NEWCOMBE

BEETHOVEN'S MUSIC

Is so full of chromatic successions that it is absolutely unplayable on a common piano. Beethoven used every known trick that the piano of his day could accomplish. On the Newcombe Piano Beethoven's music can be played as it should be. The fulness and sonority of tone and distinction of the bass notes one from the other render this music practicable and enjoyable on the Newcombe Piano. We should like you to come in and hear the sweet tones of our pianos—which were awarded the Gold Medal at the Paris Exposition—especially a Grand which we intended to exhibit at the Toronto Exhibition, but were unable to finish in time.
If you love music, drop in.
