

### Highlanders Beat C. L. B.

BY TWO GOALS TO ONE.

Notwithstanding crowds of people having gone out of town, as well as the cold weather, a goodly gathering of spectators witnessed the football match on St. George's Field, Tuesday evening between the C. L. B. and Highlanders.

The former playing with the wind, kept their opponents busy at the start to prevent them from scoring. Searle, of the "Kilties," put up a magnificent defence in the full back line. Hunt and Winter displayed excellent combination at intervals and once when within ten yards of the goal Hunt essayed a splendid shot but missed by a narrow margin. Shortly after Winter captured the ball near midfield and taking a zig-zag course passed all opponents and dropped the leather between the posts, scoring the first goal for the evening.

This enlivened the Highlanders but they could not get up field against the strong breeze of wind until lemon time came. On changing ends the "Kilties" were not long in equalizing matters through Rennie.

Continuing their attack a scrimmage occurred near the C. L. B. goal. Curchill shot which Marshall saved splendidly, but driving out the ball it rebounded off Highmore and went into the twines and the winning goal for the Highlanders was recorded. Until the finish no further scoring was done and the game ended:—

N. H. 2 goals; C. L. B. 1.  
Mr. H. Dickenson acted as referee.

### Cricketana.

The cricket match between the City and C.L.B., which was arranged by Mr. P. Myler, who acted as umpire, came off on St. George's Field yesterday afternoon. Hundreds of people attended, amongst whom were His Excellency the Governor and suite. The proceeds were devoted towards the city orphanages. The C. L. B. team went to bat first and notched up 118 runs, of which J. A. Winter contributed 28, B. Blackall 30, and Dr. Bowring 27. In the first innings the City team were disposed of for 52 runs, and the same number in the second innings. J. J. Grieve contributing 18, which was the only double figure made. The C. L. B. were therefore the victors by an innings and 14 runs.

### Appreciated.

Yesterday Councillors Martin and Channing, the West End Park Committee, ordered a number of seats to be placed at the West End Promenade extension. These are badly needed there as a resting place for people after walking Topsail and Waterford Roads, and the Councillors deserve the thanks of the public.

### Big Railway Traffic Yesterday

Tuesday evening and yesterday hundreds of people left the city for the country, and the R. N. Co. issued tickets to 1,500 people, including 400 members of the Waltonian Club, who got off at all stations from Topsail to Placentia. The regular trains and expresses which went out Tuesday and yesterday were field, and fully 1,500 persons went over the line. The first train of 15 cars, drawn by a "double header" arrived at 11 o'clock last night with 700 passengers, and all were home by 1 a.m. to-day. Not a mishap occurred to mar the pleasure of the excursionists.

League Football, St. George's Field, 7 o'clock this evening, Casuals vs. C. E. L.—June 20, 11.

### Deaths in General Hospital.

A boy named Thomas Brown, of Tilton, aged 15 years, died at the General Hospital yesterday at 11 a.m. He came here on the 3rd inst. and suffered from general debility. The body will likely be sent home for interment by train.

Mr. Jas. Byrne, who was seriously injured by falling over the stairs at his residence about three weeks ago, died at the Hospital Tuesday. The deceased, who was about 60 years old, was a trusted employee for years with the firm of Jas. Baird, Ltd., being a cutter and general all-round man on the premises. His wife predeceased him by about 8 years.

### Bruce Passengers.

The Bruce, arrived at Port aux Basques at 6.55 a.m. yesterday after a run of 7 hours, 20 minutes. Her passengers were A. and Mrs. Brunster, G. F. and Mrs. A. T. Molky, B. and Mrs. Hilton, D. and Mrs. Doherty, W. T. and Mrs. Woods, C. B. and Mrs. Hearst, Rev. F. C. Simpson, W. Simpson, S. D. McLennan, F. B. Sherman, C. and Mrs. McCarthy, J. McConnell, N. Coady, A. and Mrs. Picco, Mrs. A. Picco, N. S. Duncan, H. J. Lehr, Mrs. M. Harvey, Mrs. M. McIntyre, Miss M. Chauk and O. A. Johnson.

**LOOKING FOR BAIT.**—Capt. J. F. Lewis baited at Placentia Monday and sailed in the afternoon for the Banks. The Gertrude, Capt. Walter Kennedy, also baited there, but Capt. John Lewis did not get all the bait he wanted at Holyrood and sailed for Trinity Bay Tuesday. He landed 1,300 qts. cod.

**REGATTA MEETING.**—The next meeting of the Regatta Committee will take place on to-morrow (Friday) week at Wood's West End Restaurant. There will be no meeting to-morrow night.

### From Labrador.

The S. S. Beothic which made the first trip to Labrador this season, arrived here at 2 p.m. Tuesday.

