The old way was to buy bonds at \$100.00, \$200.00, \$500.00 and up and then collect the interest every half year and spend it!

The "Canada Permanent" way is to pay in the smallest amount which, when compound interest is added, will give you the desired amount in 5 years. See the figures and talk it over with us.

PAYABLE IN 5 YEARS

\$76.24 will purchase a Bond for \$100.00

\$100.00 will purchase a Bond for \$131.16

And larger amounts in same proportion.
