

## THE REINDEER

is an inhabitant of the Arctic Region, and it is possibly the most useful of all the animals which dwell in this part of the world. Unlike the Reindeer, SUNLIGHT SOAP is to be found in all parts of the civilised world, and its great utility is vouched for by millions of contented housewives who would not be without it.

## SUNLIGHT SOAP

enjoys a well-merited reputation, it is absolutely pure, and will not harm the most delicate fabric. A piece of Sunlight Soap used in your next wash will convince you of its excellence.

## Doctor Advised Operation As Only Cure for Piles

Wife Objected to Use of Knife and Cure Was Effected by Use of Dr. Chase's Ointment.

Here is the affidavit of a well-known fruit grower, who was cured of bleeding piles some years ago by using Dr. Chase's Ointment.  
His doctor could do nothing for him and recommended a surgical operation as the only means of cure. Luckily his wife had heard about Dr. Chase's Ointment and complete cure resulted from this treatment.  
It is by the cure of extreme cases like this that Dr. Chase's Ointment has won the reputation of being about the only actual cure for piles—itching, bleeding and protruding piles.  
Mr. Samuel Parker, fruit grower, Grimsby, Ont., has made the following declaration before Mr. W. W. Kidd, Notary Public, of the same place: "I do solemnly declare that I was troubled with bleeding piles and was advised to go to the hospital to have an operation performed. My wife said, 'No, get a box of Dr. Chase's Ointment'.

## Liquid Catarrh Remedies Useless Only Relieve—Never Cure.

They go direct to the stomach, have very little effect on the linings of the nose and throat, and entirely fail to cure. Only by cleansing the air passages, by relieving the inflammation and killing the germs is cure possible. No combination of antiseptics is so successful as Catarrhoxone. In breathing it you send the richest pine balsams right to the seat of the disease. Irritating phlegm is cleared out, hoarseness, coughing and hacking are cured. For a permanent cure for Catarrh, nothing equals Catarrhoxone, get it to-day, but beware of dangerous substitutes meant to deceive you for genuine Catarrhoxone. All dealers sell Catarrhoxone, large size containing two months treatment, costs \$1.00; small size, 50c; sample size, 25c.

## ONE MAN'S MEAT.

The snow is good for the winter wheat, but it isn't good for rheumatic feet. And that is the way with all things on earth; for some they're loaded with sterling worth; to some they're bringing a freight of woe—there's rheumatism in the sparkling snow! The wind is bitter and keen and cold, and it brings delight to the plumber bold, but it brings to us the forbidding frown, for pipes are bursting all over town.

The ashes thrown on the icy walk saves many a man from a beastly shock; but the surgeon sighs, "That's the way they rob a man like me of a first rate job!" The snow is good for all kinds of soils, but my feet feel like two third-rate bolts. The young man sings as he lightly treads, the kids elude as they tool their sleds; the birds sing odes to the "mantle white," and find new charms in a wintry night; but I sit cursing my aching feet, and what I'm saying I won't repeat; the words I use have a dark green tint, the editor says they won't do to print.

The Nova Scotia "Lumber King" says: "I consider MINARD'S LINIMENT the best LINIMENT in use. I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT and it was as well as ever next day. Yours very truly, T. G. McMULLEN."

## The Bell Island Star of the Sea Association.

The Bell Island Star of the Sea Association which has been formed up here during the past year, held its first annual meeting on Sunday, January 30th, at 2.30 p.m., in St. Joseph's Hall. Notwithstanding the severe coldness of the weather an exceptionally large number attended, showing the enthusiasm that already is manifest amongst the members. Besides the appointment of officers that is usual in general organizations, two special appointments were made, that of Very Rev. J. J. McGrath, P. P., as spiritual director, and Dr. H. A. Giovannetti, J. P., as medical adviser. Mr. P. F. Power, S. M., conducted the election with much skill, being assisted by Mr. J. M. Greene as secretary and Messrs. John Eagan, R. D. Walsh, R. T. Kent and John Davis as scrutineers and tellers. Several exciting and interesting contests took place and at the conclusion the following were duly elected and elected as officers: President, Dr. H. A. Giovannetti, P. P. Billingsby; 1st Asst. Vice-President, D. J. Jackman; 2nd Asst. Vice-President, Daniel Street; Medical Adviser, H. A. Giovannetti, M. D., J. P.; Secretary, J. M. Greene; Treasurer, R. D. Walsh; Asst. Treasurer, Andrew Murphy; Chairman Building Committee, R. J. Costigan; Grand Marshal, John Connors; Deputy Grand Marshal, John J. Murphy; with the Very Rev. J. J. McGrath, P. P., as Spiritual Director. We wish the Star of the Sea much success.

## Hr. Grace Notes.

The carnival at the Rink on Wednesday night was a grand success. About 120 masqueraders and about an equal number of spectators were present. The ice was good and all heartily enjoyed the health-giving pastime.

Married, at Carbonear, on Nov. 1st, 1915, by Rev. Mr. Willey, Mr. George Pike, son of Mr. George Pike, Harbour Grace, to Maggie Gordon, daughter of Mr. Samuel Gordon, also of Harbour Grace. It is not too late to wish this young couple very much happiness.

The ladies of the W. P. A. realized \$48.05 at their 10 cent Tea held in the Town Hall, on Wednesday evening and night. The tea was well patronized.

We are sorry to report that Capt. James Parmiter fell on the ice yesterday and injured his leg. It was at first thought the limb was broken, but we hear now it is not, but badly sprained. Hope to see the genial captain out again soon.

Mr. John Ryan, mail carrier to and from the Railway Station, is now confined to his house by injuries received in falling from his sleigh. Mr. Ryan did not realize his injuries were so serious until he was visited by a doctor, who ordered him to stay in bed very quiet. All his friends will hope the injuries will not necessitate his staying so long, but that he will soon be himself again.

We are glad to see that Mr. C. Parsons is recovering from his accident while playing football at St. John's some time ago.

## BELOW THE STANDARD.

How do you feel to-day? Not quite right? Energy a little below standard—not strong enough to make much exertion? Perhaps a slight cough?

Nyala's Cod Liver Compound is what you need. Don't get frightened about those words "Cod Liver." You'd never know it from the taste.

It's a real tonic containing cod liver extract, extract of malt, wild cherry and hypophosphites—a splendid combination.

The cod liver extract builds you up—so does the extract of malt. The wild cherry soothes the bronchial tract and the hypophosphites supply phosphorus to the nervous system—just the thing it needs.

As an all round tonic, strength restorer and body-builder, you'll find nothing better than Nyala's Cod Liver Compound—so why look further? You will be pleased.

PETER O'MARA, The Druggist  
46-48 Water St. West.

## STAMPED OUT.

The serious outbreak of diphtheria at Robinson's Head, resulting in the death of Mr. and Mrs. Gilliam and two children, is stamped out, as one inmate, the only surviving member of the Gilliam family, is practically recovered. The disease was confined to one house.

## Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes.

Scott's is pleasant to take.

## The Copper Market.

Walker's Copper letter in Saturday's Boston Commercial, says: "Supplies of pot copper have been exhausted for some time past and none of the large producers are now able to quote prices on anything earlier than March deliveries. There are no longer two opinions regarding the position of the metal. All are now convinced that little short of a copper famine exists. The consumptive demands exceeds even the present large volume of production, and if the ammunition making requirements continue to grow copper must sell considerably higher."

**BIG FREIGHT OFFERING.**—The S. S. Florizel did not get away from Halifax for this port before Saturday night, owing to the large quantity of freight offering.

## Pte Gordon Yates.
