ET YOUR NAME ON THE LIST.

The necessity of a careful revision of the ominion voters' lists at this time is obvi-is on account of the probability that an ection will be held on the lists now being epared. It is not safe for any man to asme that his name will be on the Dominion at because he pays taxes, or because his ame is on the assessment roll, or upon the st that is used in Ontario and municipal ections. If a man voted at the last Doinion election on a property qualification ras a tenant, it is probable that his name f preparation by the revising officer and is clerk. When the preliminary list is presented, the man who has a right to ote can look at the list and see for simself if his right has been recognized or 10t. Income voters are so likely to be dropped out that it is a necessary pre-caution for them to fill out their papers and make the declarations to insure the inser-tion of their names. During the month of July, all income voters, wage-earners, landowners' sons, new comers, and young men who have reached the age of 21 since the last revision had better call at the Young Liberal Club rooms in the Oddfellow Hall, between the hours of 2 and 5 in the

The Great John Robinson Show To Be at London on That Day!

It is seldom that the people of this city have an opportunity of witnessing such an have an opportunity of witnessing such an interesting and instructive attraction as the John Robinson show, which will exhibit here next Wednesday afternoon and night, July 22. This is the first visit of this great show to Canada. There are many alleged or so-called manmoth shows traveling over July 22. This is the first visit of this great show to Canada. There are many alleged or so-called mammoth shows traveling over the country preying upon the credulity of the people, but of them all there is none that comes to any city with such an undeniable and profuse array of recommendations and flattering press notices as that of John Robinson. Its sixty-seven years of existence and fair dealing with the people has won for it a reputation that is unsurpassed both for reliability, quantity and quality. In presenting its claims before the critical public the Robinson show uses none but cold facts and conservative statements. It will therefore be impossible for the casual reader of the triumphs of this great attraction to imagine with any degree of thoroughness what a remarkable and entertaining show it is. It is the primary aim of all connected with this show to strictly adhere to the policy of honesty in all its dealings, and this instruction is particularly applied in the matter of advertising.

The advance agents are energetic and hard workers, and through their efforts every honorable method of making known to the people of London and the surrounding country the numerous features of the show have been adopted. It is as much better advertised than any other show as its superiority over them is acknowledged, as is attested by the leading newspapers of the country, which have columns of matter teening with complimentary notices of the show. Only two performances will be given in this city on Wednesday, July 22.

The following excerpt is from the Louisville Courier-Journal of June 2, 1891:

"John Robinson's circus is here and it has fulfilled its promises. The street parade yesterday morning drew throngs of admiring apectators to the line of march, and determined thousands who had been previously undecided to wend their way to the vast canvases to witness the performances.

"The two exhibitions given yesterday ways a though who

ously undecided to wend their way to the vast canvases to witness the performances.

"The two exhibitions given yesterday were satisfying to the many thousands who viewed them, and the vast canvass amphitheater was crowded at an early hour with an expectant multitude who enjoyed the remarkable and bewildering performances to the utmost, showing their delighted approval by vocifierous applause of every act of the talented company. The wonderful spectacle of Solomon and Queen of Sheba was the greatest of many features, and elicited the wildest of many features, and elicited the wildest enthusiasm. On all sides to-day is heard

nothing but praise of the excellent per-formances given yesterday. The show was strictly according to the bills. It began exactly on time and ran through smoothly and satisfactorily to the end, while the enjoyment was not marred by the imper-tinence of peanut venders or other noisy efforts to wring an additional dime from patrons, as has been the custom with other shows heretofore visiting Louisville."