She left here on Thursday, the 6th inst., and went up to Conception Harbor, Brigus, Bay Roberts, Harbor Grace, Carbonear, Western Bay, Trinity, Catalina, Bonavista, King's Cove and other places, and took about 350 persons, Labrador, and their help, bound to Labrador. She had a fairly good run down and reached Cut Throat on Wednesday, the 12th inst. A N. E. wind with very cold weather prevailed and when the ship arrived snow fell thick and fast, the cold, raw winds continued and dense fog prevailed with repeated showers of rain. The ship landed crews for every harbor from Battle Harbor to Holton. A jam of ice prevented the ship from getting through Cockade Tickle. No water could be seen and there were quite a number of the passengers who walked out to Fire Island on the foe. The ship then returned from Cut Throat went through Run By Guess Tickle and landed people for Horse Harbor there and at Double Islands to get to their several destinations over the ice. The winter ice which covered Run By Guess had not broken up at the time the steamer left there. The ship went to Rigollette also, and all the way south had a gale of N. E. wind and thick weather. A jam of heavy ice was on the shore and from Grady to Indian Tickle no water was visible on the outside, there being nothing but ice as far as the eye could see. Indian Tickle was filled with ice and the ship had to force her way through it. She called at all the ports from Rigollette to ship Harbor but from that south to Battle Harbor and away up through the Straits an impenetrable jam of ice pressed in on the land. She could not make any of the ports along that section of the coast and skirted along the outer edge of the ice which from Ship Harbor to Battle Harbor was 10 miles wide. She forced to whip about 2 miles of Battle Harbor but could not get there owing to the tight packed ice. There were 12 sick persons on the Bruce Water and Cartwright Bay on the ship for Battle Harbor and they had to be landed at St. Anthony and placed in Hospital there. Most of them were very ill and the majority were to undergo operations. Only 8 schooners had reached the Labrador coast up to the time the ship left here. One vessel reached Indian Harbor on the 11th, and one of Munn's schooners was at Flight Island. These vessels got down in 4 and 5 days.

The Beothic brought up the following passengers:—

Mr. and Mrs. John Gun and child, Rev. R. F. Menera, Rev. A. Kirby, T. C. Sheppard, M. A. Spence, Miss Maggie Best and Miss Lizzie Perry.

**FURNESS LINE.**—The s.s. Almerina reached Liverpool at 9 o'clock this morning.

### Cable News.

Special to Evening Telegram.

LONDON, June 18.

Lord Charles Beresford, in a letter to the press, strongly criticizes the policy of reduction of British Naval strength in the Mediterranean, and says his programme of three years ago, which involved a cost of \$340,000,000, would have prevented the present crisis. He contends that the general strategic position has now as its objective neither France nor Russia, but another Foreign Power, and that Power alone. The proposal that England's responsibility in the Mediterranean should devolve upon France he regards as a palpable admission of weakness, adding that there are two courses open, one to maintain Britain's naval supremacy, the other to give up the key of the strategic centre of the Empire and rely upon alliances which have always proved disastrous. The navy, he says, is undermanned, 20,000 short of the number necessary for efficiency.

CHICAGO, June 19.

The Roosevelt forces met their second defeat to-day in a session which had for its outstanding feature a remarkable demonstration of nearly an hour's duration. Governor Hadley, of Missouri, and all the Roosevelt delegates joined in the demonstration, while some of the Taft men lost their voices. One enthusiastic Pennsylvanian jumped on the stage and called three cheers for Hadley as the next President of the United States. Hadley led the fight on the Convention floor to oust ninety-two contested Taft delegates and seat ninety-two Roosevelt men in their places. The Convention finally refused to entertain the motion by a vote of 564 to 510. This transferred the fight to the Committee on Credentials, which was appointed just before the Convention adjourned until to-morrow afternoon.

### Congress of Babies

OF ALL NATIONS IN LONDON.

Nothing more pleasing has been seen in London for a long time than the very remarkable gathering held at the Olympia during the last three weeks in April of 100 Virol Babies of all Nations and their native nurses. This charming show was opened by Princess Alexandra of Teck, and amongst those who paid special visits to the Babies were Princess Beatrice, Princess Victoria of Battenburg, Princess Victoria of Schleswig-Holstein, Princess Christian, Princess Alexander of Teck, Prince Henry of the Netherlands, and a great many well-known Society Ladies.

The Babies represented the 40 different races by whom Virol is used. They were in charge of a staff of trained Nurses under the superintendence of a Medical man, and had been staying in London for three weeks as the guests of the Virol Company, who had specially furnished for them several large houses.

