Miss Jones' Voice Greatly Improved.

A starting improvement is noticeable in Miss Jones' singing. Her voice is stronger, and sounds clearer and sweeter than before using Catarrh-ozone, which is a wonderful aid to singers, speakers and ministers. Catarrh-ozone Inhaler insures absolute freedom from Colds, Coughs and Catarrh, clears the nose and throat and prevents hoarseness and huskiness. Catarrh-ozone makes the voice brilliant and enduring, and is uncommonly well recommended by Prima Donnas, members of Parliament, Lawyers, Doctors and thousands that use it daily. Better try Catarrh-ozone. Price \$1.00 trail size 25c. Druggists or N. C. Polson & Co., Kingston, Ont. Hamilton's Pills Cure Constipation.

CORRESPONDENCE

To the ADVERTISER:—

We wish to congratulate the writer "Anti," from Canning and the Editor of the ADVERTISER on the decided manner in which they spoke of the Banquet held in Canning in honor of Sir Frederick Borden on Tuesday night, week. We are glad that one citizen has the courage to make known his disapprobation and is not coward enough to fear the verdict of those about him. Moral cowardice is one of the greatest evils as well as the most prevalent of which we know. We take this opportunity of informing the public that not one but many of the town hold the same sentiments as "Anti" in regards to the Banquet. The reason we have not declared our sentiments more loudly is because we have felt the affair to be too disgraceful for utterance. The occasion was one to be remembered. And why? Because of any honor or benefit received by our town? Because of any lofty sentiments expressed at the dinner? Did the recital of the doings there inspire any worthy ambition in the hearts of the rising generation? No, our town has been further polluted,—any lofty ideas expressed at the dinner were drowned by the wine cup,—any ambitions stirred were not of the right kind,—unless,—hold,—a lady remarked in our hearing that Canning had received last week the finest temperance lecture possible, that its "object lessons" were of the most convincing kind. Possibly this may be so,—possibly many may be disgusted and take fair warning, but how about those who formed the "object lesson,"—how many who had manfully refrained from the accursed poison for months were tempted that night and fell? Ah, how many,—their own hearts can tell. And who is to pay the penalty?—The penalty of those who put the bottle to their neighbors' lips?—The answers to these questions are not given to us, but surely without any written word given to us, our good sense, our human heart might guide us in such a manner that we would not deliberately harm our fellow creature, would not help to send them to eternal punishment. Has any one a right to go this? Was not only last week a boy condemned for killing the physical part of a man's being, much less has a man the right to kill the undying part of a man? Of what are we all thinking to let this state of affairs exist about us,—and yet what can we do when man and woman, who might be powers for good, refuse to exert themselves because of selfish reasons, because of personal gain? We can be firm for the right, we can be staunch, and—we can PRAY.

Color is One of The Most Important Points in Well Made Butter.

Too many butter-makers lose sight of the fact that "color" is one of the most important and effective points in good butter. The sweetest and richest butter is but half prepared for the critical eyes of consumers, if the color be faulty or objectionable.

Wells, Richardson & Co's Improved Butter Color gives the natural golden tint to butter in the autumn and winter seasons. It is the favorite color in the Government Creameries and is used exclusively by the largest makers of butter for export and home consumption.

Wells, Richardson & Co's Improved Butter Color never fades from the butter it does not turn a brick-red shade such as other colors produce; it is pure and harmless; its keeping qualities are perfect; it is the strongest, therefore the cheapest to use. Ask your druggist or dealer for it; take no other make.

The new comet, which has been referred to in recent dispatches is now visible with a telescope after 10.30 p. m. It is known as Comet E. 1902. Conservative officials say it will become increasingly brilliant and at the end of October can be seen with the naked eye. It will disappear in November. It is calculated to be travelling three million miles a day.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Send for free sample. SCOTT & BOWNE, Chemists, Toronto, Ontario. 50c and \$1.00; all druggists.

The Hard Coal Situation is Serious

The estimated shortage in the United States, is now over 10,000,000 tons.

The coal can't be obtained, and whether they want to or not, people must, this year, try to find a substitute.

COKE

In FURNACES, BASEBURNERS and GRATES it makes a clear bright fire, very little ash, and scarcely any smoke. For FOUNDRY FURNACES it is especially suitable. Foundry men should enquire regarding it without delay. PRICE REASONABLE. Apply to us or to your local coal merchant.
