Ogilvie's Granular, Creamy Hungarian HAS NO EQUAL.

Makes 30 pounds more bread per barrel than any other Hard Wheat Flour, and 70 pounds more than any Soft Wheat Flour.

### DIRECTIONS

We insist upon a greater quantity of Water being added than you have been in the habit of doing with soft ground flour, making the sponge to the consistency of a THIN batter.

For BAKERS' BREAD use 1/8 to 1/4 less yeast.

HOME-MADE BREAD 1/4 to 1/3 less than formerly. Keep the dough MUCH SOFTER THAN USUAL.

DO NOT MAKE IT STIFF.

Salt is a most important factor in regulating fermentation, and in Bread-making during cold weather 1/4 to 1/3 less salt is necessary than would be during the warmer months. This is due to the difference between artificial and natural heat.
