

BOOKS and STATIONERY

We have always in stock a full line of—
STAPLE and FANCY STATIONERY, BOOKS, MAGAZINES, etc.

If persons wanting Books for Holiday Gifts will make their selection or place their orders now they will avoid delay and the possibility of disappointment, besides helping to avoid the congestion which is likely to occur during the rush weeks before Christmas.

FOLLANSBEE & CO.

BISHOP OF FREDERICTON
OUT FOR UNION GOVT
Fredericton, N. B., Nov. 12.—Rev. John Richardson, Anglican Bishop of Fredericton, announces that he is in favor of the Union Government at Ottawa. He said he hoped that every earnest man would support the new administration.

Hon. W. S. Fielding, Finance Minister in the Laurier administration, was Tuesday night nominated by the Liberal Party in Queens-Shelburne N. B. Mr. Fielding promised to support the Unionist Government in all matters relating to winning the war.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing the new discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask for any pharmacy for a quarter ounce of the ointment, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so softened that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

MINIMIZE THE FIRE PERIL**By Using EDDY'S**

Chemically Self-extinguishing
"Silent 500's"

The Matches with "no after glow"

EDDY is the only Canadian maker of these matches, every stick of which has been treated with a chemical solution which positively ensures the match becoming dead wood once it has been lighted and blown out.

Look for the words "Chemically self-extinguishing" on the box.

S. of T. Meet At Grangeville

Hold 48th Quarterly Session and Report Progress

The 48th quarterly session of the Kent-Northumberland District Division was held at Grangeville Friday afternoon and evening, Nov. 9.

Three divisions were represented—Douglstown, Harcourt and Grangeville.

Douglstown—H. C. Stothart, D. W. A.

Harcourt—Rev. K. H. Stavert, D. W. A.

Grangeville—H. W. B. Smith, D. Treas. H. J. Smith, Mrs. S. E. Josiah, Gussie McArthur, Blanche McArthur, Marie MacArthur, Dorothy W. Smith, Edna Smith and Lester McArthur.

Officers appointed pro tem were:—D. Scribner—Miss D. W. Smith, D. Chaplain—H. J. Smith, D. Conductor—Miss Gussie McArthur.

Minutes of last meeting were read and approved.

The D. W. P. in his report spoke of the progress made by the Temperance Movement throughout the world. Russia and France have put a ban on the sale of intoxicants and great strides are being made by other countries. Canada is forbidding the use of grain for the manufacture of liquor.

Within our own district we are making steadily forward, and we have no reason to be discouraged.

The report of the District Scribe was as follows:

Newcastle, N. B., Nov. 9, 1917.

Officers and members Kent-Northumberland District Division, S. of T. Dear Brethren:

Since our last quarterly session was held Newcastle Division, No. 45, dormant for a year, has resumed its meetings (on Nov. 5th instant) and hopes to be able to meet regularly.

Chatham Town Council holds to its honest efforts to enforce the Scott Act.

Inspector Coates and others are doing good work in Kent Co.

In Northumberland County we expect the proclamation of Prohibition before the end of this year.

The Dominion Government's order forbidding the use of food materials for the manufacture of Commercial liquors, following the similar order in the U. S. A. but stronger, is a welcome event for the Temperance cause.

The N. B. Branch of the Dominion Alliance meets in Newcastle the first week of December, closely following that of the Grand Division. We hope all our Divisions will be well represented at each meeting.

The statistical report of the Divisions reporting for quarter ending Oct. 31st, are as follows:

Kent Co.

1917	June 30	Sept 30
West View, No. 479	65	69
M. Kee's Mills	32	34
Excelsior H. No. 469	32	33
Mundeville	26	25
Grangeville No. 440	14	14
Richibucto No. 42	155	161
Rexton	90	81
Harcourt	155	161
	243	242

1917	June 30	Sept 30
Caledonia No. 5, Douglas	37	37
Town	32	32
McKee's Mills	25	25
Richibucto	94	94
Adult	245	242
	339	336

Reported number meetings held by Divisions during quarter:

McKee's Mills—12
Mundeville—8
Loggieville—2
Yours in L. P. & F.

H. H. Stuart, D. S.

Following entertainment committee were appointed: Gertrude Josiah, Gussie McArthur, Dorothy Smith, H. C. Stothart and Lester McArthur.

An informal discussion was carried on, on ways and means of reviving Harcourt division.

It was decided to hold next session of the District Division in Harcourt on the fourth Friday in January next.

The Committee on the State of the Order found the District Scribe's report correct, and were pleased to note some changes for the better since last meeting. A loss of but three members during quarter is the midst of war conditions, was considered as not at all discouraging.

A most successful public meeting was held in the evening. Addresses were given by H. W. B. Smith, H. C. Stothart and Rev. R. H. Stavert, and a fine musical and literary programme was furnished by the members of Grangeville Division. Collection \$2.50.

ANOTHER REVOLUTION IN RUSSIA

socialist Groups Seize Power and Declare for a Democratic Peace and the Handing Over of the Land to the Peasants

The soldiers' and workmen's organizations of Petrograd, led by the Bolsheviks and Maximalist Socialists, groups, who were opposed to the moderate Socialist government of A. F. Kerensky, rose in revolt on the sixth instant and in forty-eight hours were in control of the city. Several Cabinet Ministers have been arrested and Premier Kerensky escaped southward intending to rouse whatever elements may still be loyal to his party.

As the fleet and most of the soldiers of the garrison joined the revolutionists, there was very little bloodshed in the capital. The new government dismissed the preliminary parliament and ordered the arrest of Kerensky. It declares itself in favor of peace, but will treat only with revolutionaries.

In his address, on the 7th, leader Nicolai Lenin said the revolutionists would offer a peace acceptable to all countries, publish all secret treaties, take over all land and establish the control of workmen over industry. The consequence will be the accomplishment of the "third Social Revolution."

The text of the proclamation of the Military Revolutionary Committee, issued at Petrograd, November 8th, reads as follows:

"To the men of the active army and all councils of soldiers and workmen's delegates and to the garrison and proletariat of Petrograd.

We have deposed the government of Kerensky, which rose against the revolution and the people. The change which resulted in the deposition of the provisional government was accomplished without bloodshed.

"The Petrograd council of soldiers and workmen's delegates solemnly welcome the accomplished change and proclaims the authority of the military revolutionary committee until the creation of a government by the soldiers and workmen's delegates.

"Announcing this to the army at the front, the revolutionary committee calls upon the revolutionary soldiers to watch closely the conduct of the men in command. Officers who do not join the accomplished revolution."

A man believed to be a German, was found on an army transport lying in New York harbor. It is thought he intended to disable the vessel.

TEN MILLION YEARS AGO IN CANADA

(1) Prof. Walcott, discoverer of the Fossil Beds at Field, B.C.
(2) Climbing into the undiscovered past.

PROF. CHARLES D. WALCOTT, of the Smithsonian Institute, has discovered a deposit of extremely valuable fossils of early marine life on Mount Field, overlooking Emerald Lake Chalet and the beautiful Yoho Valley in the Canadian Pacific Rockies. Far up over Burgess Pass, at an altitude of nine thousand feet, where the tourists in the fashionable summer hotels and camps can barely hear the boom of the blasts as he quarries down to the fossil bearing shale, the professor has been securing some wonderful specimens of sea life of over ten million years ago. These are of the period when life was just emerging from the jelly-fish stage into an era where a bony structure was becoming apparent. Dying, they were deposited in the mud of the ocean bottom that has since hardened into rock, and been raised to the snow-covered mountain top.
