ter of Mr. P. J. Mulroney, of Stoc-  
co, became the bride of Mr. Stanley Mul-  
roney, son of Mr. and Mrs. Thos.  
Mulroney of Stocco.

The bride wore a dainty suit of  
taupé broadcloth with black hat and  
brown fur and carried a bouquet of  
white roses and ferns. The little  
Misses Mary and Vera Candon,  
cousins of the bride, acted as flower  
girls. Miss Mary Corrigan, sister

Mr. P. J. Mulroney, of Stocco.  
Mrs. George McWilliams played the  
wedding march as the bride entered  
the church.

After the ceremony a sumptuous  
wedding breakfast was served to the  
immediate relatives of the bride and  
groom at the home of the bride's  
parents. The number of beautiful  
and costly gifts including a substan-  
tial cheque from the bride's  
parents, show the high esteem in  
which the young couple are held.

Mr. and Mrs. Mulroney left on the  
midnight train for Detroit and on  
their return will reside in Marlbank  
where Mr. Mulroney is a prominent

Henry Holgate  
in Who's Who

Henry Holgate, C.E., the engineer  
appointed by the Department of Rail-  
ways and Canals to investigate the  
power shortage in this division of  
the Hydro-Electric system, is rated  
as one of the most prominent mem-  
bers of his profession in the Domini-  
on.

Holgate was born in Milton, Ont.,  
on September 14, 1863, the son of  
John and Jane (Browne) Holgate  
and was educated in the schools of  
Toronto. At the age of 15 he was  
apprenticed under the late Colonel  
Fred W. Cumberland to the North-  
ern Railway of Canada and was con-  
nected with railway construction and  
maintenance for the next thirteen  
years. For three years he was en-  
gaged in bridge and structural de-  
signing and in 1894 he entered the  
service of the Royal Electric Com-  
pany in Montreal.

From then on he was intimately  
connected with power and built and  
operated the Montreal Park and Is-  
land Railway in 1898 went to Jama-  
ica as manager of the West India  
Electric Company. He built and  
operated the Hydro-electric Tram-  
way System in Kingston, Jamaica,  
and in 1901 returned to Montreal  
and entered into partnership with  
Robt. A. Ross, E.E., which lasted  
until 1911.

During the ten years of his part-  
nership with Ross the firm were  
engineers for many big Hydro-elec-  
tric enterprises. They constructed  
the plants of the West Kootenay  
Power Company, the Canadian Cooper  
Company, and many others.

He investigated matters regarding  
the Trent Valley Canal for the Do-  
minion Government in 1906, was ap-  
pointed chairman of the Royal Com-  
mission of Enquiry into the collapse  
of the Quebec bridge in 1907, and  
his report, which is unique in

engineering literature, was issued in  
February of 1908. In 1909, he was  
one of a board of consulting engi-  
neers appointed to report on the  
future development of Montreal har-  
bour. He became president of the  
Cedar Rapids Power Company in  
1911.

He is a member of the Canadian  
Society of Civil Engineers, The Amer-  
ican Society of Civil Engineers, the  
Council of the American Institute of  
Civil Engineers, and the Board of  
Management of the Montreal Gen-  
eral Hospital.

In 1888 he married Bessie Bell  
Headley, of Millard, Delaware. He  
has two sons and lives at 44 Rose-  
mount avenue, Westmount, having

Rednersville  
Women's Institute

Our September meeting was held  
at the home of Mrs. Norton Weese  
with a good attendance, the Presi-  
dent, Mrs. Orvis, presiding. After  
the business discussions the program  
consisted of a reading, "Only  
Mother" by Mrs. D. Stafford, a solo  
duet by Miss L. Arkel and Mrs.  
Harry Cunningham. Selections on  
the Sonora were given while lunch  
was served by the young ladies.

Our next meeting will be held in  
Rednersville church Oct. 28th.  
We are much pleased to announce  
the winners of our special prizes  
given at our school fair contest for  
the best hand-made button hole. In  
class 8, 10 years, Miss Kathleen  
Giles; in-class 11, 14 years, Miss  
Heleen Redner. The prizes, kindly  
donated by Mrs. Haugh, Toronto,  
will be awarded at our next meeting.

