

# Gin Pills

FOR THE KIDNEYS  
How They Help

St. KATHARINE, Ont.  
Four years ago I had such pains in my back that I could not work. The pains extended to my arms, sides and shoulders. I used many kinds of medicine for over a year, none of which did me very much good. I read about Gin Pills and sent for a sample and used them, and found the pains were leaving me and that I was feeling better. So I bought one box and before I used them all, the pains were almost gone and I could keep at work. After I had taken six other boxes of Gin Pills, I felt as well and strong as I did at the age of 30. I am a farmer, now 61 years old.

## GALLANT CANADIAN TROOPS SUCCESSFUL

London, June 14.—Canadian troops, in what the British official statement describes as "a gallant and successful assault," southeast of Zillebeke, recaptured a former British position over a front of more than 1,500 yards. Notwithstanding a severe shelling, the Canadians retained the ground gained, which is being consolidated. The text of the statement reads:

"At 1.30 in the morning the Canadian troops made a gallant and successful assault southeast of Zillebeke. Their objective was our old position in that neighborhood all of which was captured on the front attacked, extending from the southern portion of Sanctuary wood to a point about 1,000 yards north of Hill 60, a total front of over 1,500 yards.

"In the course of the assault heavy losses were inflicted on the enemy and three officers and 123 men were taken prisoners.

"Our troops were subjected to a severe shelling for several hours after gaining the position but were well supported by our artillery and retain the ground gained. Heavy bombardments by the enemy have continued during the day to which our artillery replied effectively.

"Attempts of the hostile infantry to counter-attack were frustrated by our artillery fire.

"Last night our troops carried out successful raids north-east of Ypres and south of the Bois Grenier. At the latter place a party of Australian troops entered the enemy's trenches, causing him a known loss of twelve killed, and probably others, and capturing six prisoners. Two trench-mortars were destroyed. The raiding party returned safely, the only casualties being one officer and one man, both slightly wounded.

"On the remainder of the front there is nothing of importance to report.

"The enemy put 300 shells into Maricourt during the day. Our artillery bombarded hostile positions about La Boisselle.

"There was less shelling than usual around Souchez and the Loos salient."

## The Frontal Conservative Leader and The Farmers of Nova Scotia.

I PLEDGE MYSELF TO ENCOURAGE AND STIMULATE AGRICULTURE, to make more effective the object and use of the Provincial farm and college, and to promote forward educational work in agriculture. While it is not mentioned or published by supporters of the Government, the forward educational work on agricultural lines in this Province has only been made possible by the increased money grants of the Federal Government at Ottawa for agricultural progress in Nova Scotia. In 1910-11 the federal grant was \$23,617.30. In 1913-14 the Borden Government grant had risen to \$165,978.29. In every manner, I shall work in co-operation with Sir Robert Borden to promote the encouragement and greater efficiency of the agricultural work of the Province.

CHARLES E. TANNER.
