INSTRUCTIONS AS TO REMITTING MONEYS:-1 .- When sending money for subscribers, say whether old or new, and if new, write out their Post Office address plainly.

9 .- See that your remittances are duly acknowledged. A delay of one or two weeks may be caused by the business of this office. After that inquire if they do not appear.

BOOK STEWARD'S APPEAL To Ministers on the Circuits concerning WESLEYAN LISTS.

DEAR BRETHREN-Since the lists of Subscribers for our Church Organ were sent to the various Circuits in the three Eastern Conferences, a few weeks since, we have been waiting and some-what anxiously looking for the return reports touching both the past and the future. These Lists showed that on many of the Circuits there were a great many small sums due and on some of them far too long overdue. These together, though individually *small*, amounted to a sum total sufficiently large to create a distressing total sumciently large to create a distressing Deficiency in the Income for some time past, and to cause serious present embarrassment in the working of the office. When the Lists were sent out we did hope that before this time more would be accomplished in collecting these due and everdue balances than appears to have been done. We do not, however impute neglect to any of you our brethren, whose assistance we are authorized to expect in this connexional business .- We do not ubt that you have done all that could be conveni ently done, -we know that the business of collecting must be, in those times more than ordi-narily difficult; and yet we can but think that, if all realized, as we do, how essential it is to the comfortably and advantageously carrying forward of the work in this department of our I'll Try; or, How the Farmer's Son became a Captain. 12 illustrations. Church enterprise, that every dollar due on the Subscription Lists should be obtained, the work of collecting and remitting would advance somewhat more rapidly.

We, therefore, make this earnest appeal to Circuit Superintendents and others who are concerned, respectfully urging them to do-not only all they conveniently, but all they possibly can, to ensure the very early remittance not only of every Dollar that is now overdue for the WESLEY-AN to the close of 1879, but also of \$2.00 as an advance payment from each Subscriber for 1880.

We need to receive several thousand Dollars this month to enable us to meet the liabilities of the office, please, Brethren, therefore do all you can to help by collecting and immediately remitt-

ing all you can on WESLEYAN Accounts. Remittances of small sams can be made safely and at very small expense in Post Office Orders payable to me at the Halifax Office.

The fee for an order for ten Dollars or less is only five cents, and for one for four Dollars or less, only two Cents. Please therefore Brethen, remit at once any,

even small, sums which you may collect.

Yours faithfully, H. PICKARD, Book Steward. Halifax, N.S., Jany. 14th, 1880.

P.S.-If it should seem to any present Subscriber absolutely necessary to order a discontinu-ance, he should pay in addition to whatever was

The PAPYROGRAPH and ELECTRIC PEN Superseded.

No Copying Press required .- Most simple Process invented. Instant Reproduction without Press or Damping.

Clergymen Enabled to Vastly Multiply their Usefulness.

One to two hundred copies of Church Reports, Pastoral and other Letters, Sunday School Lessons, Prayer-meeting Topics, Circulars, Plans, Drawings, Specifications, Music, etc., in one, or more colors if desired, at one operation. This process can be repeated for any number of thousands of copies.

Copies can be made on any kind of Paper without previous preparation, and can also be made on Muslin, Linen. Leather, Silk, Wood, etc.

## HOW IT CAN GREATLY SERVE THE PREACHER.

There are scores of ways in which a clergyman will find this invention of the greatest service to him. It is important that the annual report of his labors, or that the treasurer's or secretary's report, or the report of some committee be placed in the hands of all members : in five minutes a child can take 100 or more copies from the original writing, each one a perfect fac-simile. Thus days of labor or a heavy printer's bill is saved. Often a pastor will find it of great value to address personal let. can be prepared in a few minutes. Also programmes and tickets of monthly concerts or entertainments, the topics for prayer-meetings, etc. etc. ; additional copies (a score or 100 if desired) of a sermon or newspaper article which he wishes to write, tracts for distribution through his neighborhood, invitations to attend his services, all can be done quickly and neatly through this wonderful discovery.

The whole method is simplicity itself. We deem this method, after examination and use in our office, as far preferable to either the PAPTROGRAPH or ELECTRIC PEN, or any other of this class of duplicating processes. Its weight is less than 4 pounds. There is nothing about it liable to get out of order. The whole process is perfectly clean

### OUR PAPYROGRAPH OFFER WITHDRAWN.

We have been astonished at the simplicity, cheapness and efficiency of this new invention, and as it will accomplish with one-tenth the trouble and one-sixth the expense the work of the Papyrograph, we withdraw our offer, made last month, in favor of this new invention.

### ORDER AT ONCE, AS THE PRICE WILL PROBABLY BE ADVANCED.

There is a conflict between rival manufacturers for the patent for the process. This rivally has run the price down to \$5.00. As soon, however, as the right to the patent will be determined, the successful claimant will most likely advance the price, as he will then hold a monopoly.

BEWARE OF IMITATIONS ALREADY IN THE MARKET.