The beautiful Indian House with its noble portico, its marble terrace and wide flight of steps leading to the Courtyard in which a fountain was playing, had been specially erected for the reception of the children who were delighted with the four beautifully modelled elephants that guarded the entrance. Here the Babies of all Nationalities gathered to indulge in every kind of game. Flowers and toys were sent daily, and the Virol Company may be congratulated upon having given these little ones the time of their lives. There were Babies from China, Japan, India, Ceylon, W. Africa, S. America, the United States, West Indies, Egypt, Turkey, Greece, Austria, Germany, Russia, Poland, Malta, Norway, Sweden, Denmark, Holland, Switzerland, Hungary, the various Balkan States, &c. All of them Virol Babies, and amongst them some who owed their lives to the building-up power of Virol. Notwithstanding the different nationalities the strangeness soon wore off, and the little ones from the far East were fraternising with those from the West, Dutch with Chinese, Indian with Portuguese, whilst South America made friendly advances with West Africa. Some thousands of pounds have been expended upon the undertaking, but the Exhibit has created an impression that will not easily be forgotten by those who saw it, and will doubtless attract still further attention to the great food value of Virol.

### Thousands of Icebergs.

Capt. Parsons, of the Beothic, says that in his many years experience of going to and coming from the Labrador he never saw icebergs as numerous as on the present trip. There were thousands of them of all shapes and sizes extending from Twillingate to Cape Bonavista, and on Monday from the bridge of his ship he counted 150 which were quite near. The greatest care was necessary to guide the ship through them, and at night a bright look out had to be kept and the utmost vigilance observed to clear them. For miles and miles the sea was thickly dotted with them, and crafts could not run at night but had to harbor and anchor till daylight owing to their presence. They ranged in size from the small but dangerous "growler" to great towering floating islands of crystal.

### CONCERNING BREAD

And of Special Interest to the Millions Who Eat It.

The housewife together with every lover of good, pure bread, will welcome the announcement that: It is possible to obtain Flour from which can be made Bread possessing all the wholesome nutritive and digestive properties contained in the Best and Purest Spring Wheat. Bread made from "ARUNDELL" flour in addition to these merits has that distinctly sweet and wheaty taste obtainable only from the best spring wheat. "ARUNDELL" goes largely into competition in London and throughout the U. K. with these flours milled by special process and which have become so deservedly popular by reason of their retaining all the best properties of the pure spring wheat none of the merits of which are sacrificed to obtain the maximum of whiteness.

Try a barrel of "ARUNDELL" and be convinced of all that is claimed for it; also that by reason of its strength and absorbent qualities it is the most economical flour for family use.—may 27, 61, eod.

### Algerine Off.

The s.s. Algerine, in command of Capt. John Bartlett, by whom she was chartered for a Canadian company, left port at noon yesterday. Before the sailing of the ship much trouble was experienced getting aboard the firemen, who had imbibed too freely. The Algerine will call at Sydney on her way to Montreal, where she will take up the exploring party for the Arctic regions.

# Health in POSTUM

**There's no injurious caffeine (the drug in tea and coffee) or other harmful ingredient in this famous Table Beverage.**

Thousands of housewives are learning that not only economy of purse but better health follows the change to Postum.

Among the many common ailments caused by thoughtless habits of living are headache, listlessness, indigestion, irritability, sleeplessness, and other disagreeable symptoms of disturbed nerves, digestion and circulation, often due to tea and coffee drinking.

If interested in health and the good things that naturally go with it, why not try a package of Postum from your grocer.

For seventeen years Postum has proven a good friend to former tea and coffee drinkers who felt something was wrong, but didn't know the cause.

If this fits you—  
Think it over.

## "There's a Reason"

Made by Canadian Postum Cereal Co., Ltd., Windsor, Ontario, Can.

**AN OLD TIMER Has Had Experience.**

A woman who has used Postum since it came upon the market knows from experience the wisdom of using Postum in place of tea or coffee if one values health and a clear brain. She says:

"At the time Postum was first put on the market I was suffering from nervous dyspepsia, and my physician had repeatedly told me not to use tea or coffee. Finally I decided to take his advice and try Postum. I got a package and had it carefully prepared, finding it delicious to the taste. So I continued its use and very soon its beneficial effects convinced me of its value, for I got well of my nervousness and dyspepsia.

"My husband had been drinking coffee all his life until it had affected his nerves terribly, and I persuaded him to shift to Postum. It was easy to get him to make the change, for Postum is so delicious. It certainly worked wonders for him.

"We soon learned that Postum does not exhilarate or depress and does not stimulate, but steadily and honestly strengthens the nerves and the stomach.

"To make a long story short, our entire family continued to use Postum with satisfying results as shown in our fine condition of health."

Better health follows the use of Postum in place of tea and coffee, sometimes in a very marked manner. "There's a Reason."