In spite of unfavorable weather,  
our tag-dag at Roblin's Mills Farm  
realized \$37.00 for our Prince Ed-  
ward County Hospital.

We are very grateful for the  
generous response of the public on  
that day, to the young girls who so  
faithfully tagged, to the captains,  
Mrs. Roy Anderson and Mrs. D.  
Stafford and to Mr. Roy Anderson  
for the use of his car.

## DR. CLEAVER IMPROVING

Rev. Dr. Cleaver, pastor of Bridge  
Street Methodist Church, seems con-  
siderably improved today. His son,  
who is a physician in Toronto, was in  
Belleville yesterday and thought it  
would not be wise to move him to To-  
ronto until the end of the week. It  
has not yet been definitely ascertain-  
ed whether there has been any injury  
to the cheek bone by the fall from the  
bicycle which Dr. Cleaver had last  
Saturday.

## OBITUARY

## MISS CARRIE CALLERY.

Miss Carrie Mabel Callery, died in  
the general hospital Toronto, on  
Monday, Oct. 18th 1920. She was  
the youngest daughter of the late  
James Callery and Adaline Badgley.  
She was born at Cannifton, but had  
lived the greater part of her life in  
Port Huron and Detroit, and had  
lived a most exemplary life; was  
possessed of a sweet genial disposi-  
tion, and made many friends who  
will mourn her early passing.

She leaves to mourn her loss two  
brothers and three sisters, C. A.  
Callery and Miss Mary, at Cannifton;  
Dr. A. L. Callery and Miss Hattie,  
Port Huron and Mrs. G. W. Ham-  
mond, Campbellford.

The funeral will be held from the  
home of her brother, Mr. C. A.  
Callery Cannifton, on Wednesday  
afternoon at two o'clock.

## Threshing Beans

Take a large bag, such as bran  
comes in, cram all the beans you can  
get in, tie up and beat with the flat  
side of a shovel or spade for about a  
minute or two, depending on how  
dry and brittle the vines are. Then,  
turn out into a barrel, shake out the  
vines and leave beans and small re-  
fuse in barrel. Some windy day, let  
the wind blow through them by turn-  
ing them into another barrel from a  
pail held about three feet above the  
barrel. It only takes about five  
minutes to fill and thresh a bag.  
When you get through your beans,  
vines, etc., are all cleaned up. Vines  
can be burned as soon as the job is  
done.

Mr. Edward Chappes, of Detroit,  
is in the city visiting his parents.

John Tait Died  
Suddenly at the Sault

Mr. John Tait, a native of Picton,  
and an esteemed resident of the town  
until a few years ago, died suddenly  
at Sault Ste. Marie, Ont., on Sunday.  
Since leaving Picton Mr. Tait has di-  
vided his time between Toronto and  
the Sault, having daughters living in  
both cities. He died at the home of  
his son-in-law, Captain Keith, the  
deceased was a ship carpenter of re-  
pute and for many years was in  
charge of Hepburn's ship yards  
where he constructed and rebuilt  
craft of all kinds. His wife died  
about twenty-five years ago. For  
the last few years Mr. Tait had liv-  
ed retired, but spent much of his  
time at the Sault where the ship  
building industry was of great inter-  
est to him. His only son, William  
Tait, died at Toronto several years  
ago. The other members of the fam-  
ily are, Mrs. Keith and Mrs. Berrin-  
get at Sault Ste. Marie, Miss Nell-  
ie and Margaret and Mrs. White in  
Toronto. The remains were brought  
to Picton and interred in Glenwood  
cemetery on Tuesday. Mr. Tait was  
81 years of age.—Picton Times.

## CAR'S QUEER FREAK

Yesterday afternoon an automobile  
drove into the Mill street sewer exca-  
vation and landed flat on the bot-  
tom. Just the top of the machine  
showing on the level of the ground.  
Fortunately the occupants, three for-  
eigners, escaped injury as the car  
fell on its wheels. The machine was  
damaged somewhat and was lifted  
out and taken to a garage.

Mr. and Mrs. Charles Croft motored  
up from Deseronto last evening to  
see Mrs. Croft's cousin, Jack Wells,  
who is in the hospital as the result  
of an accident he met with on Fri-  
day evening.
