ADVERTISE IN THE ADVOCATE

study back history it may not be out of place to mention a few celebrated Shire stallions which have been first-prize winners at the Royal Shows of bygone days, and also helped in building up the Shire breed and making it the best and (possibly) soundest breed of draft horses in the world, and certainly the most popular.

It is only within comparatively recent possible) no better sight could be provided for present-day Shire breeders than a muster at Park Royal of past winners of this breed at the sixty-four shows already held by the Royal Agricultural Society of England. Some of them appeared again and again, notably Honest Tom 1105, who accomplished the absolutely unique feat of winning first prize six years in succession, beginning at Bury St. Edmunds in 1867 and ending at Cardiff in 1872, between them coming Leicester, Manchester, Oxford, and Wolverhampton. As well as a show horse, he was a prolific sire, and no sale catalogue can be read without finding his name very frequently. He was bred by Mr. Welcher, Watton, Norfotk, his dam being a third-prize R. A. S. E. winner, and her sire, Emperor 688, won first at the Warwick Royal of 1859. Another horse of exceptional stock-getting ability was Spark 2497, owned by Sir (then Mr.) Walter Gilbey; he won first at Derby in 1881, and second at Reading in 1882, besides being first at the S. H. S. on three occasions and champion twice. It is gratifying to notice that his exhibitor is still one after nearly a quarter of a century has passed.

The late Lord Wantahe's Prince William 3956 is a horse to be remembered, having taken the Queen's Gold Medal at the Great Jubilee Show, Windsor, 1889, and has since become remarkable for being the sire of fifty animals sold at the Lockinge sale of 1894, which averaged over £116 each, no other sire being represented.

Bury Victor Chief 11105 stands out conspicuously as a winner at three successive Royal Shows, viz., Plymouth, 1890—as a yearling—Doncaster, 1891, and Warwick, 1892, and as a two-yearold he was sold by Mr. Jno. Rowell to Wainwright for the tional sum of 2,500 gs., at which, how ever, he has proved to be cheap.

Since then the London champion of 1893 (as a yearling) has been a Royal champion, Lord Belper's Rokeby Harold but space forbids going into further de tails. Still, enough has been said to prove that the Shire breed has hitherto been worthily represented at the shows of the premier agricultural society of Great

Until then they were included in "Agricultural Horses, not Clydesdales or Suffolks," but it must not be supposed that mongrels came and took the honors, and true-bred Shires went empty away.
