## EXPECTS THAT BARROW WILL HAVE NEW JOB

Says Joe Villa of the New York Sun—"It will not surprise me if Edward G. Barrow is elected President of the Yankees, in which event William J. Claymer may be the manager. James R. Price, a member of the State Athletic Commission and formerly sporting editor of The New York Press, is slated to succeed Barrow as President of the International League.

## YANKEES OUT SOLD; NOT LIKELY TO BE

French Lick, Ind., Dec. 19.—The 1915 schedule meeting of the American and National Leagues opened here yesterday. No developments were announced in the negotiations for the sale of the New York American League club to Col. Jacob Ruppert, junior, and Captain T. L. Huston.

San Johnson, Barney Dreyfuss and John Heydier spent the greater part of the day considering the schedules.

play this winter. Cardinal was with the Chreiber team part of last season, and later joined the Port Arthur team of the Thunder Bay League.

According to a Montreal despatch, Jack Mulvaney of Ormstown is in Montreal, trying out with Canadiens, and if the management of that team considers him good enough he will come to Toronto for a trial with the Torontos.

Gauthier, the Grand Mere goaler, is the logical choice for the net position on the Wanderer N. H. A. team. Gauthier played with Grand Mere here last season against Toronto R. and A. A. and made a favorable impression upon the local fans.

The Victorias of this city and the Midland senior team, will play an exhibition game at the Arena here on Wednesday evening. The Midlanders will have some new material to parade for local inspection, while the Vics will use all of the stars who won the senior championship last season, with the exception of Goalkeeper Smith, who is now with the Melville, Sask. team.

Will they ever get them large enough

The stadium fever continues to spread throughout the land. Philadelphia and Chicago civic associations are now discussing the feasibility of erecting immense structures capable of seating 100,000 spectators. It is the idea of those fostering the plans that stadiums of this type can be used for many purposes, such as big football games, track meets, pageants, choral festivities and military displays. The estimated cost ranges from \$1,000,000 to \$2,000,000, and the receipts, on paper at least, are expected to equal all disbursements in the course of a few years.

## LEAF'S CUBAN PITCHER TWIRLS NO-HIT GAME

HAVANA, Cuba, Dec. 19.—Palmero the Cuban pitcher, who was with the Toronto International and Canadian League clubs last season, and released to a minor league club, pitched a no-hit game against the Fe club yesterday, his team winning 7 to 1. He struck out 12 men. He gave two bases on balls and made a wild pitch, which produced Fe's run.

## PRESTON CHAMPIONS DEFEATED HAMILTON

HAMILTON, Dec. 19.—The Hamilton Tigers O. H. A. intermediate team opened the season here last night with Preston in an exhibition game. The visitors won quite handsily by 11 to 6, but the Yellow and Black representatives were by no means at full strength. Several new and inexperienced lads replaced some of last year's regulars, while Preston presented a strong front. Reese starred for the Tigers and Butterfield, Schlegel and Etherington featured Preston's play.

## WELSH'S CONQUEROR MEETS A SURPRISE

BRIDGEPORT, Conn., Dec. 19.—Sam Robideau of Philadelphia and Joe Shugrue of Jersey City, lightweights, fought fifteen fast rounds here last night, and a majority of the newspaper writers gave Robideau the advantage by a slight margin.

Robideau had the advantage in six rounds, Shugrue in four, with the others even. Shugrue weighed 134½, Robideau 134½.

## Popularity

It is not a good sign for a man to be seeking popularity. If he does so, it is certain that he will let go of the sincerities and realities of life. Popularity is often a compromise between right and wrong, the wrong frequently getting the better of it. We sometimes see men who are vain of their popularity. They smile and smirk about it as if it were their true worth that made them popular, when really it is only a touch of their own instability. Such men do not last long. Sensible people soon see through them—see their insincerity, their vanity, and their deceit, and so easily despise them, which feeling soon spreads throughout a community. Any one who opens his eyes can see examples of these popular men slowly but surely losing caste.

But there is such a thing as real popularity. It is where men have by conduct so won the admiration and their courage, integrity and noble respect of others that they stand pre-eminent among their fellows, with no suggestion of a selfish purpose or vain ostentation. Such popularity is worth a man's winning.—Ohio State Journal.

## A Crime to Play

Every large city has to meet the problem of its children, at play no less than at school. Mr. Edward M. Barrows recently issued a report of his investigations concerning the condition of the boy on the city streets. He states that there were 12,000 children arrested in one year in New York City. "Their crime consisted in doing the only thing they ought to do—namely, playing."

The crime of children," says the report, "which begins as a purely legal fact, becomes, through normal evolution under street conditions, a moral evil and results in criminal types and criminal gangs."

In commenting on this, a writer in the New York Globe says: "You devote millions to police courts and prisons, while if you took care of the

## Shell Fire And Its Effects

LONDON, Dec. 6 (correspondence)—The extraordinary effects of shell fire upon those who are forced to undergo it, are being discussed at length in the British medical journals. An English surgeon now attached to a Paris hospital, reports the cases of four men who show absolutely no trace of bodily wounds, but who are now under his care. Two of them were struck deaf and dumb by shell explosions; neither of them has anything wrong with his organs of speech or hearing, but is suffering simply from shock. A third cannot see, caused by a nervous shock. There is nothing the matter with his eyes and complete recovery is promised after a period of quiet and rest. The fourth man's experience left his mind blank. Field surgeons contribute accounts of the manner in which death comes from shell fire. In some cases men are found stiff in death in life-like attitudes so that the stiffness characteristic of a corpse must have come on at the very moment of death.

## WOE FOR WILLIE

During morning school the children had been examined and their eyes tested, according to the education authority's latest decree.

Those who were suffering from any defects had notes given them to take home to their parents.

Among the note-bearers was one, William Finch, and the note he bore was as follows:

"Dear Sir—I beg to inform you that your son, William, shows signs of astigmatism, which ought to be attended to at once. Your faithfully, 'JOHN WISE, Headmaster."

In the afternoon Willie brought a reply:

"Dear Sir,—I don't know just what it is that Willie's been doing, but I wallowed him well this dinner time, and you can have another go at him if he isn't better. Your faithfully, RIPVANWINKLE."

## Boy Knight Notes

The lecture by Mr. McFarlane, junior Y.M.C.A. secretary last Friday evening, was largely attended. His pictures were fine, a number being views of the soldiers belonging to Old Country regiments. A large number of the English hardships were shown, also a touch of humor was added by showing a picture of the Kaiser being tickled with a bayonet by an English soldier. It was certainly most amusing.

Mr. McFarlane is a good speaker and readily holds the attention of the boys.

We had a card from John Hawke, and he also sent a number of views of the camp. He writes very interestingly about the work and says all the boys are well.

Mr. Everest wrote during the week desiring to be remembered to all. He is making good progress with his work.

Our parade during the past week has been well attended and much useful work has been done along all lines.

We have lots of visitors these days and they are always welcome. Any boy who is willing to behave himself is welcome at the B. K. Armouries.

A BYE-ELECTION  
ST. JOHN, N.B., Dec. 18.—The bye-election in St. John county, consequent upon the appointment of J. B. M. Baxter, K.C., as attorney-general, will be on January. Nomination will take place on December 31. The opposition convention to choose a candidate for St. John county has been called for next Wednesday, here. On January 7th there will also be the bye-election in Carleton county for the seat vacated by Hon. J. K. Flemming, late premier.
