The Passing of

As a soldier taking his rest, "Our Bobs" passed away at the headquarters of Sir John French, on Saturday. He had gone to France to greet the Indian troops with whom he had passed forty active years of his long and honoured life of eighty-two years. He was truly the hero of a hundred fights, as may be seen by a newest of the brief account of his perusal of the brief account of his military career, given in "Who's military career, given in "Who's Who," in which he very early gained the Victoria Cross for distinguished Served throughout siege and capture of Delhi (wounded 14th July, horse for Delhi (wounded 14th July, 0788) and 14th July, 0788 and 14th J shot 14th Sept., 1857), actions of Buland-Shahr (horse shot), Aligarh, Agra, Kanaug (horse wounded), and

DRIVEN TO RIGHT BANK.

PARIS, To-day. An excellent impression was created here by to-day's official communi ation, announcing that German troops had been driven to the right bank of the Yser Canal, after they had firmly resisted for several days all efforts to dislodge them from the left bank. It is officially announced that the German attack in the vicinity of Ypres with powerful compact bodies of men, resulted in great casualties among them. Their ineffectual at-tempts to break the allies, resistance, according to the official announce ment, cost them thousands of casualties as well as many men made pris-

LONODN, To-day.
The Secretary of the Admiralty announces the success of operations against the Turkish forts at Sheikhaaid, Strait of Babel el Mandels, at the entrance of the Gulf of Aden, and the occupation of Turkish forts at Turba by Indian troops, assisted by the British cruiser Duke of Edin-

GERMANMS PREPARE FOR RETREAT.

The German Army staff has prepared three formidable defensive lines be used in the event of retreat, according to a high Swiss Army officer, who recently returned from Germany. The Swiss officer predicts that long pattles similar to those of Marne and Aisne will be repeated on each of those lines, unless Russia attacks strongly in the meantime.

Puts German Losses at 1,750,000 Men.

London, Nov. 7.-Hilaire, Belloc, writing to the London Daily Mail, estimates the German losses to date at

"I' know," he writes, "that this figure looks startlingly large, but the various steps by which it is arrived at are not, I think, open to criticism. It would be easy, by a little manipulation of the figures, to make out very much larger totals. I have attempted, on the contrary, to fix the

The figures, 1,750,000, includes losses by sickness, fatigue, and accidents. The strict German losses in the field -men hit or caught-he puts at more than 1.250,000.

"These losses," he writes, "have, almost up to within the last two weeks officers. This loss of nearly 1.750,000 from the North Sea to the Rhine, to fallen for the most part on the trained army, and equals the untrained mass behind it, has fallen most heav sible categories combined: more than a fifth of those who can ever make real soldiers, and of these more than a quarter of the first line.

"There," he concludes, "is the chief military feature of the struggle at the present moment. Of all the Strassburg, his starting point at the commencement of the war. The deproaching a true army, a quarter has already gone.'

have forbidden the importation of suhave forbidden the importation of sugar from neutral countries. The object of the order is to deprive the Germans of a market and to force them to pay for their war supplies in gold. The prohibition of imports will not apply to that sugar for which the Government contracted in Cuba and Java to provide against

Every other pound of sugar in sight is affected. The American refiners who a few weeks ago had to pay who a few weeks ago had to pay more for raw sugar than they can get for refined to-day are unloading as fast as possible on a declining market, and at the present rate the housewife will soon be able to buy sugar at the price which prevailed in the early summer, even if the large crops in sight do not force the price still lower. And if the Germans can get their sugar on the high seas in neutral ships the Amerianc consumer is likely to profit still more.
