Recruits Are Tumbling in Now Steadily

Recruiting for the 58th half company at the Armories assumed a much brighter hue last night, there was quite a crowd of youngsters put in an appearance eager to give lives for the King and country.

Really the officers admit that recruiting at the Armories shows all the vagaries of spring weather, but when things are quietest, makes remarkable recoveries and comes along with a rush.

Several called and left their names to call again to-night and see the doctor. The staff grins quietly at this arrangement, and says slyly, "Saturday's tub day," and the civilians look blank.

Two good sturdy lads tried last night and one got through, the other departing to take up club exercises in an endeavor to raise the extra inch on his chest. Others looked in, had a look over and will be back again, it is being done with methodical precision, not ingenuous haste, this business of getting soldiers for Canada.

To-night the Armories are open, and all lads who wish to get through quickly should parade early by eight o'clock at least, and so ease up the congestion and wearisome wait to be examined.

AMERICA'S ACTION IS AWAITED

It Will Set a Precedent For All Time.

By Special Wire to the Courier.

London, June 5.—The Morning Post's naval correspondent in an article to-day discusses the situation existing between the United States and Germany as a result of Germany's submarine warfare.

"The action of the Germans in sinking merchant vessels without having previously sent a boarding officer on them," says the correspondent "is undoubtedly contrary to the law of nations. The issue between America and Germany therefore is reduced to the simple question whether neutral nations will permit such actions as Germany's to pass without appealing to the arbitration of war. In this respect the United States has in its keeping the present and future rights of all neutrals, for America is by far the most powerful among the neutral nations, almost all of which are suffering under the same wanton wrongs. The action of America in the present situation must inevitably establish a far-reaching precedent."

FINISHING TOUCHES

Washington, June 5.—President Wilson was to-day putting the finishing touches on his latest note to Germany concerning the sinking of the Lusitania. It already had been approved in principle by the cabinet. All that was needed to-day to start the communication on its way to Berlin was the making of minor changes in phraseology.

The president was expected to complete the work of revision during the day. The note will then be sent to the state department for transmission by cable probably to-night or to-morrow, to Ambassador Gerard at Berlin who will, in turn, present it to the German foreign office. Previous reports that the note would be brief but emphatic are borne out, it is said by the text as it now stands.

WILL NOT BE RECOGNIZED

Washington, June 5.—The British ambassador has forwarded to British consuls throughout the United States a warning that Great Britain in enforcing its naval prize rules, would not recognize transactions involving the offering of credits in neutral countries.

Washington, June 5.—A high official of the state department said positively last night that no instructions had been given Ambassador Gerard at Berlin to warn the American colony there to be ready to leave on account of possible severance of diplomatic relations between Germany and the United States.

SKIRMISHES ONLY SO FAR YET

Italians Are Confident of Their Campaign.

By Special Wire to the Courier.

Udine, Italy, June 4, via Paris, June 5.—The censorship established on the frontier prevents the names of officers in commands, the number of troops stationed on the different fronts and even the destination of reinforcements or companies to creep into news despatches. The censors, however allow news of the mobilization to be forwarded. It is now stated officially that the mobilization is complete and that all Italian soldiers occupy posts which Lieut-General Count Cadorna designated from his office in Rome.

Encounters with enemy thus far are regarded as merely outpost skirmishes, which however, are most significant since they invariably resulted in Italian successes allowing Italy to occupy advantageous positions in Austrian territory.

On both sides preparations are being made for a decisive action leading to a great battle, which, it is expected will occur within a fortnight or three weeks.

THE BEST MEDICINE

FOR LITTLE ONES.
Thousands of mothers say Baby's Own Tablets are the only medicine they would give their little ones. Among them is Mrs. Howard Hodgkins, St. Catharines, Ont., who says: "I am a user of Baby's Own Tablets and think them the best medicine in the world for little ones." Once a mother has used the Tablets she will use no other medicine because she feels the Tablets are absolutely safe and knows they never fail to banish all the simple ailments of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
