Experienced management, combined with skilled accountants and engineers, afford us ample facilities for providing

Periodical Audits of Accounts
Special Investigations of Books
Engineering Examinations
with Appraisals of Values

All performed with ACCURACY, FIDELITY and SECRECY

Our facilities are of special interest and value to the manufacturer and merchant. For them ACCURATE COST SYSTEMS are devised and installed, whereby each article manufactured is charged with its proportion of material, labor and other expenses of production, a running inventory is established, and frequently
