

PASSING YEARS

Look in your mirror today. Take a last look at your gray hair. Surely it may be the last if you want it so; you needn't keep your gray hair a week longer than you wish. There's no guesswork about this; it's sure every time.

To restore color to gray hair use—

Ayer's Hair Vigor

After using it for two or three weeks notice how much younger you appear, ten years younger at least.

Ayer's Hair Vigor also cures dandruff, prevents falling of the hair, makes hair grow, and is a splendid hair dressing.

It cannot help but do these things, for it's a hair-food. When the hair is well fed, it cannot help but grow.

It makes the scalp healthy and this cures the disease that causes dandruff.

\$1.00 a bottle. All druggists. "My hair was coming out badly, but Ayer's Hair Vigor stopped the falling and has made my hair very thick and much darker than before. I think there is nothing like it for the hair." CORA M. LEE, April 25, 1898. Yarrow, I. T.

Write the Doctor. If you do not obtain all the benefits you desire from the use of the Vigor, write the doctor about it. Address, Dr. J. C. Ayer, Lowell, Mass.

The Cause of Dyspeptic Pains They arise from the formation of gas owing to improper digestion. A very prompt and efficient remedy is **Pain-Killer**. It relieves the distention instantly, and by its stimulating action on the stomach, aids digestion. Nervine cures dyspeptic pains by removing the cause. Nervine is also highly recommended for cramps, colic, summer complaint and inflammation. Sold in large 25c. bottles everywhere.

Just see that poor, hungry, tramp, Willie, said his mother. Don't you wish he had half your pudding? Mamma, answered Willie, who was suffering from a sense of fullness. I wish to goodness he had it all!

What Would They Give It seems a waste of time to warn people against neglecting coughs and colds, but what would victims of consumption and pneumonia give if their disease were only its beinging, if it were only a cough or cold. Deadly lungs diseases being with colds that could certainly be cured by Dr. Chase's Syrup of Linseed and Turpentine, great prescription which not merely relieves but thoroughly cures cough and colds together.

Aunt Clara—Would you like for me to give you a nickel, Tommy? Tommy (aged 4).—Yes.

Aunt Clara (thinking to improve his manners).—Yes, if what? Tommy—Yes, if you haven't got a dime.

N. S. Sanford, son of A. S. Sanford Esq. of Burlington, is now in charge of the excellent paper, the Windsor Tribune. Mr. Sanford, though having but two days to devote to his first issue, has given a creditable number, and his editorial notes show him to be a young man of ability and enterprise. May he long reign as the high chief of the Tribune sanctuary.

Mr. Jones is working on sails for two new schooners at Port Greville, and recently completed a set for Osmond O'Brien & Co., Noel. Jones' sails have a national reputation, which accounts for his numerous orders.

A Charleston, S. C., churchyard contains the dust of many eminent men and several queer epitaphs. The tombstone of Mary Ann Layton is a bedstead that has stood the ravages of 151 years. The epitaph of Charlotte Elford who died on May 9, 1817, says that

She was
In Childhood, Obedient.
In Wedlock, Virtuous.
In Widowhood, Humble.
In Prosperity, Resigned.
In Adversity, Patient.
In Sickness, Happy.
In Death, Happy.

Another curious one is that of John Singleton, who died September 10, 1789:

Sacred and solemn
To
The memory of 1 in 4 and 4 in 1.
A husband, father, grandfather and father in law.

Good Health

Is doubtless the highest human good. It is especially so to women, to whom it means the preservation of beauty, happiness in the home, and the enjoyment of social duties. There can be no good health for any woman who suffers from womanly diseases. Her complexion fails. Her flesh loses its firmness. Her eyes are dull. She has no home happiness, no social enjoyment.

Doctor Pierce's Favorite Prescription cures the diseases which destroy the health. It establishes regularity, dries disagreeable drains, heals inflammation and ulceration, and cures female weakness. It gives good health to women, which means tranquil nerves, a good appetite and sound sleep.

"I was a great sufferer two years ago with female trouble and I would to you for a doctor. I followed your directions, and now feel like a different person. I never expected to hear from you when I wrote to you. In three days after I commenced taking your medicine I began to feel better. I took twenty dollars' worth of the 'Favorite Prescription' and 'Golden Medical Discovery.' I bought five dollars' worth at a time, and also four vials of Dr. Pierce's Pulvis. I would not take one thousand dollars for the good the medicine has done me. I can't praise it enough. I wish all who suffer with such troubles would give Dr. Pierce's medicine a fair trial. I can work all day—doing anything, walk where I please, and feel good. Many thanks to you for your kind advice."

