must be competent to make analyses of soils and to conduct such scientific and practical experiments as the Government shall consider necessary. The salary will be £500 per annum with rations, house and fuel. The term of engagement is five years, subject to satisfactory performance of duties. Appointments must be in accordance with the provisions of the Public Service Act, 1896, and the regulations thereunder. Further information may be obtained from the Hon. the Secretary of the Department of Agriculture, Adelaide, or by the State Agent, 1 Crosby Square, London, E. C., England. Applications will be received until the 1st of October.
