Bishop Wiseman, the intrusive Cardinal, has ublished a pamphiet, in which he endeavors to ow that the Papal Bull, notwithstanding the language in which it is couched, does not pretend to give the Bishops any authority more than that held by the Vicars Apostolic-he wishes us, in fact, to believe, that there is a distinction ithout a difference, and that the claim of the Bishop of Rome " to administer all the spiritual, and no small part of the temporal affairs of Engmd," is a more phrase, " fu'l of sound and fury, signifying nothing." This is Jesuitical, and, however it may now suit Bishop Wiseman's purpose to bend before the storm he has evoked, such being ever the policy of the Romish Church in Protes-

There was no attempt to enceed, there was no disposition to mitigate. The measure as not explained to be intended only for the Roman Catholics. On the contrary, the terms were as broad as language could make them. The Protestant Church of England was swept sway, to make room for the hierachy of 1 as than a million of Roman Catholics. Not the good of the present Roman Catholics are most inprudently, yet most expressly, declared to be the chef motive of the asthors of this ill-advised measure. Some ten weeks ago, I stated, in one of my let-ters, that great evils had resulted to intending set-tlers from the stoppage of the sales of public lands in several parts of Western Canada. The fact excited, at the time, no attention on the part of the Press. At length, one journal in Western Canada has broken silence on the subject. The Huron Signal states that the asle of public lands MR. FISKE will newly Canada has broken silence on the subject. The Huron Signal states that the ade of public lands in the County of Huron has been stopped since the month of June, 1849. After this long inter-regnum, they are again about to be brought into market. The Signal, a Ministerial journal, says that the effect of this extraordinary halt, has been the means of serious injury—nay, of partial ruin to hundreds—y's, thousands of our fellow country-men."