Dr. Pierce's Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Some Won't Believe It
Many people who have suffered the acute misery of itching or bleeding piles for years in spite of medicines and operations won't believe that Dr. Chase's Ointment is an actual cure. There has never yet been a person to doubt the efficacy of this great preparation after using one box. It acts like magic in stopping the pain and itching, and is positively guaranteed to cure any case of bleeding or protruding piles. Ask your neighbors about it your dealer has it.

TERRIBLE FLOOD

Another devastating flood, attended with loss of lives and property said to equal the Johnstown horror, occurred in Virginia Saturday. An awful cloud burst and flood swept over the Elkhorn coal region, swelling rivers to raging torrents, and sweeping everything movable, to death and destruction. It is estimated 500 to 600 persons perished, while the property destroyed is beyond estimation.

Railroad ties, small buildings of all descriptions, telegraph poles, huge boulders and every imaginable movable thing that came within the sweep of this mighty torrent's maddened waters, went down the mountainous district in a seething roaring mass of debris. Dead bodies could be seen floating along the valley.

Passenger train No. 4, of the Norfolk and Western, reached Vivian about 8.30 A. M., met the flood and was unable to proceed further. The waters reached a depth that the coaches had to be abandoned, the passengers being rescued by means of ropes strung from the windows of coaches to the tops of remaining trestles over some distance away. Between Elkhorn and Vivian yard, a distance of ten miles, one hundred cars are said to be washed from the tracks and many of them were carried down the streams.

A Trip Through Hants Co.

The editor went a wheel last Thursday for a trip, visiting Windsor, Newport or Brooklyn, Scotch Village, Stanley, West Gore, St. Croix, Newport Station and other places and returning Saturday. The trip was very successful both from the standpoint of pleasure and financial profit. Following are a few notes, gathered by the way.

At Brooklyn, everything seems booming. Wm. A. Fader who a little over a year ago started in harness-making, is doing a fine trade. A. O. Parker, carriage builder and wheelwright, can put out as nice a wagon as anyone could desire and reports business good. Alexander Robertson, blacksmith, in same building, does Mr. Parker's iron work and also general blacksmithing. G. L. Gibson keeps a fine general store. He has recently added another story to his already large shop, where, I am informed, he will carry a line of dry goods. An addition is also being built on the rear of the building by Messrs Harvey and others.

Mr. McMullin's well equipped saw mill manufactures immense quantities of lumber. The new Midland railway runs directly past the mill and when the latter begins operations, will facilitate the transportation of lumber.

Owing to lack of space, I will have to leave out description of the beautiful Kennetcook river, the Newport Nursery, St. Croix woolen mills and other interesting matters, which will appear in next issue.

DOCTORS BAFFLED

BY THE CASE OF MRS. HARRISON OF ORANGEVILLE

She Was Completely Run Down—Racked With Pains in the Back, Head and Limbs—Again Rejoicing in Good Health.

From the Sun, Orangeville, Ont.

Many cases are constantly being brought to light of persons being cured by that wonderful remedy—Dr. Williams' Pink Pills—for doctors have failed to be of benefit. Among them may be noted the case of Mrs. Benjamin Harrison, a well known lady who resides in the vicinity of Orangeville, Ont. A reporter of the Sun hearing of Mrs. Harrison's wonderful cure called at her home to inquire into the facts of the case.

Mrs. Harrison said she was pleased to be able to testify to the great curative powers of these pills. She said: For some years I have been a constant sufferer. Just what to call my disease I do not know; even the doctors were unable to diagnose it. I was completely run down. I had racking pains in my head, back and limbs. I was unable to secure sound sleep, and on arising in the morning would feel as tired as if I had gone to bed. My stomach was in a bad condition and the least movement caused my heart to palpitate violently. Doctors' treatment failed me of benefit to me and I was in a very discouraged state when a friend advised me to try Dr. Williams' Pink Pills. Thinking that they might relieve me a little I produced a supply and began taking them according to directions. From the first I could see that they were helping me, and by the time I had taken half a dozen boxes I was free from the ailments that had made my life miserable. It is now several years since I took the pills and not the least sign of my old trouble has since shown itself. I would strongly urge the use of Dr. Williams' Pink Pills for any person who has a weak or run down system and I am sure they will not fail to be beneficial.

To those who are weak, easily tired, nervous, or whose blood is out of condition, Dr. Williams' Pink Pills come as a blessing, coming when all other medicines fail and restoring those who give them a fair trial to a full measure of health and strength. Sold by all dealers in medicine or sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Rev Chaplain Lane was elected president of the Methodist Conference at Lunenburg.
